BY WAY OF EXPLANATION.

OUR PAST HISTORY

Created by a wise understanding of existing conditions the Chicago House Wrecking Co. has performed the most wonderful contracting operations known to history. In 1892 this company was organized for the purpose of purchasing and dismantling the World's Columbian Exposition of Chicago, at that time the largest World's Fair that had ever taken place. We purchased it outright and dismantled it "as in the twinkling of an eye." The vast quantities of building material and supplies were scattered by us over the length and breadth of this country.

Our Wrecking Operation

have at all times been confined to the dismantling of Expositions, World's Fairs and institutions of gigantic size. Our operations have included the purchase and dismantling of every leading Exposition of modern times, including as a finale the fifty million dollar St. Louis World's.

Only you who have gazed with admiration on the works of man as portrayed at St. Louis in 1904 and have marveled at the mammoth palaces constructed after years of endless toil and who have appreciated the vast amount of energy, brains and money needed to build such an Exposition—only you can realize what an enormous undertaking it must be to successfully pull down these works of art and to place the material in condition so that it can again be utilized.

HOW WE OBTAIN OUR SUPPLIES

At the close of the St. Louis World's Fair our company became the owners of the entire Exposition. We locked the gates on the night of December 1st, 1904, and entered absolutely into possession of that beautiful White City. We owned the fish in the lagoon and the very birds in the air. The fire departments and the office furniture, the buildings, the pipe in the ground, the magnificent furnishings.

All the stately statuary and even the trees. Every part and parcel of the great \$50,000,000 Louisiana Purchase Exposition was ours absolutely.

What to do with such an immensity would stagger the imagination and tax the ingenuity of any one. But our systematized business, perfected by years of careful training and previous experience placed us in possession of wisdom sufficient to properly cope with such an undertaking.

We are Preservers

in every sense of the word. Our business is to utilize each and every article. Thus millions of dollars are saved to the commerce of the world that otherwise would forever lose their usefulness. Each tiny thing in life is of use somewhere, and larger ones in proportion.

It is not our intention in this catalog to speak of the building materials and general supplies secured by us in this way. Our general catalog tells you the story more graphically than we can portray in the short space devoted to this Special Furniture Catalog.

QUALITY EVER OUR WATCHWORD

From the St. Louis World's Fair we obtained \$100,000.00 worth of Office Fixtures, Filing Cabinets, Roll Top Desks, Chairs, etc.; \$200,000.00 worth of Commissary Supplies, Beds, Bedding, Cots, Folding Chairs and the like; \$200,000.00 worth of high grade Tapestries, Rugs both Oriental and Domestic and much additional material of that character. All of this was brought to our main

warehouse and yards in Chicago and there sold to the public at large. This by way of World's Fairs.

Our Unique Business.

ORIGINALITY OF OUR METHODS

Let us now draw your attention to the real object of this Catalog. The Chicago House Wrecking Co. is the only concern in the world devoting its energy to the purchase and sale of stocks obtained from forced sales. This Company is managed by men of brains and ability. We have made a careful analytical study of the various conditions that control the commerce of this land. Foresight added to these studies directs us the way into the hearts of the public—a way so simple it is astonishing no one ever before realized it

It is a Curious World.

We live on the disasters of others. It is truly an ill wind that doesn't blow someone some good. When you deal with us the wind blows you very much good.

SHORT TALKS TO THE POINT!

Goods from Sheriffs', Receivers' and Manufacturers' Sales.

We buy our goods at Sheriffs' sales, Receivers' Sales and Manufacturers' Sales. Take the daily reports sent out by such Commercial Agencies as Duns and Bradstreets. You will see that every day in the year merchants through unwise business methods or other mercantile faults fail in business. After they have "gone to the wall" their stocks are not worth one half of their original cost.

**WE SAVE
YOU MONEY!**

Over 10,000 Business Failures During 1907!

As an example during the year 1907 over 10,000 merchants in the United States alone met with financial reverses. Their stocks aggregated millions of dollars. This Company backed with an unlimited capital and surplus is the natural receptacle for the disposition of such merchandise. We take our pick from the best of such stocks. We know that equality must be ever our watchword. Low prices and quality make a fine combination. There is no way on earth for anyone to beat it. It's bound to win. It's the direct road into public grace. A method by which we insure our future success. That will make our institution last as long as brains conduct it. We have your good at heart as well as our own. We want satisfied customers. Once you patronize us you have become our steady friend. Our buying ability has proven correct. Our ideas as to quality are ever paramount.

Wisdom Comes to Those Who Learn!

The easiest way to learn is to listen and read. We have endeavored to make our language and our words so concise and clear that you will understand fully just what our business methods and our offer mean. Read every word of this introduction. It will make you wise.

**OUR BINDING
GUARANTEE!**

We Save You Money!

It isn't everyone can make such a statement and be able to prove it. Our best demonstration is shown in the following pages. A comparison with what regular merchandising houses ask for these same goods will quickly show you the truth of our language. We confine ourselves to truth at all times. We want you to recognize us for just what we are. We require your confidence. If you buy from us and are satisfied, it will mean much added business. Every customer who buys means ten new ones. It's a continuous chain. Our binding guarantee is so broad that we dare not, even if we wanted to, deviate from real facts.

Your Money Will be Promptly Refunded!

If you buy any articles not up to your expectations, all you need to do is to tell us so in plain language and it will be our signal to promptly adjust the matter. We say to you if you buy any merchandise from us of any kind or character and you find it contrary to our description we hold ourselves in readiness to take back such merchandise and to refund to you your full purchase price. We will pay the freight on such articles both ways, so that you are at no loss at all in dealing with us. What can be fairer?

**MONEY
PROMPTLY
REFUNDED!**

Our Language is Short and to the Point!

We are not regularly in any one line of merchandise. We are neither furniture adepts nor skilled in any particular line. Our descriptions are given you just as the ordinary consumer would describe it. While the descriptions may be somewhat cold, your heart will be warmed after you receive the goods.

We Urge You to Act Promptly!

That's the best way to take advantage of our bargain offers. All goods are offered subject to prior sale. We buy the goods to-day and to-morrow we dispose of them. No waiting to get a long price for our merchandise. We have no time to waste. It's a case of action all the time. Room must be made for oncoming purchases. Don't be slow. Write us to-day and send us your selection. Give us a trial order. Bargains wait for no one.

**BARGAINS
WAIT FOR
NO ONE!**

GENERAL INFORMATION

OUR LOCATION AND HOW TO REACH US.

We extend you a cordial invitation to visit our mammoth plant. It is in truth one of the leading commercial wonders of the country. Forty acres of land just piled as high as we can get it with merchandise and stocks from sales. It is as interesting a spot as an Exposition. Whenever convenient we extend to you an invitation of the most cordial character to visit us. We want to meet you and to give you an insight into an institution different from that of any other place on Earth.

We are conveniently located on 35th St., midway between Halsted St. and Ashland Ave., on the south branch of the Chicago River, five minutes ride from the famous Union Stock Yards, twenty-five minutes from the center of the city. All 35th St. cars stop before our main entrance. Take any car from the center of the city going south. Ask for a transfer and get off at 35th St. Take 35th St. cars going west from point of transfer. Any conductor will tell you the way. Or, call us up on the telephone. Ask for "Yards 1900."

OUR SHIPPING FACILITIES.

No concern in the world has more favorable shipping facilities than we have. We are situated on the famous Belt Line of Chicago. It connects with every railroad in this country. We have tracks right into our main warehouse. We can load carloads to good advantage. If you want a carload shipment, you can purchase as much as you possibly can from us and you can fill up the car with other goods from houses in Chicago and load them in the same car. We will do every thing in our power to help you.

If you buy goods from us and the railroad company damages them in transit, we will protect you. In every case before you receipt for any goods from the railroad company, be sure the packages are intact and that everything is in good condition. Should you find it to the contrary, you insist on the agent giving you a statement in writing showing the condition of the merchandise at destination and send us such statement together with all freight papers that you have and all other facts, and we will promptly give you redress, either by sending you forward other merchandise or in such method as will best serve your interests.

In all cases when you write us concerning an order, be sure you give us the order number, the date of your order and any facts that you can that will enable us to give you quick action.

DIRECT SHIPMENTS.

Often we buy stocks from "going" factories at less than cost of making, and contract with them to hold the stock subject to our orders. We pay for the storing and insuring of the goods at their point of manufacture. This enables us to ship many articles direct from the factory right in their original crates and packages. Thus we save the cost of handling and cost of transportation to Chicago and we give you the benefit of it. Such articles as are shipped from factory are carefully noted in this book.

HOW TO ORDER.

In selecting goods from this Catalog use one of our regular order blanks, if you have it. If not, write your order on a plain sheet of paper. **Don't write anything but your order on one sheet.** If you have any additional instructions to give us, or have any inquiries to make, write us a separate letter.

First give us the catalog number of this book, which you will find on the outside cover. Tell us the pages from which you have made your selection. Give us the lot number or stock name. Also fill in the price as given you in our book. Write your name, city or postoffice, house number and street, county and state. If you have an R. F. D. or P. O. Box, be sure to give us the number. Do everything possible to enable us to fill your order without mistake. Take nothing for granted. Write us fully. Tell us by what railroad to ship your goods. Also advise us whether your station has a freight agent, for in case there is no freight agent, it will be necessary for us to prepay the charges at Chicago. Neither can we send goods C. O. D. to a prepaid point. Our regular order blank, which we cheerfully mail on application, contains spaces for correctly filling in all of the above.

MISTAKES MADE BY US.

We do everything in our power to fill all orders correctly and promptly. We employ as efficient a force of clerks as possible. We want your goods to come to you correctly. Unfortunately, it is human to err. Sometimes we go wrong. When in your dealings with us you are visited by any mistake or error or any injustice of any kind, rest assured that it is not intentional on our part. Be satisfied that we want to make it right. We cannot afford to lose a single customer. We need your patronage and good will. If a mistake occurs on your order or in our treatment to you, be patient. Study yourself. Remember you are not perfect and even you are liable to err. Tell us the facts plainly. Avoid abuse. Give us a chance to make it right and we will do it. If we don't, you will have plenty of time to launch upon us any amount of abuse you may desire.

TERMS.

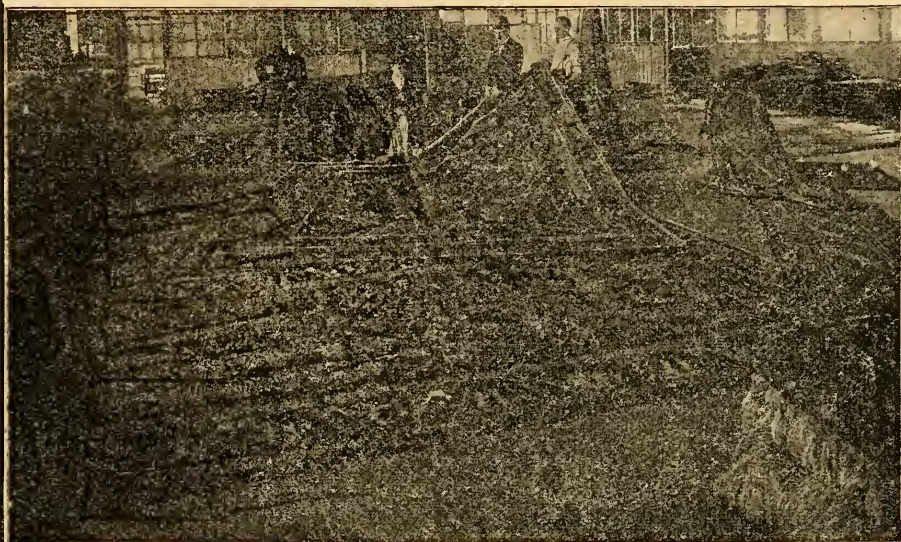

Our Terms are uniformly net spot cash. All goods are offered subject to prior sale. We require either a remittance in full or a deposit of 25% of the amount of your purchase, the balance to be paid us C. O. D. In explanation of these terms we say to you that the majority of our stock is bought by us exactly on these same terms. We buy for spot cash and we sell for spot cash. Thus we eliminate the loss sustained by credit houses and we are able to give you the benefit of the saving we effect. Every concern doing a regular merchandising business adds to its cost price a percentage for business losses. Nothing like that is needed on our prices. You are safe in sending us cash in full with order. Our Bank guarantee, our general reputation and our large capital stock and surplus amply protect you.

CHICAGO HOUSE WRECKING CO.

35TH and IRON STS. . . CHICAGO.

OUR WONDERFUL RUG OFFER.

It is with a great deal of satisfaction that we introduce to you a stock of Rugs such as we have never seen portrayed or offered by any concern in the world. Buying our goods at Sheriffs,' Receivers,' and Manufacturers' Sales means that we have an ascendancy over any possible competitor that is absolutely insurmountable. You can buy from us Rugs of the costliest weave, Oriental Rugs and also Rugs of the more moderate kind, and in every case you can effect a saving of from 20 to 75 per cent.

OUR DISPLAY ROOM IS 500 x 150 FEET THE LARGEST IN THE WORLD.

If we fail to demonstrate to your satisfaction after you buy from us that this is so, our guarantee shown in the introduction of this catalog ably protects you. Just you send the rugs back. In selecting rugs from this book we urge that you give us first, second, third or even fourth choice, so that we may be able to better serve you and promptly ship what you select. Or, better yet, in sending us your order, give us an idea as to your requirements and as far as you can leave the selection to us. Remember, that it's always our aim to please and satisfy you.

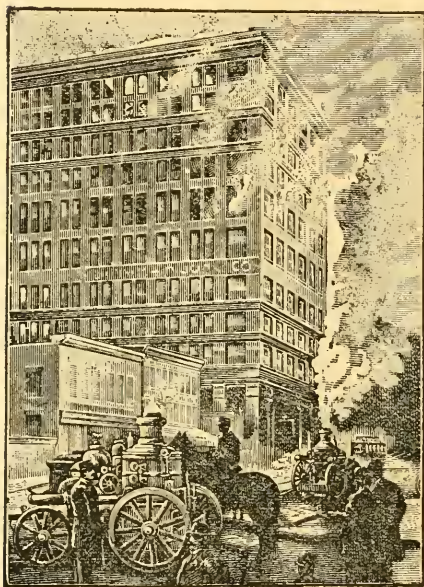

WE GUARANTEE ABSOLUTE SATISFACTION.

We want your business and how better can we advertise ourselves than to ship you such a rug as will cause you to say "I received a rug that is much better than I expected"? That's the satisfaction we crave and you can help us to accomplish it by sending us your order. A Rug is nearest to the heart of every house woman. If you will give us a chance, we are bound to win our way to your heart. Our stock of Rugs is constantly being added to, and if you fail to discover your wants in this selection, tell us what you need. We are sure we can serve you.

Oriental Rugs!

FROM

UNDERWRITERS' SALE!

Actual Scene of the Fire.

The Great Parker Building Fire of New York City Corner 4th Avenue, and Nineteenth St.

On January 10th, 1908, this immense New York building was practically destroyed by a disastrous fire. It contained the stock of the well-known rug importing house of A. & M. KARAGHEUSIAN.

\$60,000.00 worth of these rugs were secured by this Company. In this lot you will find rugs of matchless value which will be sold at about half of their regular selling price. We have rugs of every kind and description. This celebrated house of A. & M. Karagheusian is probably the best known jobbing house for the sale of high-grade, costly and rare Oriental Rugs in the Western Hemisphere. They supplied all the leading retail stores of New York, Boston, Philadelphia and Chicago.

This stock has been brought to our main headquarters at 35th and Iron Sts., Chicago. We sorted it carefully and divided it into bargain lots.

We Save You 30 to 75 Per Cent.

Our prices in every instance will mean a saving of from 30 to 75 per cent of their original worth. The fact that these Rugs were stored in the Parker Building in their original bales and had not been opened, places us in position to offer rugs which are not at all affected by either fire, smoke or water.

Special Out-of-Town Proposition.

As an accommodation to out of town customers unable to call and make a personal selection from this great stock, we can make a special proposition whereby everyone will take advantage of this wonderful sale. Carefully look over the list of rugs we have selected at random and itemized on the following pages, from which you can get a fair idea as to the range of prices, qualities, etc. Tell us exactly the kind of rug you desire, the particular shades you wish to predominate therein and all other information you can possibly think of that will in any way assist us in making a proper selection for you. We will then forward you two carefully selected rugs according to your description, viz., size, make, color, etc., for your approval, with the distinct understanding that although you pay for both rugs at time of shipment we are to refund money for one of the rug when returned. This will enable you to select from two rugs. All rugs that in any way show sign of damage, soil or wear will not be shipped to out of town customers. Those rugs are intended only for city purchasers who can see their condition before buying. Every rug shipped out of town we will guarantee to be perfect in every respect and exactly as described as to value, etc.

RUGS FROM MARINE WRECKING OPERATIONS.

We also have on hand a number of Genuine Oriental Rugs secured by us in connection with our purchase of the \$50,000,000 St. Louis World's Fair and also at various Marine Wrecking Operations. You can therefore readily appreciate that our stock is so complete and extensive there is no possibility of being compelled to disappoint you on the quality of any Oriental Rug you are in the market for.

We will be glad to correspond with you, getting your preferences as to color, quality, price, etc., before shipping any goods. In this way we can get very close to your ideas and will be able to guarantee absolute satisfaction in every case.

SEE PAGES 7 AND 8 FOR LIST OF ORIENTAL RUGS.

Oriental Rugs!

Here is Unquestionably the Chance of a Lifetime, and you who have been figuring for a long time on replacing some of those worn rugs in your home now have the opportunity to do so with beautiful Oriental Rugs of the finest and costliest qualities, rarest designs and richest colors, at astonishing low prices. There is absolutely no reason why Rugs of this kind should be slaughtered. They are as staple as sugar is to the grocer, but we are looking for advertising, and our most effective advertising consists in giving everyone bargains.

We illustrate one of many thousands of different patterns in which the genuine silky masterpieces of the orient come. The regal beauty, superb grandeur and magnificent color combinations cannot be fully appreciated without a personal inspection. Carefully read the description of this rug given below. Remember that in ordering any of these rugs you have the choice of selection from two rugs and furthermore you secure the benefit of a personal selection by an Oriental Rug expert.

SPECIAL!

We have a number of Beautiful Turkish, Persian and India Rugs, in various sizes at extremely low prices. We simply list a few Oriental Rugs in order to give you some idea what we are able to supply. When in the market for an Oriental Rug of any kind, we can guarantee a saving of from 30 to 60 per cent if you buy from us. We can show you not only the best selection and the finest pieces ever produced, but will sell to you at prices far below that of any other concern in this country. We advise that you come to Chicago and make your selection, but if it is impossible to come, correspond with us, giving your ideas as to design, color, size, etc., and we will submit quotations to you and give your inquiry intelligent attention.

Lot No. F250. The Above illustration shows a wonderful example of weaving in Persian art. It represents one of the finest Antique Royal Surouks, in the most brilliant combination of colors ever devised. Ground work consists of a beautiful shade of ivory and rose tints, changing with the different lights and showing a tinge of gold and olive hues. The pattern shows a small center, which comes in an attractive combination of rich gray, blue, tan, old gold and rose. These rich color tints are so extraordinary beautiful that it is almost as impossible to describe them as it is the wonderful oil paintings of old masters. Size of the rug illustrated is 6 feet 10 in. x 10 feet 1 in. Value, \$600.00. **\$272.00**

WE ALSO HAVE THE ABOVE PATTERN IN A NUMBER OF SMALLER RUGS, Ranging in size from 3 ft. x 5 ft. 7 inches to 2½ ft. x 5 ft. Prices, \$50.00 to \$60.00.

If interested in these rugs, we will be greatly pleased to correspond with you further regarding size color and such further description as you may require. When writing us, fully describe your wants as to size, color, quality, etc., so that we may intelligently correspond with you, and be able to submit immediate quotations to you. It entails no obligation on your part whatever to write for further information.

A LIST SELECTED AT RANDOM!

THE COSTLIEST RUGS OF RARE ORIENTAL BEAUTY WILL BE SOLD AT PRICES SO LOW AS TO BE WITHIN THE REACH OF THOSE ABLE TO MAKE ONLY MODERATE INVESTMENTS. STUDY THIS LIST AND ORDER AT ONCE, IT WILL PAY YOU.

GENUINE ORIENTAL MASTERPIECES

AT WRECKING PRICES!

Lot No. 22. 100 Beautiful Khiva Carpets. Extremely beautiful in design; come in typical colors viz., Oriental red ground, varying in tone from a deep rich oriental red to a rose shade, depending to a great extent on the wear and antiquity of the rug. Lot No. 1222. If you were to pay \$50 for an Axminster Rug you couldn't get handsomer designs or richer colorings than those included in this Lot. The cut here shown represents one of the most beautiful patterns in a high grade Axminster Rug ever displayed on the market. We secured a limited quantity of these rugs at a recent Bankrupt Sale and now offer them at a fraction of their real value. Those wishing a first-class rug for office use will find this rug a practical one, as it combines elegance and durability with exquisite color harmony and will outwear the ordinary Axminster Rug. They have an extra deep pile which is very soft and silky. The illustration will give you some idea as to the richness of the pattern, but of course as it only shows one corner of the rug you cannot fully judge the rug on its merits. If you purchase this rug and place it in your home, you will be surprised to note how beautiful and rich it appears. It will add color and tone to any room in which you place it. It is an exact reproduction of one of the highest class Oriental Rugs on the market. No floor covering known can compete in softness with an Axminster Rug of this quality; neither can as expensive a variety of beautiful color combinations be woven into a rug. This rug has been acknowledged by experts to be the prettiest design made in years. It has a shaded background of tan with

Most Sensational Rug Purchase in Years

SOMETHING OUT OF THE ORDINARY

We Offer Entire Lot of 340 Odd Brussels Rugs at Less Than Actual Manufacturing Cost

ABSOLUTELY BRAND NEW AND OF THE FINEST QUALITY

Never before have you had an opportunity to so advantageously buy a Rug like those here described. These rugs are absolutely beyond duplication elsewhere in America. A carpet mill could not afford to weave these rugs in train-load lots at the extremely low prices we quote. Our buyers bought these rugs at the bankrupt sale of a large eastern carpet concern, who went into the hands of a receiver. This concern got a contract to supply the entire carpeting of a new 340 room hotel, and had a special high grade quality Brussels carpet made especially to order and into rugs to fit the rooms of this hotel. The promoters of this hotel failed, and of course broke the contract with the carpet concern, who found that they had 340 high grade rugs made up in special sizes in addition to other expensive furnishings on their hands, with no possibility of forcing the hotel to pay for them. Consequently this matter forced them into bankruptcy, and we immediately thereafter bought these odd rugs for actually less than the cost of the raw material entering into their manufacture. We now offer you these magnificent bargains at a price that you cannot help but acknowledge is absolutely beyond comparison elsewhere. As this hotel was being built to accommodate the most fashionable eastern custom, and as the furnishings were the most luxurious obtainable, you can readily appreciate that this carpet was made up into rugs of especially high grade, finely woven Rugs, embodying elegance, superb regal beauty and unexcelled wearing qualities.

LOT No. S4892R consists of 340 magnificent Brussels Rugs, made up of the very finest grade of closely woven, exceptionally heavy Brussels carpet of the richest and most costly quality. This lot contains over 50 different kinds of the most attractive designs. We can supply almost any color and shade desired. This description will give you but a faint idea as to the superb grandeur of these rugs. To fully appreciate the wonderful value this lot represents you must see these rugs and note their superb colorings and harmonious color arrangements, which is the prettiest ever conceived and placed into a Brussels rug. No Brussels rug heretofore manufactured has ever contained such a brilliant mixture of colors or magnificent array of beautiful detached figures running through the pattern. Any of these rugs will equal your highest expectations, no matter how exacting in taste you may be. The cost to manufacture these rugs was 25% more than the remarkably low price we quote. We lack the space to illustrate all these patterns, but can assure you that these rugs are the most beautifully colored and artistically woven ever offered. As stated above, we can furnish almost any color desired, but particularly advise the following predominating colors, which will harmonize with the furnishings of the most sumptuous home:—Myrtle Green, Turquoise Blue, Maroon, Bright Red, Olive Green, Light Brown and two-toned Tan. The patterns are so numerous that it would be impossible to describe them. However, among the richest and the prettiest of the patterns included in this lot, we may particularly mention the Oriental designs which are exact reproductions of the rarest examples of high priced Oriental rugs, particular attention being paid to these rugs to bring out the color and general effect of the high priced Oriental rugs. The floral patterns come in colonial and wreath effects, and same, together with the superb scroll patterns, are perfectly matched and sized. The medallions on the floral patterns are accurately detached and contain brilliantly colored foregrounds and extra wide borders, which are interwoven in varied and attractive patterns of the brightest hues. A mixture of jet and soft ivory tints run through the rug, thus relieving the severe colors and softening the very deep outlines. We kindly ask that when ordering you give full particulars as to what color you wish to predominate in your rug, in addition to giving us the exact pattern you prefer, and we will fill your orders accurately in every detail as long as these marvelous bargains last. Never before have you been afforded an opportunity of this character. Do not hesitate. Order now before the tremendous demand for this exceptional bargain exhausts our stock.

Astonishing Rug Bargains!

At the auction sale of a large Eastern carpet mill we bought several thousand high grade rugs as described below which we now offer to you at wonderfully low prices. Scrutinize these values carefully. Never before have you had such an unusual opportunity to so advantageously purchase such extremely handsome and stylish rugs at such an unusual reduction below regular price. The colorings of this extensive assortment of fashionable rugs are so perfect, beautifully blended and so artistically arranged that it is difficult to accurately describe them. To do justice to the beauty of the superb patterns in which these rugs come it would require pages. We illustrate a few of the designs from which you can obtain a faint idea as to the magnificent markings and rich blending of the different tints. These rugs are suitable for parlor, library, dining or bed room use and will enrich the surroundings of any room in which they are placed. Very desirable for offices, etc. We urge comparison of these prices.

Reversible Smyrna Rugs 87c

LOT No. 521. As shown in illustration this is an unusually attractive pattern containing a most brilliant array of exquisite blending colors. We regret that we cannot show this rug in a colortype and thus portray the exact colors in which it comes, but you have our positive assurance that these rugs are the most

exquisitely blended and are the handsomest woven ever produced. These rugs are reversible which is a very desirable feature as it gives you the wear of two for the price of one. The particular pattern shown in engraving comes in a beautiful animal pattern which is brought out clear and distinct by a variety of remarkably handsome blended colors. We can also furnish this rug in rich floral effects and beautiful oriental designs. Floral patterns are most beautiful in appearance and are very distinct and clear cut in design and represents the height of perfection in perfect color blending. The oriental design comes in an exact imitation of high-priced oriental rugs and are cleverly reproduced so as to contain every hue and tint that is found in the genuine oriental rugs. These rugs come in predominating colors of Red Slate, Gray, Olive Green and Shaded Tan, contrasted by deep Maroon Borders and varying harmonizing shades relieved by old Rose and Ivory Tints. The rich, heavy, fringe on both ends is closely woven in a durable manner. It is impossible to do justice to the magnificence and beauty of these exceptionally handsome rugs. To fully appreciate the value you are receiving in any of the patterns you select, you must see the rug itself. The stock of these rugs is very limited and if you do not wish to be disappointed we advise you to place your order at once.

\$45.00 SEAMED AXMINISTER RUGS \$19.75

LOT No. 3449. In this illustration we show an exact reproduction of our high grade one piece seamed axminster rugs. This rug is of the very finest quality and has a silky surface so much admired in rugs and which cannot be found outside of the very expensive oriental rugs. This pattern is made with a very handsome closely woven soft high pile. It comes in one of the most beautiful color combinations ever conceived. The designs and colorings are simply superb and vastly superior to that found in the ordinary axminster rugs sold throughout the country. The illustration does not do justice to the beauty of the designs in which it comes. This particular pattern comes in an exquisite oriental effect with a beautiful light cream ground containing a mixture of shimmering silver, and with the foreground of dark maroon and turquoise blue relieved by contrasting shades of lighter toned blues. Exceptionally handsome border is composed of deep shades of red and blue with markings of jet and ivory tints. This rug is made in one piece without a seam of any kind whatever. This rug sell throughout the country at from \$40.00 to 45.00 and never less than the first named figure. Through our advantageous purchase of an enormous stock of rugs from the bankrupt mill, full described above, we are able to quote prices the equal of which have never heretofore been heard of.

tiful detached borders while others are in renaissance effects, having pretty scroll and floral figures running throughout the rug. A particular point and one in which these rugs are unexcelled is the beautiful color combinations running throughout these rugs. You can see at a glance after examination that a great deal of care was used in the weaving of these rugs and in blending the colors, for the different color in which these rugs come, are each and every one absolutely perfect from every view, of perfect color harmony, appropriate selecting of hues and shading. The designs and colorings closely imitate the high price oriental rugs. A practical feature about this rug, is that same is reversible and consequently in purchasing one of these rugs you get the service of two for the price of one. We cannot guarantee to regularly have in stock any certain color but beyond all reason of doubt you can secure any rug of the colors herein mentioned provided your order is placed promptly before the heavy orders for same flow in. Retail dealers do not hesitate to take advantage of these bargains for they can appreciate the great values they are getting. Owing to the fact that our patterns are so extensive it is impossible to illustrate all the different designs. We, however, show three very attractive rugs which will give you but a very faint idea as to the richness of them. When you have laid them in your home you will be surprised to note how pretty they show up and the pleasing contrast in color effect.

Any of These Designs Can be Furnished in the Following Color Combinations:

Dark Maroon, Red and Black background with pretty light green and white figures; Dark Green background with Orange and White as predominating colors; Dark Maroon background with deep black effects and Gold and White Figure; Dark Green background with Dark Red effects running throughout the weave; Dark Blue background with Orange and White Figure.

If you want a color different from any of these write us and perhaps we may have just what you want. Our stocks are constantly varying because of the fact that we are continually purchasing large quantities of goods from various Receivers' and Sheriffs' sales and what we have to-day might be gone to-morrow and we might have to-morrow what you can't find to-day. Never hesitate to write us freely as to what you are in the market for. We will give your inquiry prompt and personal attention. Always when desirable we would request that when ordering any of these rugs to be sure and give us first and second choice, that is, write us what color you prefer and also what other color you would want in case we were sold out of your first named choice. If however, you would want only a certain color tell us so and we will do our best to fill your order exactly or refund your money. These rugs are quoted so low that you can get a fairly good sized one at \$2.15. While if the room is unusually large a 9 x 12 size will be sufficiently large enough. You profit immensely in buying now as the difference in price of what we charge and what you would pay regularly from any dealer will save fully from 30 to 60% surely a good reason to favor us with your order. As these rugs are exceptionally sanitary, because of their being reversible and the extreme ease with which they can be cleansed they are of course more free from dust and essentially more healthful to the home. We can offer these handsome rugs in sizes and prices as follows:

BOUGHT AT AUCTION SALE 700 ALL WOOL REVERSIBLE ART RUGS

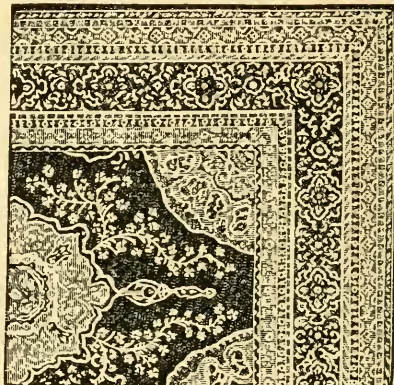

OFFERED AT ONE-THIRD ACTUAL VALUE
YOU CAN GET A FAIRLY LARGE SIZE RUG FOR \$3.40

Positively the most marvelous and extraordinary bargain ever offered in high grade art rugs. These patterns represent the cream of this year's finest mills manufacture and are certainly exceptional values. Never before have these rugs sold at such unusually low prices.

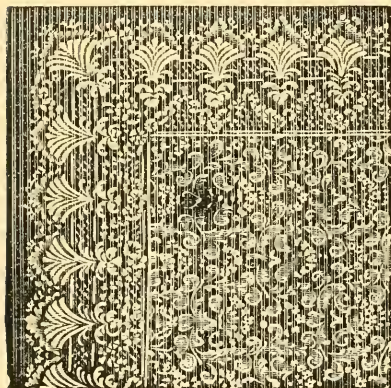

LOT No. 700. As stated above this lot comprises 706 of the most handsomely woven and beautifully colored all wool art rugs ever offered. We bought these rugs at the sale of a bankrupt department store at such a low figure that we are now offering these amazing bargains to you at a price lower than has ever heretofore been offered. Your merchant could not buy a rug of this character in carload lots from the manufacturer at the price we quote. Remember we guarantee these rugs to be 30 to 60 per cent lower in price than what you can duplicate anywhere else. The illustrations portray the patterns exactly as they are, yet it cannot fully show the clear and distinct manner in which these patterns stand out and the rich and luxurious colors running throughout the rug. These beautiful Art Rugs come in three patterns just as shown in engravings.

PATTERN No. 302 is made in a beautiful scroll wreath design and has an interwoven border measuring 16½ in. in width. It has a most beautiful background of rich emerald green with a foreground in a rich shade of oak. We can also supply this pattern in a slightly larger figure. Latter comes in olive green, relieved by deep markings of ivory tints.

PATTERN No. 305. As shown in illustration this rug comes in an unusually handsome floral effect of unique design. This rug is most attractively interwoven in a highly magnificent manner, having beautiful shades of brown relieved by ivory tints. It is reversible, a very desirable feature, as it gives you the service of two rugs for the price of one. When reversed you have a different color combination from that of opposite side,

which is a very attractive point in favor of this rug. Same pattern can also be supplied in a dark rich red background with a foreground of dark green and tan, also in a myrtle green of oak and light olive shades. This is just the thing for a parlor, bedroom or any other room requiring a rug that will stand hard usage and still retain its luster and bright colors.

PATTERN No. 306. We herewith show a most strikingly original oriental effect pattern, having an extra wide, finely designed border measuring 20 in. in width. Entire pattern consists of artistically detached figures, handsomely brought out clear and distinct. It is made in three beautiful color combinations, each of which is artistically perfect from every standpoint of view. One of these combinations comes in a rich dark brown background, the foreground of which is brought forward in a beautiful shade of old rose and gold. Tan ground is interwoven with a mixture of red and an extremely elaborate combination of various hues, all of which make this rug an exceptionally attractive and handsome work of art. Can also be had in a rich combination of two-toned dark maroon, contrasted by black and brought forward clear and distinct by a shading of myrtle green. If preferred, can also give same pattern in background of brown and tan interwoven, contrasted by various harmonizing shades. In buying these rugs you get the greatest equivalent for your money ever offered. We give below a full list of sizes in stock at present, but we advise all who want to take advantage of these remarkable bargains not to delay.

Order now or you will run the risk of being disappointed. We anticipate a tremendously heavy sale. Never before have you been afforded such an opportunity as this to buy a Genuine All Wool Reversible Art Rug at a price that assures a positive saving of 50 to 60 per cent. We must insist that you give us first, second and third choice. That is, to be more explicit, that you mention when ordering what pattern and color you want and also what second choice will be in the event of first named choice being sold out before your order is received. Unless the immediate demand exceeds our stock we will in all probability be able to fill all orders for any special color for a limited time. We, however, advise that you do not delay. Quick action is what will count.

Lot No. 4087. The Accompanying Illustration Will Give You a Faint Impression as to the Rich Manner in Which This High Grade 9 Wire Tapestry Brussels Rug is Made. We especially call your attention to the fact that it is made with but one seam in the center. It is an all wool, closely woven rug, and is exceptionally durable, brightly colored and the greatest value in a rug of its kind offered in years. We have a large quantity of these rugs on hand, and while they last can supply them in 4 different designs. Design shown in cut we consider one of the best rugs of its make ever woven. It comes in a beautiful two-tone green, surrounded by an interwoven border of soft coloring with beautiful wreaths of pink. Part of lot are made in a beautifully covered Orientale effect, having a rich Olive Green ground with a very desirable detached pattern in red, green, tan and blue. We have a few of these rugs in the design as shown in cut in red ground, and a few in a dark maroon shade. We urge all who appreciate a good value in a floor covering to

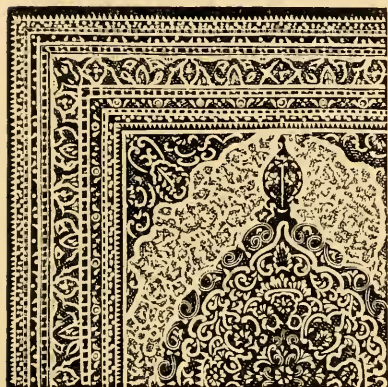

No. 3940

Lot No. 11. This Extra Heavy Quality Brussels Rug is Made of 9 Wire All Wool Brussels. It has a very heavy weave and a soft luxurious pile. It comes in an exact reproduction of a very fine Oriental Rug with the beautiful Oriental background and a Medallion in a rich dark shade of green and tan surrounded by a beautiful 18 inch border. Border sets in a red and green ground with a scroll design running throughout, in two shades of tan. Accompanying cut shows a scroll pattern of which we have a limited number in stock. We however, advise that you purchase this rug in an Oriental pattern as it is much richer and better designed and we know will please you much better than the floral or scroll pattern. It is an excellent rug, suitable for parlors and living rooms. We can freely recommend it as one of the greatest values that has ever been offered in this line.

A MERCANTILE SCOOP THAT BORDERS ON THE MARVELOUS

**\$48,000.00 BANKRUPT MILL STOCK OFFERED AT HALF
MANUFACTURING COST**

No. K7026

It Is Seldom That an Opportunity to Purchase Such Extremely Handsome, Genuine, Royal Wilton Rugs As Are Included In This Lot Is Presented to you. You will find it to be to your interest to carefully note the wonderful bargains here represented and order just such sizes as fill your requirements. Never in the history of rug manufacture have Genuine, Royal Wilton Rugs sold at such tremendous reduction below wholesale cost. These unusually low prices are only made possible by our gigantic purchase of the entire Royal Wilton stock of one of the mammoth eastern bankrupt mills. They were forced to sell the stock for next to nothing in order that the receiver could wind up the affairs of this mill. As you can appreciate, this is an unprecedented opportunity to get the very finest and costliest royal Wilton rugs at a price that positively does not represent one-third the real value of these exceptionally handsome, silky surface, finely woven rugs.

GENUINE ROYAL WILTON RUGS \$3.00

LOT No. K 7026. It is utterly impossible to give you an idea as to the magnificent colorings

and the beautiful silky surface of these Genuine Royal Wilton Rugs in the accompanying illustration, as the engravings can only give you an idea as to the appearance of a corner of this rug. We, however, wish to state that you can order these rugs with the positive assurance that you are receiving the most marvelous and extraordinary bargains ever offered. As shown in cut this pattern is an exact reproduction of one of the rarest examples of the original art. It comes in an extensive variety of exquisite color combinations of the richest hues imaginable. One of the exquisite color combinations consists of a background of old rose with a foreground brought out clear and distinct in beautiful shades of turquoise blue, olive green and ivory tints. Another combination comes in a dark green background with a rich contrasting shade of green running around the border, which is beautifully tinted with ivory and old rose hues. The block Egyptian figures running throughout the design come in rich shades of oriental red and light tan with deep markings jet black. This same pattern can also be had in a light tan ground with a wide Egyptian figured border containing a mixture of brilliant tints of tan, green and turquoise blue.

Because of Our Limited Space We Are Unable to Dwell at Length Upon the Beauty and Regal Splendor of This Magnificent Rug. Nor Are We Able to Fully Describe the Many Color Combinations in Which This Very Desirable Rug Comes. To Do Justice to the pattern it would require pages of description in addition to dozens of illustrations. Even then you could not get a clear conception as to the superb appearance of this extraordinary value. If your requirements run to a certain color combination, kindly state fully and plainly just what colors you desire rug to come in and also what patterns you are the most desirous of securing, and we will see that your order is filled so as to meet with your most critical taste.

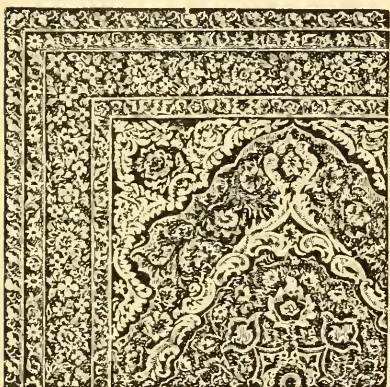

We also would mention that some of these patterns come with a medallion center, scroll effects, while others are in a solid interwoven harmonious color combination, in addition to which we have a few with a Persian border and exquisitely colored center. If you want a rug in one of these patterns do not neglect to give instructions to that effect, and we will see that your orders are filled correctly and in an entirely satisfactory manner.

GENUINE \$60.00 ROYAL WILTON RUG \$27.35

Lot No. K1066. This Extra Heavy Quality, Closely Woven, silky surface, high pile, genuine Royal Wilton Rug, one corner of which is shown in the accompanying illustration, is positively the most marvelous and extraordinary bargain ever offered in a high grade Royal Wilton Rug. This rug sells throughout the country at \$65.00 and is certainly the most magnificently colored and prettiest blended rug ever produced. No matter how high a price you pay for a Wilton Rug, you can get nothing finer or handsomer than the one here shown. Not only is the quality the very best, but the designs and the colors in which this grade of rug comes are of the highest type and represent the acme of perfection in the weaver's art. It would take pages to fully describe the superb beauty of this exceptionally handsome rug.

We regret that limited space prevents our illustrating the entire rug, as this would give you a much better idea as to the regal splendor of it. It is impossible to do justice to this rug by the brief description we here give. However, if you will make allowance for the fact that it will show up 100 per cent better when placed in your home than what you can determine by the engravings, you will have a fair idea as to how handsomely this article will adorn your home. It is an exact reproduction in every detail of a high priced oriental rug and contains all of the brilliant colors and shaded tints for which the original is famous.

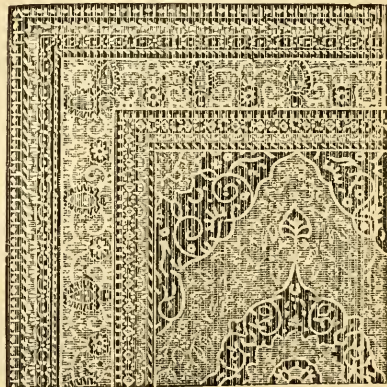

The soft, rich colorings in which this rug comes are unquestionably the handsomest ever placed into a rug. The ground work is of a delicate shade of ivory intermingled with beautiful tints of turquoise blue, old rose and Roman gold effects. This rug can also be had in four different combinations ranging from the dark oriental effects to the very delicate designs described above. The blending of colors in this rug is absolutely perfect. The Egyptian designs with which this rug luxuriously abounds are artistically arranged so as to show up attractively, and at the very best advantage. Should you have any particular taste as to color, be sure and give us full information as to shades you would prefer to predominate in your rug and we will fill your order accurately.

ROYAL WILTON RUGS \$3.50

Lot No. 76:2. As shown in Cut, this Genuine Royal Wilton Rug is made in exquisite oriental design. It comes in a beautiful delicate shade of old rose as a background, which is harmoniously set off by a light green, ivory tinted medallion center. Along the outer edges of the medallion is a handsome ground of beautiful shades of light green harmonizing perfectly with the old rose hues and ivory tints in the center. Rug has an extremely wide oriental border measuring 30" in width, which contains the most brilliant array of all the desirable shades of turquoise blue, old rose, olive green, tan and ivory possible to bring into a rug. This rug is especially adapted for fine parlors or other rooms where a good wearing rug of delicate colors is desired. We find that we have five of these rugs in a beautiful Smyrna effect, which come in all the same colors as above described. If you want a certain mixture of colors to predominate in your rug, be sure when ordering to give the full particulars and we will be glad to see that your order is filled correctly to the most minute detail.

Our Immense CARPET DEPARTMENT

Contains the Finest and Costliest Assortment of High Grade, Brand New Floor Coverings Ever Placed on Display.

No wholesale or jobbing house carries a larger stock or a better assortment than we do. We seem to have been particularly fortunate in our ability to pick up snaps in the carpet line. The great difficulty with us is to list our Carpets. Our stock changes so rapidly that it takes the work of a magician to keep you properly posted. It is a tough occupation and we fill the position as best we can.

Why We Can't List Our Entire Stock

We haven't as many pages devoted to Carpets as we would like to. It doesn't mean that our stock is small, but it means that we have any number of rolls of Carpets that are not sufficient in quantity to warrant us in listing them. Remember that we can furnish you any kind of carpet very nearly that you may desire and that we can furnish it at a price that will mean an enormous saving every time. If you possibly can, make your selection from the stock that we have listed in this book, but if you cannot find what you need, just send us on your order and give us a leeway as to your requirements. Tell us what you need and we will use our utmost care in selecting same.

About Carpet Samples

We prefer not to send you samples. By the time samples reach you, the stock may probably be sold. Best pick it out from this book, or follow out the suggestion made above. You can buy with absolute confidence. Our protection to you is complete. You are as safe as though you were right here in our own display rooms.

Expert Selection of Goods

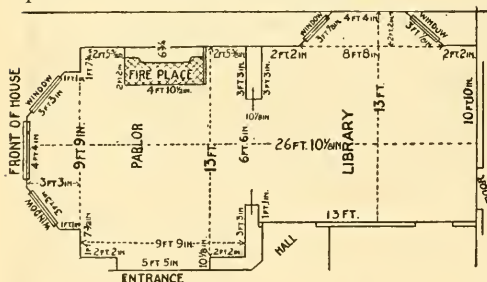

We employ experts in the Carpet and Rug line and you can surely take us into your confidence as to what you need. We can supply you Carpets from the very cheapest to the very best manufactured, and always at bargain prices.

SIMPLE INSTRUCTIONS

TO CARPET BUYERS

In Ordering Carpets

matched and sewed, be sure and get the actual size of room or rooms for which it is intended. In case it is an odd size, having a bay window, fire-place, grille work, etc., don't neglect to send a plainly marked diagram with exact measurements thereon. Also state where entrance of front room is, so that we can intelligently fit your carpet according to your specifications. In order to show you how simple it is to make a diagram, we illustrate below one which a customer sent us some time ago; sketch shows parlor and library. We advise all customers ordering carpet from us to send a diagram plainly marked with all measurements. It will not only avoid any possibility of mistake occurring, but will enable us to turn out a faultless piece of workmanship in quick time.

Our Prices for Sewing and Matching

are according to kind of carpet you order. As we are not a regular mail order concern, we have no department for sewing and matching carpets, but turn all such work over to a regular concern who does nothing but this class of work. The concern we turn this work over to has expensive machinery, thoroughly experienced, competent and skilled workmen, who have been doing this class of work all their lives and are thoroughly familiar with every detail of it. As they are specialists, they are able to turn out superior work, much better than that of any concern having a similar department of their own. We charge 3 cents per yard for sewing and matching Ingrain, Brussels or Velvet Carpet to fit any size room. At 8 cents per yard, we will cut and sew any Velvet, Axminster or Brussels Carpet where there is a border to match. Regular concerns charge 40 cents per yard for the latter class of work. We charge you only the actual cost of having this work done. We make no profit on the transaction whatever.

Wastage in Matching Carpets.

Whenever you order a carpet from us that you wish matched and sewed, you must make allowance for wastage in matching the patterns, etc. We ask to allow about $1\frac{1}{2}$ yards wastage on each 25 yards of carpet ordered. Should the wastage be less we will refund you the difference as soon as made up.

Suppose you order a carpet from us for a room that covers 25 yards, you should pay for $26\frac{1}{2}$ yards. Of course, on quantities less than 25 yards, the allowance of wastage would be proportionally less. If the pattern of the carpet you ordered is such that we can make it up in the size you designate, according to your diagram without any wastage, we will gladly refund you the difference. Whenever requested we gladly send the wastage in matching, with the carpet, so that we can verify our figures. The pieces that we send are frequently used as mats, coverings, etc.

Remember, Brussels, Axminsters, Velvets and Wilton Carpets measure 27 inches in width. Borders to match are 22½ inches wide. All Ingrain Carpets are 36 inches wide.

Remember, we guarantee absolute satisfaction. You run no risk whatsoever. Order any pattern or quality of carpet from us with the distinct understanding that it is the greatest value ever offered at the price. We sell millions of dollars worth of merchandise out of town yearly and cannot afford to give our customers anything but the very best bargains. You are always assured of honorable treatment when buying from us. Every description in this catalogue represents cold facts.

When Ordering Carpets

don't neglect to give us all possible information that you can, for quite frequently small details, perhaps unimportant from your view point will enable us to give your order better attention and satisfaction.

If you don't see exactly what you want either in carpet or other articles illustrated and described in this catalogue, don't hesitate to write us, stating your requirements. We might have just what you need in stock.

Write for *our* Bargain circulars. They're mailed fully on request as issued from time to time. We are continually purchasing bankrupt stocks of all items, and the wise buyer will find it advantageous to keep posted on the bargains we are offering.

Keep in view the fact that all Furniture, Carpets and Rugs listed in this catalogue are absolutely brand new and of perfect manufacture. We don't list an item that is in any way soiled or imperfect.

A PRACTICAL TABLE OF ROOM SIZES STATING THE NUMBER OF YARDS OF CARPET REQUIRED TO FIT ANY ORDINARY SIZED ROOM.

In case the exact size of your room does not appear in this list, simply allow enough money to pay for the next larger size. We will refund the difference. Give us the exact size of your room and we will cut, match and sew the carpet according to your instructions.

In case there is less wastage than what there is figured on, we will gladly refund you the difference. Don't neglect to allow $1\frac{1}{4}$ yards of wastage for each 25 yards ordered. In studying the figures below please take into consideration the fact that Ingrain carpet is 36 inches wide. Brussels, Velvet and Wilton carpet is 27 inches wide. Table below tells amount of carpet required with and without border. All borders measure $22\frac{1}{2}$ inches in width.

DON'T NEGLECT to verify the figures on your diagram before sending same to us. In case your room requires more than an equal number of strips, less than 13 inches in width, you should allow for half width of carpet. If more than 13 inches is needed, allow for full width of carpet, or 27 inches.

HOW TO FIGURE AMOUNT OF CARPET AND BORDER REQUIRED TO FIT ANY SIZE ROOM. Suppose for instance you wished a carpet made up with border to match for a room 10 ft. 6 in., in width and 10 ft. 6 in., in length, (see diagram), measure the distance around the room in yards, which will give you the exact number of yards of border required. Accordingly, you would need four times 10 ft. 6 in., or 42 ft. (14 yds.), of border. To ascertain the number of yards of carpet required, deduct the width of two strips of border, which is 45 inches from 10 ft. 6 in., leaving 6 ft. 9 in. or 81 inches in all, divide by 27, which is the width in inches of one strip of carpet, which gives the number of strips required. In order to ascertain the length of strips, simply deduct the width of two strips of border, 45 inches in all, from length of room, which gives the length of strips or 6 ft. 9 in. as it requires 3 strips of carpet. Multiply the 3 strips by 6 ft. 9 in., which would be 20 ft. 3 inches or 6 $\frac{3}{4}$ yards.

IT'S VERY SIMPLE TO FIGURE OUT AMOUNT OF CARPET WITH BORDER REQUIRED TO FIT ANY SIZE ROOM. In order to show how we figure out yardage on diagram illustrated herewith, we give you an example of how to figure.

Great New York Auction Purchase!

\$150,000 worth of the Finest and Costliest Standard Quality Rugs and Carpets Offered by us at a Big Reduction below Regular Selling Prices.

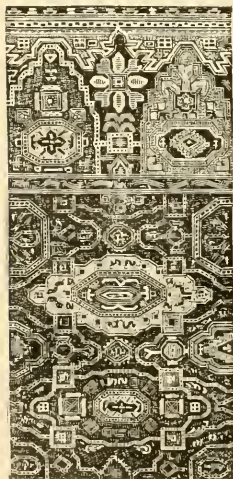

30 to 50 per cent saved by purchasing from these Special Lots!

The Auction Sale we refer to occurred during the month of May 1908 and was attended by the leading buyers of New York, Chicago, Boston and Philadelphia. Our force of brainy buyers attended the sale backed by sufficient cash to secure a very liberal share of this stock. These Rugs were thrown on the market by the financial occurrences of the past eight months. All during 1907 the rug mills of this country enjoyed an era of prosperity unparalleled in history. The sudden flurry of last fall found this leading house with over \$10,000,000.00 worth of this product on hand and **nothing doing. The rugs had to be sold.** They could not hold the stock forever and they resorted to an auction sale. and that's why we are in position to give you the benefit of **wholesale Panic prices.**

The rugs and carpets listed on this and on the following pages were secured at the leading clearing auction sale of the largest rug dealer in this country. We have agreed not to mention the name of this concern. If we could we are sure you would instantaneously recognize that there is nothing better in the rug or carpet line produced. The ethics of high grade policy does not permit of our divulging the names of the makers of these rugs as to do so would compromise thousands of dealers who purchase from them. The regular prices of these rugs and what we ask is so great in difference that we dare not take advantage of retail dealers by advertising the rug manufacturers' names. **We let the prices speak for themselves.**

Examine These Values Carefully

This Stock includes the finest and costliest patterns ever produced. We are not a general mail order concern, although we sell Bankrupt Stocks of all kinds through the mail, therefore we do not have any department for sewing these carpets, but inasmuch as many of our customers want the carpets they purchase from us matched and sewed, we have made special arrangements with a concern that does this work exclusively, whereby they will take care of all the sewing and matching of such carpets as our customers wish made up. We will have these carpets matched and sewn as an accommodation for our customers and charge just what the work costs us, viz: 3 cents per yard. If you wish your carpets sewn be sure to send 3 cents a yard extra to cover the cost of sewing and also be sure and make an allowance of 1½ yards waste in matching. If the waste does not amount to this figure, we will reimburse you for the difference just as soon as the carpet is cut. If you follow our directions you will have no difficulty whatever in taking the measurements of the room for which you desire the carpet you order from us matched and sewed, but if you are not certain in regard to the size, write us and we will give you any information on any point you wish. Take the exact measurements of your room, giving length and width in feet and inches. If the room is irregular in shape, has bay window, fireplace or alcove, be sure and make a drawing on a sheet of paper showing exact diagram and various dimensions and we will have carpet matched and sewed correctly.

Note that the Prices That We Quote Are Below Actual Wholesale

We here show a most wonderful bargain in a high grade, exceptionally servicable, exquisitely designed, harmoniously blended and extra heavy linoleum, which, at the great reduction below regular price at which we quote it, is positively and beyond the question of a doubt the most astonishing value ever offered. For durability, richness of color blending, and artistic pattern effect, it is unexcelled. It will not only give excellent service as a floor covering, but will also make the room wherein it is placed attractive and sanitary. There is no better floor covering for kitchen or dining room known. It makes a room warm in winter and is very cool in summer. As you can therefore understand it is a much better floor covering than carpet, oil-cloth, etc. It is easily cleaned and as it

has a bright glossy surface, which is impervious to water, etc., it can be polished to a high lustre. It comes in a very handsome set figure effect, consisting of a variety of highly desirable designs, worked out in clusters in the prettiest colorings imaginable. The ground is a light green, relieved by varying shades of darker green, which, as you can appreciate, makes the pattern show up to its best advantage. The clusters contain a dark brown center which is brought out clear and distinct by a profusely adorned border, consisting of dark maroon figures, interlaced with exquisite ivory tints. The pattern is absolutely perfect in every respect, and the colors are blended so as to show this linoleum up to its very best advantage. We particularly wish to impress all owners of hotels, stores, halls, barber shops, saloons, etc., with the fact that this linoleum makes one of the most durable floor coverings known. It has all the wear-resisting qualities for which this grade is universally recognized, and you can purchase this linoleum with the positive assurance that you are receiving a most wonderful bargain. AS THERE WILL BE A HEAVY DEMAND FOR THIS PATTERN WE ADVISE ALL WHO WISH TO PURCHASE IN LARGE QUANTITIES TO PLACE THEIR ORDER EARLY, BEFORE OUR IMMENSE STOCK IS EXHAUSTED. - COMES TWO YARDS WIDE. a bargain that we have catalogued it with our other remarkable values, so as to give our country patrons the same advantage as our city customers. Do not fail to carefully scrutinize the pattern and take special cognizance of the low price we quote. If you hesitate in placing your order for the reason that you prefer to see the quality of the goods, we ask you as a favor to write us for a free sample, which we will gladly send by return mail. Those who contemplate the purchase of large quantities of linoleum will at once recognize the extra heavy weight and beautiful pattern; its brightness and clearness, as essential points of advantage in the purchase of linoleum. All these points are embodied in this pattern. Comes in two yard widths. Price, per square yard.....

ELEGANT AND ATTRACTIVE

THIS IS A STRIKINGLY ORIGINAL PATTERN AND COMES IN A BLENDING OF THE RICHEST COLORS IMAGINED.

LOT No. 4182. It is utterly impossible to fully describe the merits of this high grade, extra heavy weight, brilliantly finished linoleum. It would require pages to do justice to it. The illustration merely gives you an idea as to outline. You must rely upon description for the colors in which it comes. We would say that all customers who prefer to see the quality of this linoleum before purchasing, if they will write us asking for free sample, giving this lot number, we will be glad to send same by return mail. For durability, brilliancy of finish, and matchless beauty, this linoleum is unsurpassed. It is particularly adapted for use in any place requiring a floor covering that will be subjected to hard usage. It is made of the finest materials, and is extremely elastic, healthful, sanitary, and very attractive in appearance. It shows up bright and clean, is odorless and practically indestructible. This pattern comes in a background of very desirable brown, relieved by blocked figures containing very beautiful cluster effects worked out in alternate shades of maroon, white and brown all of which is relieved by

A COLOSSAL LINOLEUM PURCHASE

TAKE SPECIAL COGNIZANCE OF THIS OPPORTUNITY. WE BOUGHT THE ENTIRE STOCK OF A BANKRUPT IMPORTING CONCERN

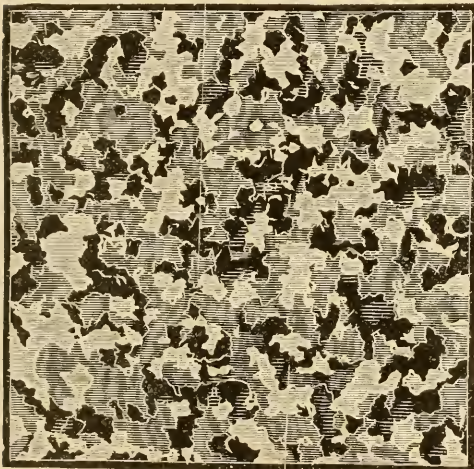

It certainly was an event in the commercial world when the Chicago House Wrecking Co. purchased outright the entire stock of one of the largest linoleum importing concerns in the country situated in New York City.

When this concern went into bankruptcy they had on hand several thousand yards of the very finest and costliest grades of linoleum. As the creditors were forcing their demand, the main object of the receiver was to secure all the ready cash he could at once without delaying to get the higher prices they could easily secure by waiting until regular season when they could dispose of the stock directly wholesale at two or three times higher than at which we are now quoting it to you.

We moved the entire stock to our Chicago warehouse where we are now shipping large quantities of it throughout the country to our customers who prematurely heard of this purchase and wrote us to rush quantities of it to them.

The illustrations show the patterns exactly as they are, and the description fully describes the colors and other points of excellence about this unsurpassed floor covering. In addition you have our positive assurance that it is the greatest bargain ever offered; furthermore our guarantee of absolute satisfaction. The low prices quoted below are only made possible by our purchase of this bankrupt importing concern.

Carefully read the description below and closely examine the engraving and note the distinctiveness and clear cut manner in which the brilliant shades show up. This you can determine by noting the contrasting shades in cut.

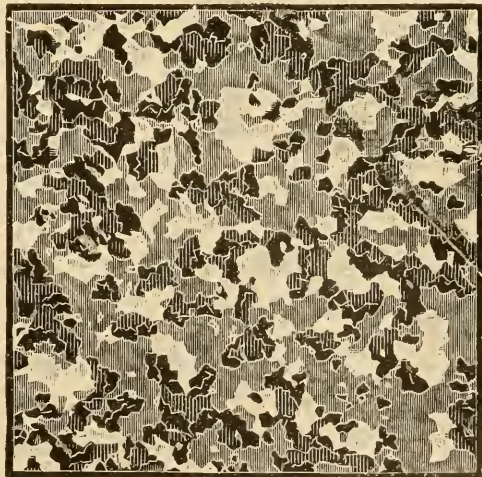

No. 544

mention whether you desire the predominating colors to be maroon, dark red, green or stone color. Comes two yards wide. Price, per square yard..... **.70**

LOT No. 545. We particularly call the attention of all our customers to this especially high-grade wear-resisting genuine German full inlaid linoleum. The colors are artistically and perfectly blended, so as to show up to the best possible advantage. We urge all our customers who contemplate the purchase of linoleum and who want to secure the best grade and the most costly linoleum obtainable to write us for a sample which we will be glad to send by return mail. It is extra heavy and practically indestructible. You can subject it to the very hardest usage without any visible effect whatever on it. The wear-resisting quality is such a prominent feature that this linoleum will wear clear through to the floor without losing any of its beauty or dulling its lustre in the least. As you will note, it comes in stucco pattern, which is a very popular design, and this, along with mosaic and other exclusive patterns. This pattern is a perfect imitation of genuine stucco tile floor work. It comes in dark maroon, back ground with beautiful jewel studded effects in black, green and ivory tints, which show up very clear and distinct, and has jet markings running throughout the pattern. It comes also in stone color, which is a very popular shade. Also have a limited quantity in green colored pattern. These colors are merely the predominating shades. Each pattern has contrasted shades of various hues, all of which harmonize perfectly and show up to the best possible advantage. Should you have any difficulty in figuring out the yardage for your room, be sure and write, giving diagram and dimensions and we will figure the correct yardage for you. Comes two yards wide. Price, per square yard..... **.70**

LOT No. 544. As shown in accompanying illustration this linoleum is positively the prettiest and most carefully blended pattern of genuine German full inlaid linoleum that is manufactured. It is one of the costliest grades and is the most stylish in design that it is possible to produce. It comes in a jewel studded effect, and as it resembles very closely the parquet and mosaic work found in costly mansions, it is, as you will appreciate, a design that will fill the requirements of the most exacting taste. It can be furnished in a variety of colorings with red as the predominating color and contrasted by beautiful tints of ivory and a profusion of stone and myrtle green shades running throughout the figure. Heavy jet black markings are interspersed, so as to show up the different markings clearly and distinctly. Every detail is absolutely perfect from every point of view, and this linoleum is an article that can be depended upon to give long service and be just as bright and durable ten years from now as at the time you purchase it. For hard wear it cannot be surpassed, and were you to purchase this linoleum elsewhere you unquestionably would pay double our price. As far as usage is concerned, that it will wear through to the floor without losing any of its beauty of lustre. Opportunities to purchase this linoleum at the extremely low figure we quote is seldom presented to you. Write us for a sample which we will be glad to send by return mail. In ordering, be sure to

SPEAKING OF HIGH GRADE FURNITURE!

We Can

Furnish Complete Your

Home Hotel Club or Lodge Rooms.

Visit Our
**MAMMOTH DISPLAY
ROOMS IN CHICAGO.**

Our Furniture Display Room is the largest in the world. A space 500 ft. by 150 ft. devoted to a display such as can be found nowhere else in the world. We carry as high a grade of Furniture as the best Furniture House in the country—none excepted—It is no idle boast.

Our Goods are Built for City Trade. Nothing of the trashy nature about it. The ordinary house that sells you goods by mail keeps a stock for just that purpose, known as "Mail Order Furniture". It's the kind that makes a bold display, but lacks quality. Our stock on the contrary is built for the homes of city people as well as for those in the country. It makes no difference how "classy" your wants, or how limited your buying ability or how great your income, we can supply you and we can do so at a **saving of from 30 to 75 per cent.** We confine ourselves absolutely to the sale of furniture of class and merit and every piece that we sell is guaranteed so that you get a **combination of quality and low prices.** If we did not sell the very highest grades of furniture at exceedingly low prices, our enormous business in Chicago would surely not be in existence.

We are situated thirty minutes from the center of the city and yet any day in the week you will see lined before our head-quarters carriages and automobiles and people of the better class calling on us for the purpose of purchasing their wants in the furniture and kindred lines. We give you an opportunity to duplicate by mail what they can do in person.

We guarantee you positively that the same goods offered in our catalog are displayed upon our city sales floors. We guarantee also that the prices we ask you are in every instance just as low as we sell at in Chicago. And so we bring to your very door a city buying capacity. It is not a mail order offer. It's a regular city department store that carries in stock the highest grade of furniture and furnishings. We buy at prices 50% less than regular merchants; and give the public the benefit of this reduction; we carry a stock of quality and merit. Ours is a mammoth institution that says to you: "You can buy just the same as though you were in the city of Chicago and made a personal selection."

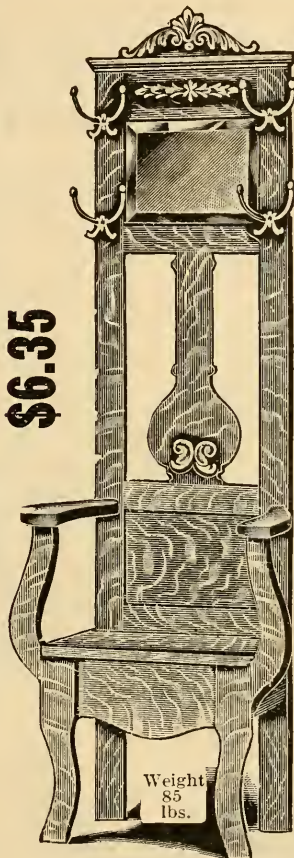

Our binding guarantee protects you. If you don't get what you want, your money is promptly refunded to you. That's the story in a nut shell and it's up to you.

HIGH GRADE ROCKERS

FROM SHERIFFS', REECIVERS' AND MANUFACTURERS' SALES.
EVERYONE GOES AT LESS THAN COST.

We are the largest purchaser of bankrupt stocks in the world. We are continually buying immense stocks of chairs and rockers of all descriptions at various forced sales, consequently, cannot feature our entire line. To illustrate each pattern we have in stock would require a book itself. We, however, have featured the greatest bargains in Chairs and Rockers ever offered, and a variety as extensive as possible in our limited space. If you find it impossible to make a selection from the designs hereon illustrated, write us, describing just what your wants are and we will be glad to submit quotations on other designs. Write us for special prices on quantities of 6 or more.

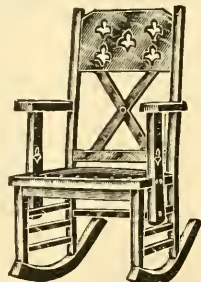

We absolutely guarantee the rockers below to be brand new and of perfect workmanship throughout. They must not be confused with the cheap flimsy makes generally sent out by various mail order concerns. The workmanship of these designs is of the highest character and you can rely upon it that any you select from this page will meet with your requirements in every particular.

Bought at Assignee's Sale 450 MAGNIFICENT ROCKERS

Ordered at Half Cost

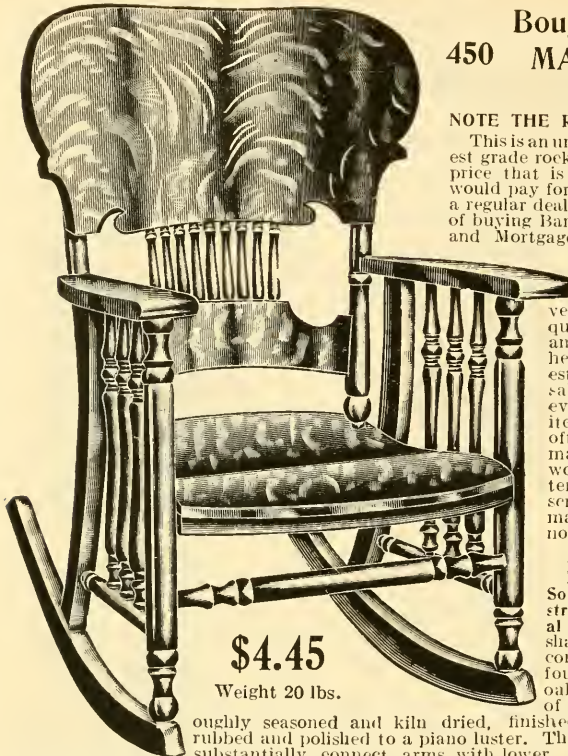

NOTE THE REMARKABLE BARGAINS WE OFFER

This is an unprecedented opportunity to buy the highest grade rockers of the most stylish manufacture at a price that is ridiculously low, considering what you would pay for the same articles if you purchased from a regular dealer or Mail Order concern. Our business of buying Bankrupt Stocks from Receivers', Assignees' and Mortgagees' Sales, gives us the advantage of securing the costliest merchandise at surprisingly low prices. We in turn list the goods we secure, in our catalogue with a

very small margin of profit added. Consequently we are prepared to offer you greater and more astounding bargains than has ever heretofore been presented to you. A regular establishment buying goods directly wholesale cannot duplicate the values we offer, even were they to buy in carload lots. Many items, which we do not wish to carry we often offer at less than half actual cost of manufacture. This catalogue is full of wonderful bargains and you will find it interesting to spend a little time carefully scrutinizing the different articles offered and making a selection of just such as you are now in need of.

NOTE THIS WONDERFUL BARGAIN.

Lot No. 300. Never in the History of Morris Chair Manufacture Has it Been Possible to Get a Design Similar to This Unless You Paid Fully Double the Price We Ask. The workmanship, finish and quality of this article must not be compared with what you usually secure from various retail furniture concerns at double our price. The frame is made of Solid Oak, finished Golden, and as shown in engraving is elaborately carved. Nothing but the very finest quality of Filler, Shellac and Varnish is used in the finish of these chairs. Although this is much more expensive than the ordinary finish yet, it produces a finish that will last for years and will be as nearly perfect as it is possible to place on a high grade piece of Parlor furniture. It has an indestructible steel spring construction, unusually comfortable and elastic and has the very best grade filling, over which is upholstered the very best quality of Boston Leather. Back is adjustable and can be lowered or raised to five different positions. Supplied with best quality casters. A wonderful bargain at our extremely low price. Shipped K. D. Weight, about 55 lbs.

Make Your Home Attractive and Comfortable

by adding one or more of these

Elegant Odd Parlor Rockers and Chairs

This lot comprises some of the best bargains we ever picked up and you may rely upon it that the stock won't last very long at the low prices we are quoting. Any one of these beautiful pieces of furniture will add much attractiveness to your home and you will feel more than repaid for your judgment in making a selection from these designs, when you see the admiration your friends will express at their appearance in your home. We bought a large quantity of these patterns at an auction sale of a manufacturer who was closed by the Sheriff. This opportune forced sale saves prospective purchasers of parlor furniture from 20 to 60 per cent.

Lot No. 870

\$30.00 PARLOR ROCKER, \$11.75

349 bought at a Sheriff's Sale at an astonishing low price, far below actual cost of manufacturer in carload lots. It is an extremely handsome massive designed Rocker, made of choice grained flaky figured quarter-sawed oak, hand rubbed and finished in a brilliant piano luster. Front posts are beautifully shaped and connect with box seat in a thoroughly substantial manner. The broad sweeping arms are nicely turned and extend with a graceful curve and connect with top back rail, which is artistically shaped and firmly attached to back construction. Entire frame is mortised and tightly joined. You are assured of a piece of furniture that cannot be exceeded in practical elegance or durability. Spring construction is of the finest quality oil-tempered spiral springs substantially braced in the best possible manner. Has extra fine filling of selected quality tow with a genuine hair top, which is covered with the finest grade No. 1 hand buffed leather, which is of that peculiar soft grained variety, so much admired in costly furniture. They are bargains that will fill the most exacting requirements of the most critical purchaser. We anticipate a tremendous sale on this rocker, for at the price we quote no other concern on earth can equal this value. Our stock of these rockers will move rapidly and we will advise those who want to get a bargain not to delay in forwarding their order.

\$12.35

\$12.35

Lot No. 312. Another bargain lot of stylish leather upholstered rockers, secured at a recent Sheriff's Sale. As shown in illustration, the design is perfectly proportioned and the massive frame is built to show up at its best possible advantage. Those who appreciate thorough comfort and practical elegance will appreciate this extremely handsome piece of parlor furniture. By adding this artistic creation to your parlor you will find that it will enhance the attractiveness of your home and make it cozy and comfortable. The design is strikingly original and is a perfect embodiment of stateliness, massiveness and superb grandeur. No matter how hard you are to please, this rocker will suit you in every particular. The frame is made of highly figured quarter-sawed oak, thoroughly seasoned and kiln dried, finished in a rich shade of golden. It is hand rubbed and polished to a mirror-like brilliancy and is matchless in beauty. The illustration does not do justice to the rich graining and magnificence of this great value. To fully appreciate the artistic points of excellence contained in this pattern you must see the rocker itself. The entire frame is rigidly mortised and joined in the most dependable manner and is practically indestructible by hard usage. It is built to last a life-time. The front posts are nicely shaped and are in the bulged effect, being swelled out very massively at intersection with box frame of seat. The broad sweeping arms are handsomely shaped and terminate into a Colonial roll. Supporting arms and connecting back posts are handsomely shaped braces. The spring construction is of carbonized oil tempered steel and is rigidly set to frame. The filling is of the best quality of pure moss with a layer of genuine hair, over which is upholstered the very best grade of extra hand buffed leather. The back is also upholstered in leather, is diamond tufted and fitted with non pull-out prong buttons. The seat is large, roomy and comfortable, and the rocker runners are adjusted so as to set perfectly without tilting forward or backward. The beautifully figured top panel is rigidly mortised to back posts, and, as you will note in illustration, is a very attractive feature. The dimensions of the rocker are as follows:—Width, 26"; Height, 21"; Weight, 65 lbs.

A Prominent Manufacturer's Failure Enables Us to Offer You this Astounding Bargain. 1200 of these Fashionable Rockers Offered at Less Than Manufacturing Cost.

When one of the manufacturers of the highest grade rockers made went into bankruptcy, we negotiated with the receiver and bought the entire stock at a sacrifice low price. We must admit that we bought these rockers far lower than what we anticipated, and as you will note by the price we quote, it is a heavy reduction below wholesale cost. The manufacturer who made these rockers had the reputation of supplying the most exclusive Southern furniture trade, and he employed some of the best designers in the country, who concentrated their efforts towards producing attractive and original pieces of furniture along the rocker line. The rocker which we here illustrate, is an example of the quality of goods this factory made. It is absolutely perfect in every particular.

**Shipping
weight
about
75 pounds.**

We wish to state, that the illustration cannot do justice to the magnificence and beautiful figured effects found in this rocker, which are absolutely matchless in beauty and regal in splendor.

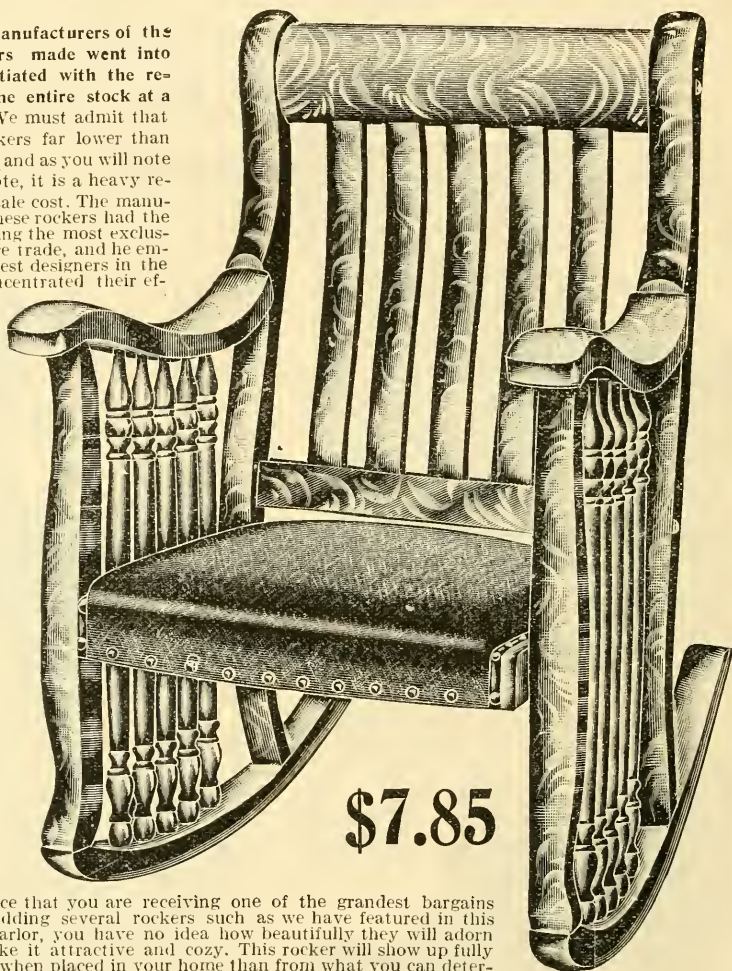

You can order this rocker with the positive assurance that you are receiving one of the grandest bargains ever offered. By adding several rockers such as we have featured in this catalogue to your parlor, you have no idea how beautifully they will adorn your home and make it attractive and cozy. This rocker will show up fully 100 per cent. better when placed in your home than from what you can determine in engraving, as you can merely get from it an idea as to the outline of the pattern. To fully appreciate the superb luster of the brilliant polished surface, you must see the article itself. We advise all our customers who contemplate the purchase of this rocker not to hesitate but to order now—to-day. At the astonishing low price we quote, the demand for this rocker will be tremendous. If you do not wish to be disappointed, you will find it to your advantage to place your order early. Remember that we guarantee absolute satisfaction in each and every transaction you have with us or refund your money. Surely this is a broad and liberal guarantee that anything you order from us must be all it is represented or we could not afford to make such a broad statement.

Lot No. 514. As shown in illustration, this extremely handsome Rocker is built in a very massive and durable manner. Every detail in its construction is absolutely perfect. The symmetrically proportioned frame is made of highly figured, quarter-sawed oak, thoroughly seasoned and kiln dried, and finished in a beautiful shade of golden. It is hand rubbed and polished to a mirror like brilliancy, and cannot be exceeded in practical elegance by any other rocker on the market.

The entire frame is put together in such a manner as to insure great strength and durability of construction. It is practically indestructible as far as hard usage is concerned, and is built to last a lifetime. We especially call your attention to the shaped back which is built so as to fit back comfortably and give occupant resting facilities seldom found in ordinary rockers. The back posts are nicely shaped and beautifully rounded and are rigidly mortised and joined to upper shaped panel, box seat frame and runners. Securely fitted to back are the broad, sweeping arms which are very massive and connect in a substantial manner with the front posts. Extending from arm to runner on each side of rocker is a set of five beautifully shaped and artistically carved spindles.

A noticeable feature, and one that will meet with your highest approval, is that of the slatted back, which consists of five steam bent, beautifully grained spindles, extending from upper panel to lower cross rail. Not only do these spindles and top panel add to the appearance of the rocker, but also greatly strengthen construction.

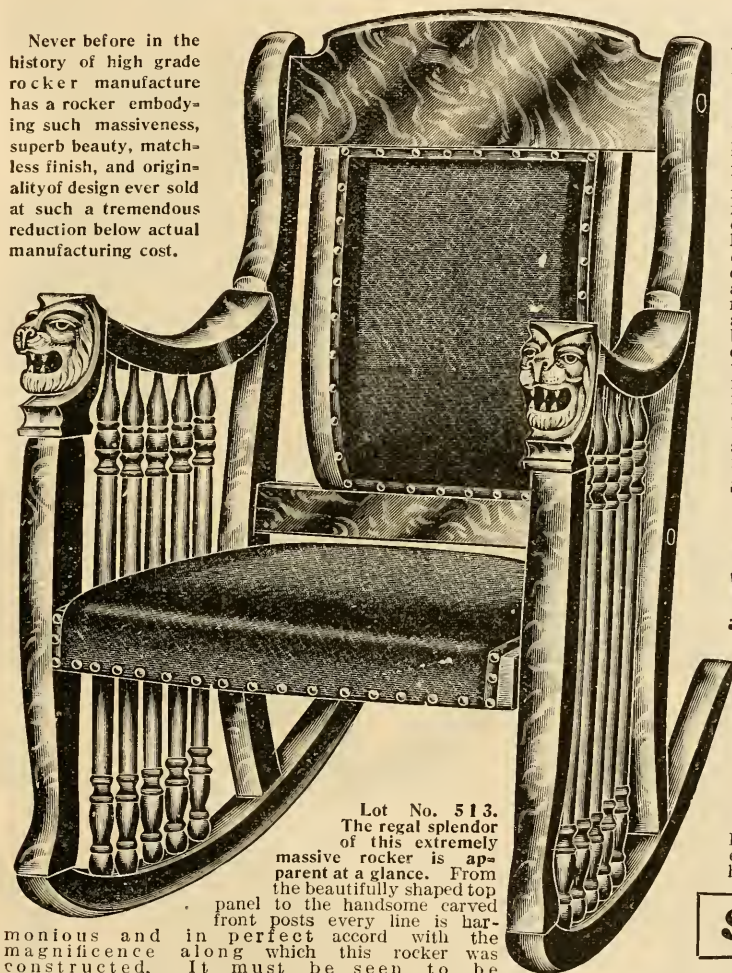

The filling is of the very finest quality of pure moss, with a genuine elastic felt top over which is upholstered extra good quality Hand Buffed Leather. This is one of the grandest values ever offered, and if you appreciate rich simplicity, massive outline, and a wonderful bargain, you will make no mistake in taking advantage of this handsome rocker, now, before the limited quantity on hand are sold out. Price, genuine Leather. \$7.87

WE BOUGHT AT BANKRUPT MANUFACTURER'S SALE 980 MAGNIFICENT LEATHER UPHOLSTERED ROCKERS EXACTLY AS SHOWN IN ILLUSTRATION BELOW

A SUPERB EXAMPLE OF STYLISH ROCKER MANUFACTURE.

Never before in the history of high grade rocker manufacture has a rocker embodying such massiveness, superb beauty, matchless finish, and originality of design ever sold at such a tremendous reduction below actual manufacturing cost.

Lot No. 513.
The regal splendor of this extremely massive rocker is apparent at a glance. From the beautifully shaped top panel to the handsome carved front posts every line is harmonious and in perfect accord with the magnificence along which this rocker was constructed. It must be seen to be fully appreciated. It is made of the finest selected stock highly figured, beautifully grained quarter-sawed oak, thoroughly seasoned and kiln dried, hand rubbed and polished to a mirror-like brilliancy, which is positively matchless in beauty. The method by which the rubbing was done brings out clear and sharp the beautiful figured effects running throughout the wood. We ask that you especially notice the richly carved lion's heads which adorn the front posts and which are perfectly executed specimens of the highest grade workmanship, and convey at a glance the exclusive and original lines of the genius designer. The square front posts are beautifully shaped and project at the bottom into French shaped legs, from which they are substantially mortised to the runners. The back top panel is very prettily executed, and as it is a piece selected principally because of the matchless beauty of the quarter-sawed oak grains running throughout it, it may be assured that this also greatly adds to the magnificence of this rocker. The runners are broad and are very evenly set, and do not tilt forward nor backward too much, which means that you are assured of receiving a rocker that will give you absolutely perfect comfort and which will set evenly and rock comfortably. The filling is of the very best quality of pure moss, with a genuine hair top. The leather used in upholstering the back and seat is of the very finest quality of No. 1 hand buffed leather, which is of the soft grain variety never found in any but the very highest priced furniture. This sumptuous design is elaborate enough to adorn the most luxuriously furnished home, and you will find that after you have added one of these beautiful creations to your parlor and found how comfortable and attractive it is that you will find it an indispensable article, and the greatest bargain that you ever secured. It has rest-giving qualities seldom found in the ordinary rocker. The seat, as you will note, is large, comfortable and roomy, and because of the scientific manner in which the back and seat is upholstered, you are assured of a perfect nerve relaxing rocker. We expect a tremendous sale on these rockers and if you do not wish to be disappointed we advise that you mail your order early, before the limited stock on hand is sold out. The dimensions of the rocker are as follows:—Height, 39"; width, 23"; shipping weight about 65 lbs. Price, genuine leather.

It is very seldom that a handsome design as this representing such great value, can be secured at such a remarkably low price. Anyone with true appreciation of bargain in furniture cannot help but acknowledge that this fashionable rocker is the most marvelous and extraordinary bargain ever heretofore offered. We defy any concern on earth to equal this amazing value. No matter how discriminating in taste you may be you will find this design an article that will meet with your most exacting requirements. It is impossible to do justice to the magnificence and superb workmanship found in this rocker.

THIS STYLISH GENUINE LEATHER SLEEPY HOLLOW ROCKER, \$11.75

WE OFFER THIS GREAT
VALUE TO YOU AT A POSI-
TIVE SAVING OF 40%
500 BOUGHT AT BANK-
RUPT SALE.

This is an entirely original design and a glance at the accompanying illustration will convince you of the exceptional beauty of it. While the illustration is an exact reproduction of the rocker yet it cannot do justice to the beautiful appearance of the large figured flaky grained quarter-sawn oak or to the superb piano finish. To appreciate the comfort you get from it and fully realize how it will enhance the attractiveness of your home you must see the article itself. If you purchase one of these strikingly original Sleepy Hollow Rockers you will find after close examination that you cannot help but acknowledge that the article is certainly a highly artistic perfect piece of furniture, an extremely handsome pattern combined with elegance, durability and rest giving qualities and far superior in every detail from every point of view from any other of similar make you have ever seen. This great value was secured at a bankrupt sale and is offered to you at a big saving.

No. 1913. This massive proportioned sleepy hollow rocker positively represents the acme of perfection in high grade stylish rocker manufacture. It is an extremely handsome pattern and comparison will prove that no other concern on earth can equal our price on it. This rocker is made of a choice selected highly figured flaky grained heavy quarter-sawn oak stock, thoroughly air seasoned and kiln dried. A highly commendable feature is the careful attention given to the finishing of the frame. The attention given to little details on this superior article will call forth your highest praise. It is hand rubbed and polished to a mirror like luster of a brilliancy unequalled by a piano. The extra wide arms are nicely rounded and extend into massive hand-carved heads, which are beautifully executed and will certainly appeal to the most critical taste. These carved heads are further harmonized by two richly carved ornamentations of unique design which adorn the ends of main top. Intersecting back posts at top is a richly figured cross panel which is securely mortised. Heavy front posts are nicely rounded and graduate into massive symmetrically proportioned French shaped legs which have hand carved claw feet. Front cross rail is profusely adorned in scroll carving and is mortised and joined to front posts in an extra substantial manner. A prominent feature is the continuous upholstered seat which on account of being of the comfortable sleepy hollow type extends clear up to the top panel and consequently gives occupant greater relaxation than is offered in the ordinary rockers of similar design. The filling is of the best quality selected hair and upholstery is of the best grade. No. 1 hand-buffed genuine leather of the soft grained variety which is seldom found in rockers under \$20.00. It is diamond tufted and fitted with patent tufting buttons that positively will not pull out. Main dimensions of rocker are as follows:

You could not duplicate this value directly wholesale in car-load lots at the extremely low price we quote. Our price does not cover the actual cost of the material used in the construction of this amazing bargain, or the skilled workmanship on it. This beautiful Turkish Rocker was made to grace the most luxurious mansions.

It was a question of the manufacturer selling his enormous stock to us or closing his factories. He decided to sell to us at a big loss, and we came into possession of these handsome Turkish Rockers at practically our own price. We are sharing this great purchase with you, and if you can appreciate a wonderful value you make no mistake in purchasing one or several of these grand rockers for your home.

Positively the grandest and most original design produced in years. An elaborate and handsome pattern, upholstered in the finest quality of Genuine Hand Buffed Leather, which is of that peculiar soft, rich grained variety found on all high class leather furniture. The filling is of an especial select quality of Genuine Southern Florida Moss, on the top of which is a thick layer of tow, over which is a liberal, extra fine hair top. The seat, sides and back are firmly diamond tufted with an extra high grade tufting button which is fastened in a secure manner and absolutely will not pull out. The continuous seat is nicely curved so as to give the greatest possible comfort, while back is extra soft and has an exceedingly soft top roll which fits the head nicely. Wings are also diamond tufted and connect with the heavy roll arms. A beautiful ruffle

extends from arm to arm following outline of base. The leather fringe is a pretty feature and extends clear around back and makes the rocker have a very attractive appearance. The most essential point and the one in which this Turkish Rocker is pre-eminent superior to other makes is in the extra fine set of carbonized oil tempered, abundant spiral springs which are practically indestructible, absolutely resilient and perfectly comfortable. They are coated in Japan enamel, thoroughly hardened by baking, which prevents any possibility of rust gathering. The bottom parts of springs are fastened in the firmest and strongest possible manner to the base. The top parts of spring are tied and cross tied. We absolutely guarantee that our spring construction cannot be excelled in softness and lasting qualities. This is a durable rocker from every point of view. This marvelous bargain will have a tremendously heavy sale. Order to-day and avoid being disappointed. After these are sold you cannot duplicate their value for less than \$50.00 at the least, and will undoubtedly pay \$60.00 elsewhere.

A Bargain that Must be Seen to be Appreciated.

Lot No. 9923. 302 magnificent Turkish Rockers, exactly as shown in accompanying illustration. This rocker is positively the most marvelous bargain ever offered and is one that has never heretofore sold at such a tremendous reduction below regular price. Those who appreciate true comfort will find this stylish piece of furniture an indispensable article to the home. As you will note by the illustration, the seat is extra deep and it has an extra high back which is artistically diamond tufted with non-pull-out prong buttons, and is surmounted on top with a soft head roll. Extending from arm to arm and following contour of the rim is a beautiful ruffled effect, which is further harmonized by a ruffle extending around each of the wings. The fringe work on the base is an exceptionally handsome piece of work, and will appeal to those who are fond of an artistically perfect piece of furniture. One of the most particular points of excellence about this Turkish Rocker is the oil tempered carbonized steel construction, which is the most elastic manufactured, and is practically indestructible. Over this is upholstered the very finest grade of No. 1 genuine hand buffed leather. The seat of this rocker is very spacious and comfortable, and has a billowy wave action that tends to give the occupant of it the restful and delightful comfort seldom found in an ordinary Turkish Rocker. The height of this rocker is 42" and the length 34", while the depth measures 33". You will certainly make no mistake in selecting this rocker, for a more handsome and comfortable piece of furniture cannot be imagined.

ELEGANT TURKISH LEATHER ROCKER OF LUXURIOUS DESIGN

Unsurpassed for Comfort, Durability, and Style
We bought 475 of these Fashionable Rockers at a Sheriff's Sale.

A \$60.00 TURKISH ROCKER FOR \$35.50

Never before has a Design so Exclusive and Stylish sold at so remarkably a Low Price. The most Amazing Bargain ever Offered in a High Grade Value.

If you had one of the finest equipped factories in the United States and had every facility and command of materials enjoyed by the largest manufacturers, if you had the most skilled mechanics and most expert designers and wanted to create a Turkish rocker of this pattern to be constructed of nothing but the finest material throughout and to represent the acme of perfection and the highest type of strictly fashionable Turkish rockers, you could not with all the available select materials or finest mechanical equipment and most skilled workman make a Turkish rocker superior to this pattern in any part from any point of view; nor could you even turn them out in thousand lots at the astonishing low price we quote on this one. The price does not even cover the cost of material entering into the construction of this wonderful value. You may wonder how we are offering so great a value. We must admit that it is utterly impossible to buy a rocker of this quality in train load lots at the price we quote. Therefore, it seems improbable that this pattern can be offered at so low a price. We, however, made an advantageous purchase of 475 at a Sheriff's Sale under the auctioneer's hammer and of course as we bought them for little or nothing are prepared to present our customers with one of the greatest values ever placed before them.

**THE HANSOMEST TURKISH ROCKER
EVER OFFERED AT THE PRICE.**

Never before has a rocker embodying such stateliness, beauty and perfect construction ever been offered at so low a price.

Lot No. 1782. This sumptuous design is a combination of massiveness, elegance, stylishness and durability. The culmination of years of designing and is positively the highest attainment of perfection in the art of high grade Turkish Rocker manufacture. This illustration does but faint justice to the exceptional beauty of this handsome Turkish Rocker. To fully appreciate the value you must have it in your possession and compare it with other designs selling for more than double the price we ask. The frame work is of the best quality selected wood and is thoroughly seasoned and kiln dried, and rigidly mortised and joined in the most substantial manner. Springs are made of highest carbonized steel and are rigidly constructed and set to frame in an extra durable manner and are practically indestructible. The filling has a genuine hair top and is entirely covered with finest quality No. 1 hand buffed genuine leather of that rich grained and exceptionally soft variety that is distinguished from ordinary leather by the fact that it is only found in the highest grade goods of the most expensive make. It is as pliable as an elastic fabric. The comfortable seat is very spacious and is extra heavily filled. The oil tempered spiral support beneath makes the seat unsurpassed for resiliency, comfort and durability. Each arm has a massive heavily tufted roll which is beautifully ornamented with a large rosette greatly adding to the attractiveness of the pattern. Directly in front of seat is a finely tufted effect, below which is a sweeping ruffie design extending from arm to arm and having a rosette on each end similar to those on arms. The broad comfortable back has an extending pliable wing on each side thus giving extra comfort and fitting the back perfectly. A large soft head roll surmounts the top and greatly enhances the beauty of the design. An extremely handsome leather fringe extends clear around base and is worked out in a variety of pleasing effects. The design though colossal is perfectly symmetrical in proportion and will beautify any home in which it is placed. The magnificence and elaborate construction of this unusually handsome piece of furniture will at once appeal to any lover of nice furniture. Don't neglect ordering one of these Turkish Rockers. When in your home you will be fully convinced that it is the greatest value ever offered at this price. The width of seat from arm to arm is 20" and depth from front to back is 25", height from floor to top roll is 47" and the height from top to seat measures 29"; height from seat to floor is 18".

Remember this Turkish Rocker comes only in the best quality hand buffed No. 1 genuine leather with a genuine hair top filling.

Lot No. 608. The magnificence of this Superb, Genuine Leather Couch cannot be fully appreciated in the accompanying illustration.

Length about 78 inches.
Width about 30 inches.
Weight about 110 lbs.

You must see the couch itself to determine the great value you secure at the remarkably low price we quote. It is one of the most exceptional values we have ever been able to offer. The handsomely designed frame is constructed of highly figured, beautifully grained, solid golden oak, is entirely original in design and very richly carved. The graceful manner in which they are executed causes them to stand out clear and distinct, and as they are finished in the same color as the frame, they harmonize perfectly with the elaborate scale on which this Couch is made. The entire top is biscuit tufted and fitted with long non-pull out buttons. Each side of the Couch is beautifully ruffled, which greatly adds to the beauty of the design and makes the Couch exceedingly attractive in appearance. The filling is of the very finest quality of pure tow, with a genuine elastic felt top, over which is fitted the very finest quality of No. 1 hand buffed, genuine leather, which is of that soft, pliable variety so desirable, yet only found in the highest priced parlor furniture manufactured. The oil tempered spiral steel construction is securely set to the frame and supported at intervals from head to foot with heavily tempered angle bars, thus rendering a construction practically indestructible and capable of giving lifetime service without showing any visible wear.

VERY ELABORATELY CARVED

Length about 78 inches.
Width about 30 inches.
Weight about 110 lbs.

Lot No. 365. To fully appreciate the magnificence and superb manner in which this Couch is constructed, the matchless beauty of the quarter-sawed oak grain running throughout the frame, it must be seen and compared with Couches selling at three times the price we ask. It is absolutely impossible to convey to you the correct idea as to the elaborateness and faultless construction of this Couch by an illustration. These facts can only be fully impressed upon you when you see the article itself, after having been placed in your home. Both the head and foot ends are on the square pillar effect, having a massive broad top piece to which a ruffled, upholstered effect projects, and greatly helps toward carrying out the correct symmetrical proportioned outline of this exquisite Couch. As shown in the engraving, the Couch has elegantly hand carved, massive claw feet, which are cut in a very realistic manner, and show up very attractively. A beautiful hand carving gracefully adorns both the head and foot ends and greatly adds to the beauty of the design. The spiral spring construction is made of the very finest quality of carbonized, oil tempered steel, and is practically indestructible. It will give you greater comfort and is far more resilient than grades used in Couches retailing at double the price we ask for this. The filling is of the very finest quality of tow, with a genuine elastic felt top, over which is upholstered the very finest quality of genuine Boston Leather. We wish to particularly impress you that the leather of this specially prepared fabric is of that soft grained variety, very pliable and extremely beautiful in appearance, and never found on any but the highest grade Couches. The entire top is diamond tufted and fitted with the best quality non-pull out prong buttons. By adding one of these elegant Couches to your home you will be surprised to note how it will beautify your parlor, and greatly add to the comfort and attractiveness of it.

LOT No. 6594. IN ORDER TO FULLY APPRECIATE THE VALUE OF THIS HANDSOME ELABORATELY CONSTRUCTED COUCH, it is necessary that you examine the article itself.—The illustration can but give you a faint idea as to the richness of the flaky quarter sawed oak grains running throughout the wood and as to the superb workmanship embodied in this design. Note the finely diamond tufted top which is the most perfect ever placed into a couch and which is firmly secured by the best quality of non-pull-out buttons. Elaborate hand carvings profusely adorn both the head and foot ends which are very exclusive in design. The carved effects on the head and foot ends, directly underneath the panel, will call forth your highest praise when seen on the article itself. The evenly padded sides are firmly gathered and secured. The frame is made of the very finest quality of selected stock, finely figured, beautifully grained quarter sawed oak, thoroughly seasoned and finished in a rich shade of golden. The spring construction is especially worthy of your highest approval and is the most comfortable and expensive ever placed in a couch. The filling is of the very finest quality of pure tow with a genuine elastic felt top over which is upholstered the very finest grade of No. 1 hand buffed leather which is unsurpassed for wear-resisting qualities, elasticity and highly finished surface. Judicious taste in selecting will greatly assist the economical purchaser to take advantage of unusual opportunities and profit thereby.

If for instance you can secure an article from us for one half or less than it would cost elsewhere it certainly is to your advantage to place your orders with us.

If your money that is spent here will go twice as far as it does elsewhere it should impress you with the fact that this is the only place with which to trade.

Our unique methods of purchasing gigantic Bankrupt Stocks is as totally dissimilar to any other business as day is to night.

We do not buy from wholesale dealers but instead buy immense bankrupt stocks at Receivers', Assignees', Sheriffs' and other forced sales. The Commercial Reporting Agencies state that there is an average of over 900 failures a week which of course is sufficient to keep us busy. Through the outlet of thousands of customers who anxiously await the news of all our large purchases so that they may be able to take advantage of the astonishing bargains they know they can secure, we have a volume of business that enables us to buy enormous bankrupt stock, such as no other concern would dare to buy in its entirety.

The Davenport illustrated below is an example of our mammoth purchasing capacity and reveals at a glance the fact that it is of the most costly and stylish manufacture. If you want to add an attractive piece of furniture to your home, you will find it advantageous to place your order now before the limited quantity on hand is sold out.

Genuine Boston Leather Bed Davenport

We have a few of these Davenports with American quartered Oak Frames Same Price.

Lot No. 85. Our remarkable large purchase of several hundred elegant extremely massive bed Davenports at a bankrupt manufacturer's Sale enables us to offer this unusual bargain at 55 per cent. below actual wholesale cost. We ask you to especially note the elaborately heavy carved lions heads and body cut out of each pilaster which are positively the most massive, most handsome, most stylish and most unique ever placed in a high grade piece of parlor furniture such as this design represents. Both pilasters are cut in an exact reproduction of the lions body with a hand carved massive claw foot into which it projects. The production is most natural and will call forth your highest praise.

The frame of this Davenport is made of the very finest quality selected stock choice grained highly figured birch, finished mahogany, thoroughly seasoned and kiln dried and polished to a mirror like brilliancy. The workmanship is positively matchless in beauty and you will acknowledge if you purchase it that it is the prettiest piece of parlor furniture that you have ever seen.

The construction consists of oil tempered carbonized spiral springs interlocked with highly tempered steel cords and firmly attached with cross angle bars which makes the construction practically indestructible, resilient and the best ever placed in a high grade piece of furniture.

The filling is of best quality Tow with a genuine hair top over which is upholstered the various fabrics in which this lot of Davenports come. It can be furnished in either the best quality imported velour in all the popular shades or in genuine Boston leather. Length about 75 inches. Width, open 49 inches.

The biscuit tufted upholstery is secured with non-pull-out prong buttons which are the most practical ever placed in a piece of upholstered furniture. This Davenport is an extremely attractive article and should be in every home. You not only adorn your parlor with the prettiest piece of furniture obtainable but you also are prepared to meet any sudden emergency such as an unexpected visit of friends, etc., for which you are always prepared with an article of this kind.

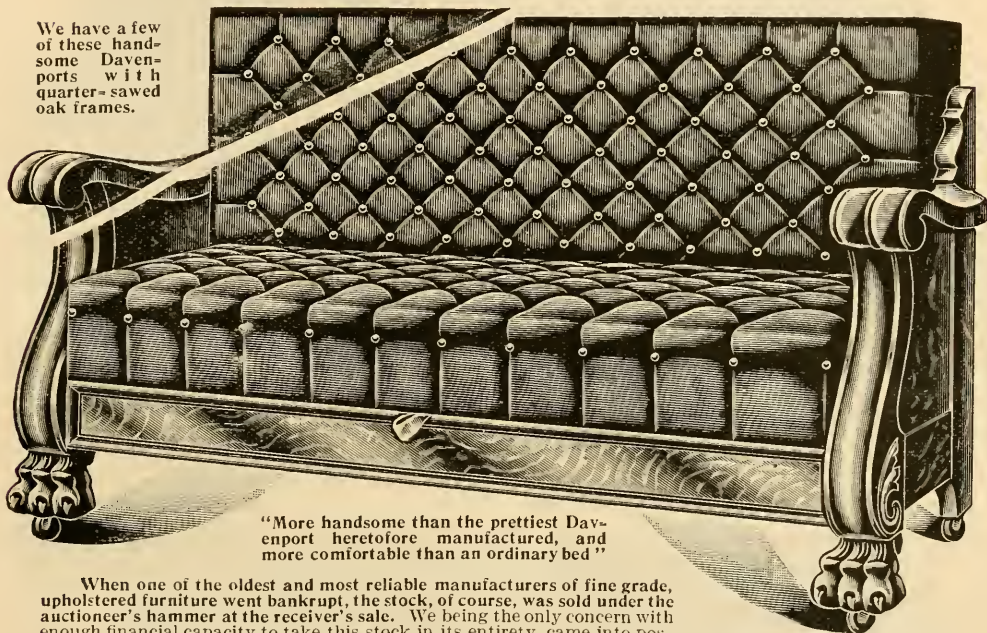

To convert the Davenport into a bed requires but a moments time. The operation is very simple. All that is necessary is to raise the seat a trifle and as you raise it the back lowers automatically with the level of the seat. When this is done you may open the wardrobe which runs the full depth of panel beneath seat and the full length of Davenport. In this wardrobe you may store bed clothing, wearing apparel, etc. It is spacious and is large enough to accommodate all the necessary comforts, blankets, etc., required to make up a bed. The operation of changing the Davenport from a bed into a sofa is just as simple. The entire device is automatic. There are no strings to pull. There is absolutely nothing to get out of order. A child can operate this bed just as easily as a grown up person. There is nothing complicated about it; it is easy and simple in operation.

"More handsome than the prettiest Davenport heretofore manufactured, and more comfortable than an ordinary bed"

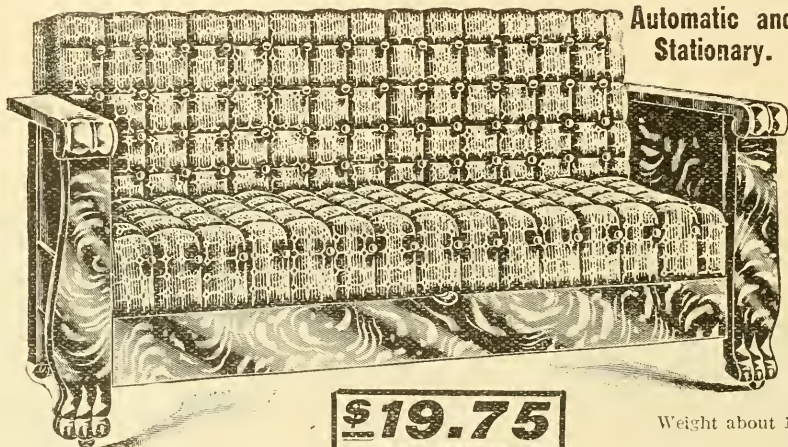

When one of the oldest and most reliable manufacturers of fine grade, upholstered furniture went bankrupt, the stock, of course, was sold under the auctioneer's hammer at the receiver's sale. We being the only concern with enough financial capacity to take this stock in its entirety, came into possession of the entire factory, including machinery, equipment, etc., and an entire warehouse full of the highest grade, costliest and most stylish, automatic Davenport Sofa Beds ever made. These Davenport Sofa Beds were made to supply an extremely fashionable trade, consequently, the material entering into their construction is of the very finest quality, and as these patterns were made exclusively by skilled mechanics who have been making furniture all their lives, and therefore have a complete knowledge of every little detail that goes to make a piece of furniture to represent the acme of perfection, and an example of the highest grade workmanship, you can buy this Davenport with the positive assurance that you are getting the handsomest creation of the season.

These Davenport Sofa Beds are extremely practical pieces of furniture, and an ornament to the parlor of even the most elaborately furnished home. Don't fail to be one of the fortunate purchasers if you are in the market for an article of this nature. At the prices we quote, a tremendous sale is anticipated, and judging by the way our Chicago customers favor this design, the stock certainly will be depleted rapidly. Order now and avoid disappointment.

Lot No. 405. An elegant and fashionable Davenport Bed of massive dimensions. The frame is made of thoroughly seasoned and kiln dried, highly figured, choice selected, beautifully grained birch mahogany hand rubbed and polished to a mirror like brilliancy. This is a colossal Davenport, and one in which every detail is brought out as massive as possible. This design may be correctly expressed as representative of the crowning efforts of genius and skill. Nothing but the finest material has entered into its construction, and you can safely buy this article with the positive assurance that you are getting the greatest equivalent for your money ever offered. The length of this Davenport is 75" and the width is 49", thus making a spacious and comfortable Davenport of roomy proportions. The operating mechanism is so simple that a child can easily turn it from a Davenport into a full sized bed within a few seconds. Front posts graduate into a full swelled roll and terminate into massive hand carved claw feet. A beautifully figured cross rail nicely encased, rigidly connects the sides and insures a perfectly substantial base construction. An extra large wardrobe runs the length of Davenport. It may be used as a receptacle for the storing of bed clothes during the day. A point in which this Davenport excels the ordinary makes is in the careful attention paid to the placing of the oil tempered, carbon steel, interlocking spiral spring construction. Positively the most durable, most resilient, most comfortable and most perfect set of springs ever placed together. Particular attention has been paid to the upholstery, and close examination will reveal that the finest quality of moss with a genuine hair top is used as a filling. The covering is of best quality material obtainable, and comes in different fabrics, as mentioned below. Entire seat and back is diamond tufted and fitted to top by non-pull-out prong buttons, which extend and fasten to the heavy canvas duck over spring construction. The graining used in the woodwork is so handsome that words cannot convey a correct description and illustration can do but faint justice to the beautiful figured effects and the luster of the polished surface. All points considered, it is an extraordinary value, and an article that cannot be duplicated anywhere at these low prices. Be sure to state what colors you prefer in upholstery. Weight about 250 lbs.

**We Have Just Issued a Large Bargain Circular
Illustrating and Describing Our Fine Parlor Furniture.**

Lot No. 4037. At a Recent Manufacturer's Sale We Secured a Number of High-Grade Davenports of the Highest Grade Manufacture. In this lot were included a number of designs similar to illustration. In order to assure speedy disposal of this stock, we are offering them at a very small fraction of their real value. They come as quoted below: and are wonderful bargains, and positively cannot be duplicated anywhere. Although the most of the frames come in Mahogany finish, we have a few in Quarter-Sawn Oak, finished Golden. It is unusually massive in design, and is neatly carved. The frame is hand rubbed and polished (a much more expensive process than the gloss finish), and must not be compared with the finish usually put on ordinary Davenports. It has an expensive steel construction, filled with the highest-grade Southern Moss and tow. The variety of colors we can furnish in Velour are: Myrtle-Green, Maroon and in various combinations of these shades. Some of these Davenports come in 5-ft. lengths and some in 6-ft. lengths. Note the massive construction of this Astounding Bargain. Can be finished in Green, Red or Brown Velour.

Lot No. 463. At the tremendous reduction below manufacturing cost at which we quote this elegant three piece parlor suite, it represents one of the most astonishing bargains ever offered. The illustration, although perfect in the exact reproduction of this amazing value, cannot do justice to the unusual merit, superb piano finish and the extra massiveness of this extraordinary and remarkable value. This magnificent Parlor Suite is something entirely original in its conception and is a perfect embodiment of every little detail that goes to make a first-class Parlor Suite of matchless beauty and reliable construction. The frames of this suite are made of selected stock, best grade of northern birch, thoroughly seasoned and kiln dried, and finished in mahogany. The suite is exquisitely rubbed and polished and has a luster that is unsurpassed for brilliancy. The broad shaped back is profusely elaborated with rich hand carvings in a series of handsome scroll effects. Full swell bulged effect panel runs underneath the seat construction of each piece, and as it is a highly figured piece of wood, it shows up very attractively. The broad shaped arms are rigidly mortised and joined to the front and back posts and are supported in the center by a vase shaped panel, which greatly adds to the beauty of the design. The French front shaped legs project into square blocked effect feet, and are very massive in appearance. The spring construction is first-class in every particular and is rigidly attached to the box frame. Over the spring construction a heavy duck canvas fabric is laid, above which is a layer of pure moss, with a genuine hair top. This suite is upholstered in the very finest grade of Imported Velour. We can supply almost any shade you desire. Kindly mention color you prefer when placing order. Note particularly, that unlike the majority of Parlor Suites selling at double the price we ask, that this suite has a pillow effect back, while many who are asking 60 per cent. more than we quote, offer you a plain back with but a poorly upholstered seat. These Parlor Suites will meet with tremendous sale and we unquestionably will dispose of our limited stock within a short period. Do not hesitate. If you wish to participate in this wonderful bargain-offer do not fail to place your order early. This is an opportunity that every lover of fine furniture should take advantage of. Consider that this three-piece Parlor Suite will add much comfort and beauty to your home and will make your parlor cozy and attractive. UPHOLSTERED WITH GENUINE No. 1 LEATHER.

Lot No. 407. To compare this artistically shaped and extremely massive 3-piece parlor suite with other designs selling at double the price we quote will do this magnificent value a great injustice. Illustration gives but a slight impression as to the regal beauty of this extraordinary bargain.

It is a difficult matter to show in an engraving all the attractive features of this suite. From cut you can get but a faint idea as to the superb and matchless luster of its finish.

For consideration from the view point as a value it is positively unsurpassed. The broad shaped finely figured top panel of each piece is adorned with handsome scroll raised carvings which greatly add to the Beauty of suite. The pretty vase shaped upright panels are very attractively carved and will appeal to all as representative of the highest skilled workmanship.

The broad shaped arms are reproduced with a Colonial effect roll edge and are securely mortised to back and front posts in the most durable manner. The front shaped post is nicely turned and the French shaped legs are equipped with fashionable blocked feet, which show up very richly. Very best quality casters are furnished.

Entire frame of this suite is made of the finest grade, richly figured quarter-sawn oak, thoroughly seasoned and kiln dried and hand rubbed and polished to a mirror like brilliancy which is positively unequalled in beauty from every stand point of view.

The frame has been heavily reinforced throughout and is rigidly mortised and joined in such a manner as to make this suite capable of giving a life of service. The highly figured panel which runs across lower part of seat connecting front posts is a noticeable feature and greatly adds to the beauty and strength of the construction.

The filling is of the very best quality of pure moss over which is laid a layer of genuine curled hair which is covered with a very good grade of hank buffed genuine leather.

The leather used in the upholstery of this suite must not be compared to that of ordinary leather found in parlor suites selling at a much higher price than this we quote. The grade of leather in which this suite is upholstered is of that soft grained variety so desirable for its wearing qualities and elasticity and yet only found in the costliest parlor suites on the market. The front seat edge of each piece is blocked so as to prevent it from sagging in the least no matter how hard usage it receives. The seats are all large, roomy and comfortable and you will find that this suite is absolutely perfect in every detail from every point of view.

We don't expect this lot to remain very long in stock at the remarkably low price we quote and urge all our customers who appreciate a good bargain to order this suite with the positive assurance that it is a great value and will please the most discriminating taste. This suite consists of divan, rocker and easy chair, and as you will note from sizes and weights given below same are of extra large proportions and will prove enough furniture to furnish an ordinary size parlor. It you want to be up-to-date and have a stylish and cosy parlor you won't overlook this great opportunity to get one of these suites and thus enhance the attractiveness of your home. Sizes and weights of each piece are as follows:

\$24.75

Lot No. 480. A massive 3-piece parlor suite which represents the perfect embodiment of stateliness magnificence and beauty. It is an extraordinary fine creation and if there is any such thing as perfection in furniture craft you certainly will acknowledge that this elegant suite is simply superb beyond comparison. The skilled workmanship on this suite is very much in evidence and every detail of its costly manufacture and stylish design will equal the utmost anticipations of the most discriminating tastes no matter how hard you may be to please. Each piece of suite is exceptionally large and the suite as a whole is sumptuous and luxurious enough to adorn the most palatial homes.

The frames are made of selected stock highly figured, best grade solid birch, finished mahogany and are thoroughly seasoned and kiln dried and polished to an unsurpassed luster of magnificent brilliancy. The rich hand carved massive Lion's Heads and Arms are so perfectly executed that they seem lifelike in appearance. The gaping mouth and dilated nostrils with the flowing, wavy mane makes the lion's heads appear as natural as it is possible to produce.

The exquisite manner in which the handsome French shaped legs project into hand carved claw feet is a work of art and will call forth your highest praise.

A beautiful grained top panel runs across top of each piece and the attractive arrangement of back is further enhanced by the broad finely figured upright panels which are modestly carved, in a very rich manner so as to show up to the best advantage. The polished raised carved effects are contrasted by the dull luster of the surface adjoining carvings which causes carved work to stand forth clear and distinct and you can at once recognize it as a superb work of art.

The broad shaped arms are in the Colonial Roll effect and are firmly attached to back and front construction. The springs are of the best quality carbonized oil tempered steel and are practically indestructible and should last a life-time.

The filling is the best quality Pure Moss with a genuine Hair top over which is upholstered a good quality of genuine Buffed Leather.

\$59.00 Magnificent 3-Piece Parlor Suite, \$29.00

AN AMAZING BARGAIN BOUGHT AT A COURT SALE.

A STRICTLY ORIGINAL DESIGN OF ELABORATE MANUFACTURE.
UNSURPASSED FOR REGAL BEAUTY, MASSIVENESS AND STATELINESS.

A HANDSOME SUITE EMBODYING EVERY DETAIL AND FEATURE THAT GOES TO MAKE THIS PATTERN A MOST ATTRACTIVE EXEMPLIFICATION OF THE HIGHEST SKILLED WORKMANSHIP.

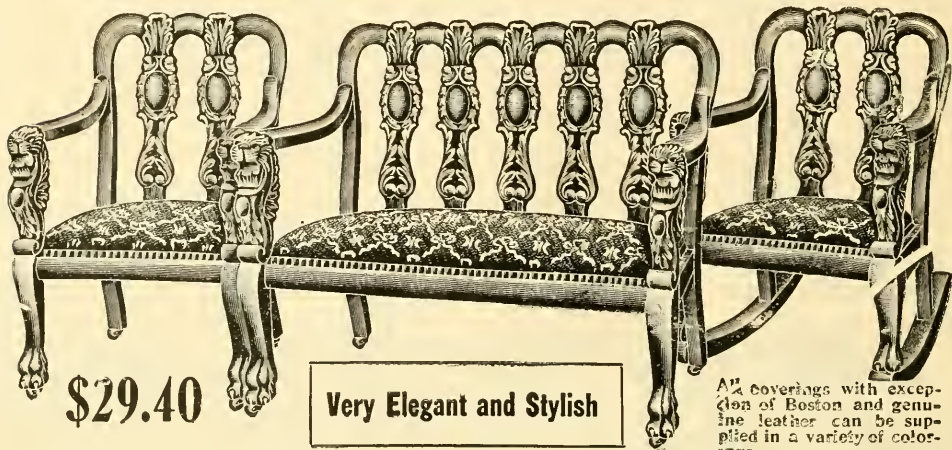

134 of these exceptional bargains were bought in a lot at a forced court sale occasioned by heirs closing estate. We bought the entire equipment consisting of building, machinery, etc., and on this account purchased the 134 parlor suites for practically our own price. These designs were made up for the most exacting fashionable trade and represent the height of skilled furniture craft and may correctly be expressed as "cream of this season's finest 3-piece parlor suite manufacture." You could pay fully \$75.00 to \$80.00 for a parlor suite and not even get one the equal of this great value. Illustration does but faint justice to the extremely handsome construction and superb finish of this elegant suite. You must see this suite itself to appreciate these points. We unhesitatingly advise the purchase of this suite to all who want a stylishly attractive 3-piece suite at a price that does not even represent the cost of manufacture. This suite will enhance the elegance and beauty of any parlor in which it is placed no matter how elaborately furnished it may be. Summing up in full it is pre-eminently superior in every detail to any fashionable 3-piece parlor suite heretofore placed before a critical trade and would be considered a bargain at 40 per cent. more than the remarkably low price we ask. The stock is limited and unless you take advantage at once you will be unable to participate in these astonishing bargains.

Lot No. 2158. As stated above we bought at a ridiculously low price 134 beautiful 3-piece parlor suites exactly like illustration. Positively the most wonderful and extraordinary bargains ever offered at such an unusually low price. The massive proportioned frames are made of extra heavy choice selected, large figured birch mahogany, hand rubbed and polished to a mirror like brilliancy, matchless in luster. Frames are mortised and joined in a rigid manner. The comfortable fitting back is made with handsomely shaped panel top and two nicely curved extra wide slats which are firmly set. Broad sweeping arms are exquisitely shaped and turn into an artistic roll at termination which is a most beautiful effect and greatly adds to the attractiveness of the design. Front posts are French shaped and at upper part curve so as to follow contour of roll arm which projects in. Massive hand carved claw feet is a most highly artistic piece of skilled workmanship and will call forth your highest praise. Chairs and sofa are fitted with best quality casters. The oil tempered steel spiral spring construction is rigidly attached to seat frame in a most substantial manner. It is covered with a heavy canvas duck fabric over which is a filling of pure moss and a layer of tow with a genuine hair top covered with the very finest quality No. 1 hand buffed genuine leather which is of an elastic variety and is as soft and durable as it is possible to obtain. The upholstery is firmly secured to seat by heavy non-pull-out prong buttons extending clear around seat. Front edge of seat is heavily reinforced and positively will not sag or settle in the manner that is of such frequent occurrence with the cheaper parlor suites with which the country is flooded by unscrupulous manufacturers. We believe this to be a most extraordinary value and can advise all our old customers to order this pretty parlor suite with the positive assurance that they will certainly receive a value unequaled by any other concern in the world. You could not buy a suite equal to this in train-load lots at the price we quote. The manufacturer himself could not afford to make them at our low price. This is your opportunity to profit by another's loss. Order now before the lot on hand is sold. If you want any further particulars regarding this or any other suite do not hesitate to write us for we'll be glad to give you full information on every point.

We were fortunate enough to secure a limited number of these Parlor Suites at a recent Manufacturer's sale and are now offering them at a fraction of their real value. As shown in illustration they are elaborately carved and because of their graceful outline and beautiful design, will prove a most beautiful addition to any parlor. Suite consists of Sofa, Rocker and Arm Chair, measurements of which we give below. Particular attention is called to the fact that the panels of this Suite are veneered with genuine Striped Cuban Mahogany, and also that the finish is water rubbed to a piano polish, which adds a great deal more to the value of a Suite than if it had a gloss finish. It has an indestructible steel construction, over which is upholstered the very finest quality of Genuine Leather.

BOUGHT AT BANKRUPT MANUFACTURERS SALE

246 of These Massive Parlor Suites Offered at a Positive Saving of 60 Per Cent.

Never Before Has Such An Astonishing Bargain Been Presented.

\$40.00 Massive 5-Piece Parlor Suite \$16.40.

Lot No. 413. This unusually attractive 5-Piece Parlor Suite, as shown in engraving, is one of the most remarkable bargains we offer.

At the Auction Sale of a large Bankrupt Manufacturer, we bought 246 of these handsome suites at a price so ridiculously low that we are now enabled to offer this wonderful bargain to you at 60 per cent below actual wholesale cost.

\$16.40

The illustration does not do justice to the massiveness and elaborate ornamentation of the frames and rich grain of wood used in its construction.

Unlike the cheap grade suites with which the country is flooded, the frames of this beautiful creation are made of the most select, highly figured birch, highly finished in mahogany and superbly rubbed to a high polish.

As you will note in illustration, the elaborate hand carvings with which this suite is adorned, represent the most artistic and skilled workmanship. The richly executed carvings are extra deep, and the variety in which they come show at once the masterly detail of a genius designer.

Each arm is elegantly ornamented with a massive, hand-carved "Griffin's Head," symbolic of Ancient Mythology. All back panels are perfectly symmetrical in outline and are most handsomely shaped.

Each piece of suite is equipped with a genuine carbonized, oil tempered steel construction, very heavily interlocked, which is practically indestructible, exceptionally pliable, and is of the quality found only on the highest grade parlor suites. Over this is laid a heavy canvas duck fabric on which is securely fitted a filling of pure moss, with a genuine hair top.

The upholstery comes in imported Velour, dark, light and medium, two-toned Verona, shaded silk plush and genuine crushed plush, all of which have excellent wear-resisting qualities, such as you will seldom find in any but the costliest parlor furniture.

The back of each piece is upholstered in a thoroughly dependable manner. We particularly advise that you purchase the suite, upholstered in green crushed plush, as this is unquestionably the most handsome fabric; will wear indefinitely and harmonizes perfectly with the frame. You will find it as fresh and bright ten years from now as the day you buy it.

The various upholsteries in which this suite comes can be furnished in an assortment of any solid or mixed colors desired. The predominating colors are: Myrtle Green, Brown, Red and Dark Maroon. In ordering, don't neglect to give the color in which you wish the upholstery to come.

The seat of each piece is large, roomy and comfortable.

This suite is just the thing for a large size parlor, and as you will note, is in itself sufficient furniture for an entire room. If you order this suite, you will be surprised to note how magnificently it will adorn your parlor and how it will enhance the attractiveness of it.

genuine hand carved claw feet. A distinct point of excellence in this suite is the remarkably high quality carbonized oil tempered spiral steel construction with which each piece is equipped. This is an absolutely perfect spring, is practically indestructible, and the manner in which it is attached to the box construction guarantees an elastic billowy wave action. Filling is of pure moss with a genuine hair top, under all of which is laid a heavy canvas duck fabric, which causes the filling to rest evenly and perfectly on this spiral steel construction. The upholstery, as shown in illustration, is a two toned high grade verona, which is one of the best wear-resisting fabrics known. It has a high pile and a very silky surface, and harmonizes perfectly with the mahogany finished frame. It comes in all the popular colors. We particularly advise green, as this will harmonize exquisitely with the furnishings of the most luxurious home and will cause the suite to show up very attractively. The dimensions and weights of the various pieces of this suite are as follows:

We offer 340 elegant 5 piece Parlor Suites of the most massive build, which were recently bought at a bankrupt sale of a large wholesale concern at far below wholesale cost. Our corps of experienced furniture buyers are constantly on the lookout for bargains, and when this lot was offered at Receiver's sale at an unheard of low price they did not hesitate a moment in buying the entire stock. As you will note by illustration below the suites included in this stock represent the height of elegance and the highest example of the cabinet maker's art. We offer them at a tremendous reduction below wholesale cost, and as you can appreciate they are, at our price, the most astonishing bargains ever offered.

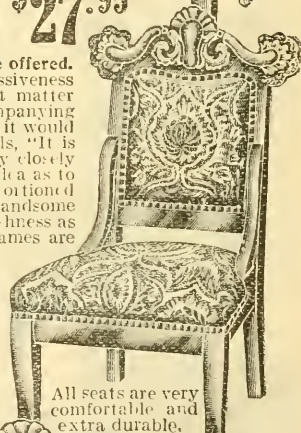

Lot No. 445½. This strikingly original, exceptionally stylish, extra massive 5-piece parlor suite is positively and without doubt the most astonishing bargain in parlor furniture ever heretofore offered.

Combining as it does magnificence, massiveness and superb beauty, it is rather a difficult matter to do justice to its elegance in the accompanying illustration. To fully describe its splendor, it would require pages. To sum it in a few words, "It is simply superb beyond comparison." By closely examining engraving you can get a faint idea as to its beauty and perfect symmetrical proportioned outline, which is absolutely the most handsome ever placed into a costly suite of such stylishness as this remarkable value represents. The frames are made of select quality highly figured birch, finished mahogany, and are handsomely rubbed and polished to an unsurpassed luster. The entire suite is elaborately adorned with elegant hand carvings which are richly executed and greatly add to the attractiveness of this unusually handsome bargain.

Attached to arms and front posts are beautifully carved ornamentations, which are most attractive in appearance. The front posts are in the full swell bulged effect, sweeping roll, and project into French shaped legs with

Lot No. 476. In accompanying illustration it is almost impossible to reproduce the brilliant luster of the hand rubbed finish and superb beauty which makes this massive 5-Piece Parlor Suite fit to grace the homes of the most artistically inclined.

The description which follows gives a faint idea as to the elaborate construction, but to see this suite is to appreciate it. Engraving does not do justice to the magnificent beauty of it. By that we mean that this massive suite will show up 100 per cent. better when placed in your home than from what you can determine by cut.

This is another creation in which substantial and durable construction is combined with artistic perfection, and it is positively and unquestionably a most attractive parlor suite in every detail.

A distinctive feature of this suite is the manner in which the thoroughly seasoned and kiln dried, highly figured, birch mahogany finished frame is mortised and joined. It is built to last a lifetime. Entire frame is highly polished to a brilliant luster.

The massive, sweeping arms project forward from back with a pretty full roll effect, which is further heightened by the Colonial roll at termination. Front posts as shown in cut are very massive and beautifully shaped. Has squared French shaped legs which project into exquisite blocked feet. The best quality casters are furnished.

We call your particular attention to the elaborately hand carved ornamentations with which this suite is profusely adorned. Center panels are worked out in drooping wreath effects, while the ends have deep, carved Dragon Heads very natural in appearance. The construction is of the very best quality carbonized oil tempered steel, and it is rigidly attached to box frame. Running the width of each piece directly under seat is a full swelled cross rail, very wide and handsomely ornamented in a highly desirable manner.

This suite comes in an extensive variety of upholstery, consisting of any shade of the below named fabrics, all of which are noted for their wear-resisting qualities. Can be had in Imported Velour, Two-toned Verona, Best Grade Silk Plush, Best Quality Crushed Plush, and Best Grade No. 1 Hand Buffed, Genuine Leather. These Parlor Suites were made for a particular trade and every detail of their manufacture is absolutely perfect. All of the upholsterings in which these suites come are of the very best obtainable. They will wear indefinitely, and will prove as fresh and bright 10 years from now as the day you purchase the suite. A notable feature about this parlor suite, and one which will call forth your highest praise, is the superb manner in which this suite is upholstered. A heavy canvas fabric is laid over the steel construction over which there is firmly and evenly laid a filling of pure Southern moss, with a genuine, best grade, curled hair top. This suite has full spring edge seats and very soft upholstered backs which are button tufted, a highly desirable feature. The seats of this suite are very large, comfortable and exceptionally roomy. The perfect spring construction and excellent manner in which seats are filled causes a billowy wave action never found in any but the costliest suites made. The platform rocker is fitted with a genuine carbon steel spring and sets perfectly and rocks evenly without projecting too much forward or backward.

We regret that the lack of space prevents our illustrating entire five pieces of suite, but this point is practically immaterial in your consideration when selecting this suite as the fifth piece is an exact duplicate of the parlor chair shown above. The sizes and weights of the various pieces of suite are as follows:

| | Width. | Depth. | Height. | Weight. |
|------------------------|---------|--------|---------|---------|
| Sofa | 45" | 21" | 42" | 60 lbs. |
| Rocker | 24 1/2" | 21" | 40" | 40 lbs. |
| Arm Chair | 24 1/2" | 21" | 40" | 35 lbs. |
| Parlor Chair | 20" | 18" | 38" | 20 lbs. |

The fifth piece not shown in illustration is an exact duplicate of the parlor chair shown above.

219 OF THESE EXCEPTIONAL VALUES WERE BOUGHT AT A RECENT SHERIFF'S SALE FOR ABOUT ONE-HALF THE COST OF MANUFACTURE. In turn we offer them to you at a price so ridiculously low that it does not even represent manufacturing basis of cost. To appreciate this marvelous bargain compare it with other parlor suites selling at \$150.00 or thereabouts and you will realize that this parlor suite is something out of the ordinary and far superior to anything heretofore offered. It is positively the acme of perfection and the culmination of years of designing and effort. We know you will go into raptures over the beautiful appearance of it in your parlor. Don't hesitate. Order now before the tremendous flow of orders exhaust the limited stock. This is certainly a wonderful bargain and will equal your highest expectations in every particular no matter how hard you are to please. Order it with the positive assurance that you are getting the most marvelous and extraordinary value ever offered in a strictly fashionable upholstered leather seat and back 5-piece parlor suite.

Lot No. 1561.

THIS ELABORATELY HAND CARVED RICHLY DESIGNED 5-PIECE PARLOR SUITE IS POSITIVELY THE HANDSOMEST DESIGN EVER OFFERED IN AN EXCEPTIONALLY PRETTY PARLOR SUITE OF MASSIVE BUILD. The frames are made of highly figured choice grained selected stock of Birch Mahogany, hand rubbed and polished to a mirror like brilliancy. Each piece has a finely shaped back which is profusely adorned with rich raised hand carvings which greatly add to the attractiveness of this handsome parlor suite. The back is diamond tufted and superbly worked out in a very rich manner. Broad sweeping arms are very massive and project into big hand carved Dragon Heads, thus harmonizing with the general effect of the carved back. Front posts are superbly cut and shaped in a handsome sweeping roll effect and are mortised and joined to frame in a most thorough manner. Feet are blocked and fitted with best quality casters. The steel construction is rigidly attached to seat frame and is made of carefully selected carbon oil tempered steel thus insuring a permanent and practically indestructible construction. The filling is of best quality pure moss and tow with a genuine hair top and is covered with absolutely the softest grained best grade No. 1 hand buffed genuine leather. Front of seat is finely ruffled and firmly attached to seat with heaviest grade non-pull out buttons. Running across seat under upholstery is a beautiful figured panel greatly enhancing the beauty of this charming value. Platform rocker is well set and rocks comfortably. All backs of suite fit back perfectly and permit of greater comfort than offered in many designs. Spring edge of seat causes an elastic action and prevents sagging while at the same time gives the occupant a restful and billowy ocean wave sitting surface. All chairs and sofa are very large and massive in outline. Just examine illustration carefully and then allow for the fact that the suite will show up 100 per cent better in your parlor and you have a faint idea as to the richness and magnificence of it. No matter how fine a home you have or no matter how elaborately it is furnished this parlor suite will greatly add to the attractiveness of it.

Our display of Oriental Rugs has been the marvel of the Chicago public. For the past six months we have offered the stock of the celebrated firm of A. & M. Karaghensian of New York, a stock of such elegance and careful selection as would please even the most critical Oriental Rug lover. We bought this stock at Underwriter's Sale. It was purchased at just about one-half its usual selling price, and it is being sold at proportionate figures. If your needs include anything of this kind, let's talk it over with you, either in person or by mail.

No. 2003. The supremely artistic merit of this handsome 5 piece genuine leather parlor suite is apparent at a glance. MONEY REFUNDED IF NOT EXACTLY AS REPRESENTED.

If you want to equal this parlor suite in beauty you would pay fully \$100.00 on more elsewhere.

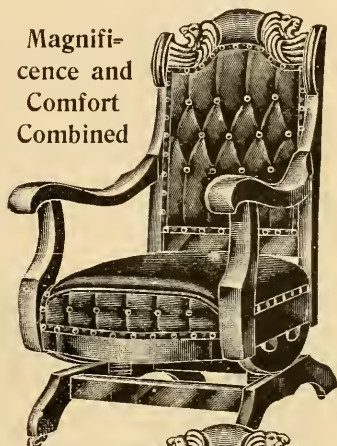

This is positively the most handsome design of the season in a luxurious and attractive pattern and will appeal to all lovers of fine parlor furniture. The design is strictly original. The workmanship could not be excelled and the finish is simply beyond comparison.

Nothing more handsome at double the price was ever offered. The beautiful magnificence and stateliness of this parlor suite cannot be appreciated from the illustration. It must be in your possession to realize the superb finish and detail paid in every part of its construction. The elegant massive proportioned frame is made of the finest quality choice grained select wood, mahogany finished.

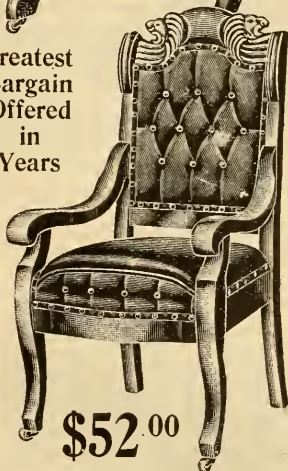

DESCRIPTION OF
INTERIOR CON-
STRUCTION.

The guaranteed steel construction used in this high grade parlor suite is made of highly carbonized oil tempered steel wire, heavily coated in Japan enamel and is strongly braced to interior of seat in an extra substantial manner. An abundant spiral spring construction such as is installed in this parlor suite cannot be exceeded in wearing qualities as well as resiliency. Over the spring is secured a heavy canvas duck on top of which is a thick layer of felt and moss with a genuine hair top filling. The finest quality No. 1 hand-buffed genuine leather is used in the upholstering and beyond all question of doubt, this suite will with proper care last a lifetime. A special feature is the full spring tufted edge and the diamond tufted back. The legs are securely boxed to frame and feet are blocked and equipped with extra fine quality casters. A highly desirable feature not often found in even high class parlor goods is that in this parlor suite the entire frame is hand rubbed and polished to a mirror-like brilliancy and with surface not even equaled by a fine piano. As the stock is limited and the demand for this bargain will undoubtedly exceed our anticipations we urge you to take advantage at once or run the risk of being unable to participate in this beautiful parlor suite bargain. We Bought An Entire Factory

One of the Largest Sales Ever Consummated. We Paid \$184,000.00 for the Entire Stock. Never Before Were Such Bargains Offered

We must admit that never in all the history of our experience, have we ever made such an advantageous purchase. It is fortunate indeed that this deal was put through in sufficient time to permit of our cataloguing the entire stock, as it now gives our country customers the same opportunity to take advantage of the bargains we offer as our city patrons. The stock comprises a vast variety of the most costly and stylish Side-boards, Buffets and China Closets ever manufactured. The prices we make on these pieces, as featured on the following pages, are far below actual manufacturing cost, and will prove a revelation to those who have been accustomed to paying the high prices asked by dealers and other concerns throughout the country. This concern, prior to going into the hands of a receiver, catered exclusively to the most exacting, fashionable trade. As you can therefore appreciate the high grade goods they manufactured are absolutely perfect in construction, matchless in finish, and superb in regal beauty.

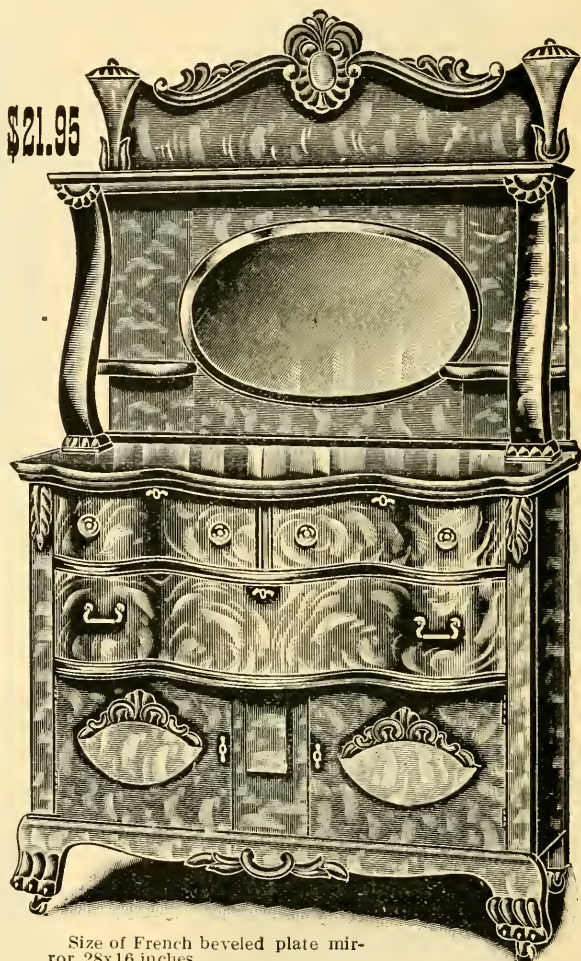

These Sideboards will be shipped direct from point of purchase in Kentucky.

Do not neglect to go carefully over these bargains and see if there is not included in the stock that we offer, just the identical patterns you want, and which you have been looking for. If your dealer happens to have a similar design in stock, please note that he will ask fully 60 per cent. over the marvelously low prices we quote. Keep in mind the fact that these goods are the finest ever produced, and are quoted at prices absolutely beyond duplication elsewhere in America. Remember that you run no risk whatever. We absolutely guarantee to please and satisfy you in every particular, no matter how exact in taste you may be. Could any proposition be more fair. The demand for the stock we have here catalogued will be enormous, and we would advise that if you wish to participate in these bargains not to delay but to order now, before the choice of these bargains are sold out.

AN EXAMPLE OF THESE ASTONISHING BARGAINS.

Lot No. 441-11. To properly appreciate this exceptional bargain, we would ask that you first carefully study the illustration, which is an exact reproduction of this Side Board, the most amazing bargain offered in years. When we say that this Sideboard is absolutely faultless in workmanship and represents the acme of perfection, we mean to convey, that for artistic possibilities and superb finish, it stands unexcelled. It is made of the finest quality quartered oak, thoroughly seasoned and kiln dried, and is beautifully finished and richly flaked. The extremely massive top is profusely ornamented with elaborate hand carvings, which not only gracefully adorns the top, but also extend about the arched standards. A feature that will impress you as being highly desirable is the canopy top, under which two shaped shelves are attached to the standards and back. These shelves are very convenient for placing vases, etc., upon them, and also greatly add to the beauty of the design. An artistically shaped, French beveled plate mirror, of the heaviest quality and as clear as crystal, is firmly set in the back. The large double depth top measures 48" in length and 23" in width. The symmetrically proportioned outlines of this Sideboard are greatly beautified by the full swell serpentine front top drawer. Under top drawer is a very deep, straight drawer, which can be used for linen. Two spacious linen compartments with elaborate raised hand carvings on doors are found very desirable for the storing of soiled linen, etc. The entire construction is the most durable possible to place in a Sideboard. The front apron rail is nicely shaped and lends a very attractive appearance to the Sideboard. If you wish to take advantage of this bargain, do not delay. Order now before our limited stock is sold out.

China Closet Bargains!

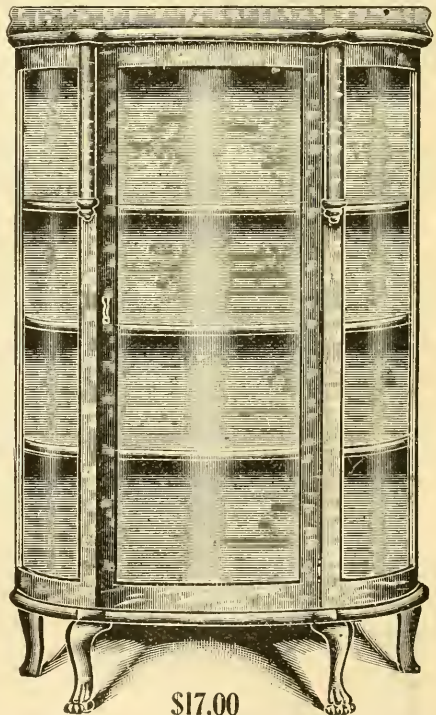

FROM our Purchase of a Manufacturer's STOCK

Never before have you had an opportunity to so economically buy the costliest and finest china closets such as are here illustrated. Take advantage of these heretofore unheard of low prices by placing your order now before the limited stock is sold out.

Lot No. 118-198. Those who appreciate regal beauty and magnificence in dining room furniture will certainly admire this elegant China Closet, positively the most wonderful bargain ever heretofore offered. It certainly is the most perfectly executed piece of workmanship and is simply matchless in beauty. We call your particular attention to the many excellent features found in this pattern, which are totally dissimilar from anything ever before placed in a stylish China Closet of high grade manufacture. Adorning each side of the door is a massive, beautifully figured, elegantly carved column, which greatly adds to the beauty of the design. It is made of the very finest quality of selected, highly figured, flaky grained, quarter-sawed oak, thoroughly seasoned and kiln dried, and finished to a piano luster. The top panel back is beautifully shaped. As you will note in illustration, the China Closet has a full, sweeping bent front and artistically bent ends, all of which are fitted with the best quality of double strength glass. Note that the French shaped legs are artistically shaped and extend into hand carved claw feet. This China Closet is systematically proportioned and is most exquisite in design. It measures in height 62 inches and in width 36 inches, so as you can readily appreciate it is an extra large piece of dining room furniture and worthy to adorn the most palatial homes.

We Bought At Bankrupt Sale 10,000 Of These GENUINE PRESS-CUT GLASS SETS

Which We Now Offer To You At A Price You Must Acknowledge
To Be Lower Than The Cost of Manufacture.

THESE SETS WHEN EXHIBITED ON ANY SIDEBOARD WILL PASS AS GENUINE
CUT GLASS OF THE HIGHEST QUALITY.

After years of research and labor the manufacturer of these Press-Cut Glass Patterns succeeded in securing an imitation of such dazzling brilliancy that it represented the genuine cut glass so accurately that experts were puzzled to detect the difference. Through the failure of a large wholesale glass concern we were enabled to buy at a sacrifice price 10,000 of these sets and now take pleasure in placing them before our many customers as representative of the great bargains we are continually offering. The marvelous brilliancy of these sets is unsurpassed by anything heretofore offered. For hardness and durability these sets have never been equaled. They possess the true fire and prismatic refulgence of genuine cut glass and are press-cut with the same precision by skilled mechanics so that these patterns are true rivals to genuine cut glass of the first water. When placed on a sideboard in front of a mirror so that the light can properly strike them they reflect all the colors of the rainbow. When ordering a china closet, buffet, or side board be sure to order one of these sets. You will be agreeably surprised at the beautiful appearance of these extraordinary bargains.

Cannot Be Detected From Genuine Cut Glass

This is a celebrated crown pattern and is an exact copy of genuine cut glass. Only experts can distinguish the two even when set side by side. It is a remarkably dazzling set and being of crystal cut-ware marks the crowning efforts of skill and genius. You will never tire of its brilliancy and charming effects. This ware is made from pure white crystal glass and afterwards it receives a high fire polish producing a superior finish that will last. We here give you the opportunity to enjoy cut glass effects for every day use at a price about one-third below actual cost of manufacture. Full set consists of 23 pieces as follows:

- | | |
|---------------------------------|-------------------------------|
| 1—Berry bowl, 8 in. diameter. | 2—Sugar and Cover, large. |

If you contemplate the purchase of a high grade, stylish Dinner service, you will find it to your interest to take advantage of this astonishing Bargain, now, before the limited stock we have is sold out. Although the stock is enormous, yet it represents such a remarkable bargain lot that there is no question of a doubt but that hundreds of orders for this pattern will pour in every day. Of course this will rapidly deplete the stock and those who do not wish to be disappointed will find it advantageous to place their orders at once. Read the description below and carefully examine the illustration which will give you a faint idea as to the artistic design and matchless beauty of a few of the pieces of the set. It does not, however, give you a correct impression of the richness and superior quality of the superb free hand painted decorations with which this set is profusely adorned. It must be seen to be fully appreciated. Remember you run no risk whatever. We want to entirely satisfy customers and therefore absolutely guarantee that every article you purchase from us is exactly as represented and if you secure any article from us that is found to be contrary, we hold ourselves in readiness to take it back and refund you the price you paid. This is our absolute guarantee of satisfaction covering each transaction and is conclusive proof that every article we feature is of the extraordinary exceptional bargains ever offered. You can't duplicate this set from any regular dealer at \$18.00.

LOT No. 110S. The celebrated China makers of France and England have gained a universal reputation for the classic border pattern they produce with coin gold treatment on fine semi-porcelain. These designs are used almost entirely by the smartest families and are very much in demand. We have been able to buy as stated above 11,000 of these elegant sets which, as you will note, come in a new design that will appeal to the most refined taste. This complete dinner service of 100 pieces is an exact reproduction of the famous St. Regis banquet service of White and Gold. The ware is light weight and of pure white body. Deep rich enamel and embossed with a continuous oriental border with a design of coin gold. The effect is a delicate gold lace edge which is harmonized by the most exquisite decorations ever placed into a high grade dinner service such as this represents.

It is made of of highly glazed pure white genuine semi-porcelain ware which is absolutely perfect in shape. Pure white in color, very artistically decorated in the most elaborate manner. It is fire and positively will not craze or discolor. The decorations are extremely rich and truly elegant, being small clusters of Pink Roses and Buds banked in soft green foliage.

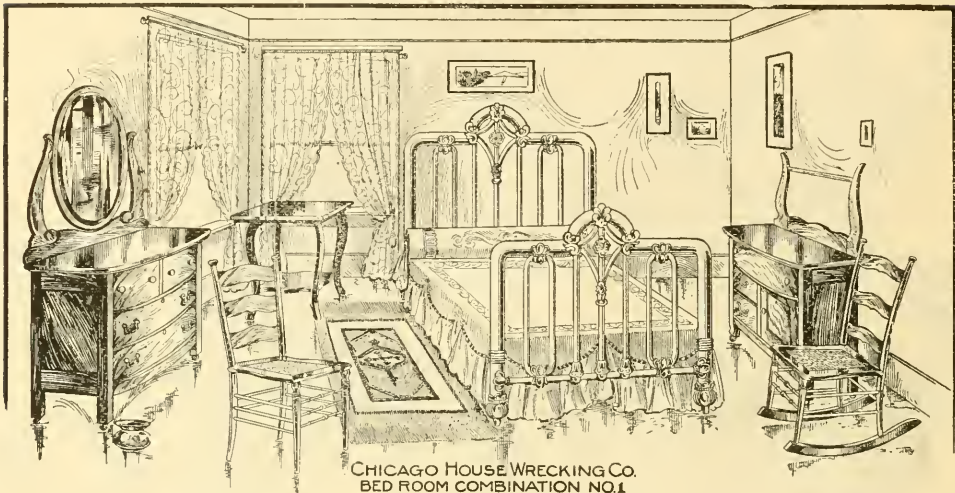

The scroll embossing of the ware and the elaborate manner in which the edges of all pieces are heavily traced in rich gold free hand work renders this the most tasty, most exquisite and richest design of table service yet produced. The natural colored roses and other popular flowers with green foliage are so perfect that they are most realistic.

The 100-piece dinner set of this beautiful ware is made up as follows:

Largest Purchase of Bed Springs Ever Consummated.

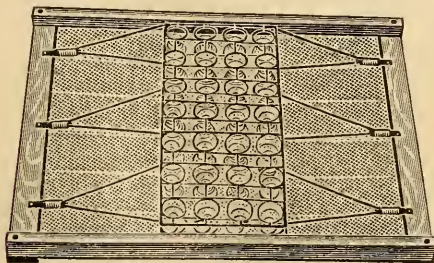

At the court sale that followed the recent failure of one of the largest manufacturers of bed springs in America, we came into possession of his entire stock comprising several big warehouses completely filled with the finest and highest grade springs possible to make. From this immense stock we selected the patterns featured below as representative of the greatest values and therefore as special inducement to dispose of the thousands on hand we are selling them at a figure that barely admits of a small margin of profit over the price we paid and which is far below actual cost of manufacture. As an example our No. 1½ spring which sells all over the country at from \$9.00 to \$10.00, we offer at \$4.10. These springs are absolutely brand new and are made in full standard sizes of finest quality of material by the highest skilled workmen. The manufacturer who made this line supplied the finest and most exacting trade so you may select any spring with the assurance that you are getting the greatest bargain you ever saw for your money.

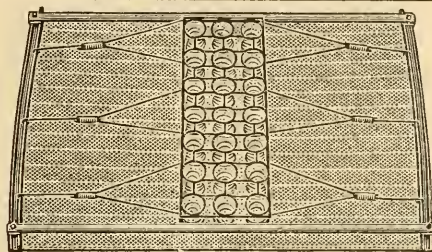

No. 70. A very durable and serviceable spring, made with good quality woven wire fabric, heavily reinforced by extra weave cords running throughout. Frame is made of thoroughly seasoned hard maple, securely joined in an exceedingly substantial manner. Can furnish this spring in all the standard sizes. This lot is absolutely brand new and we guarantee this spring to be worth fully double the price we ask. Price.....\$1.20

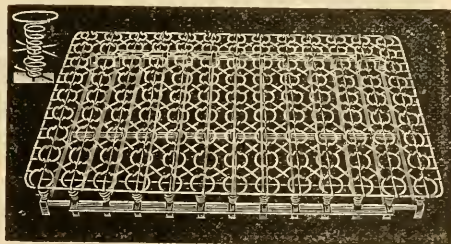

No. 55. This spiral spring is thoroughly well made and is an example of our wonderful bargains. The top and bottom surfaces are alike: the spiral spring being cone shaped, either side may be used. Entire spring construction is coated in black Japan enamel which prevents rust accumulating. Full spring contains 117 coils. It is perfectly sanitary, all parts being easily accessible. Can be furnished in all the standard sizes. A rare value. Price.....\$1.65

No. 76. This high grade spring is made with a thoroughly seasoned and kiln dried hard maple frame, to which is attached an extra good quality of double weave fabric, well supported in center on an oil tempered spiral spring construction insuring perfect distribution of strain and avoids any possibility of spring sagging. Bolted steel corner plates securely connect frame making this spring practically indestructible. Shipping weight about 42 lbs. This spring can be furnished in all sizes and is a wonderful value. Price.....\$1.75

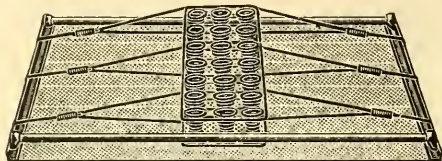

No. 45. This extra durable all iron spring has a tubular frame with head and end angle bars intersecting. The tubular side rails measure 15-16" in diameter and are securely clamped to angle ends by improved corner fastenings which guarantee a rigid and indestructible construction. Close pencil weave is elevated 4" above side rails and is of best quality material. It is exceedingly pliable and will give greater comfort than is ordinarily found in a woven wire spring. Fabric has heavy roped edge, and a heavy coil wire support containing 28 highly woven carbon spiral springs suspended by 7 oil tempered helical springs attached to end bars. This spring is particularly adapted for use on iron and brass beds. Price.....\$3.80

No. 1½. Those who appreciate thorough comfort and a perfectly resilient uncovered box spring should not overlook this amazing bargain in a high grade spring. Regular price of spring elsewhere \$9.00 to \$10.00. We took over an enormous stock at a sacrifice price at a bankrupt sale as outlined above and can safely state that this spring will equal in comfort any \$25.00 box spring made and further more will prove more sanitary and satisfactory in every detail. A most desirable feature is the slat construction which is connected to bottom of spring and composed entirely of oil tempered steel. In using this on an iron bed no slats of any kind are required and but three slats are necessary when using it on a wooden bed. It is an extremely practical spring having a rigid base, unusual strength and is exceedingly light in weight. Durable base is constructed with 13 steel bars joined together with three rows of steel wire. Top of bed is composed of 117 highly tempered spiral springs bound together with a patent interlocking top. Rigid base makes it impossible for bed to get out of shape and together with heavily reinforced parts makes this the very best spring ever placed on the market. It is coated in Black Japan enamel which makes it exceptionally clean and sanitary and prevents rust accumulating in any of the parts. Weight 47 lbs. We can furnish all sizes. Price.....\$4.10

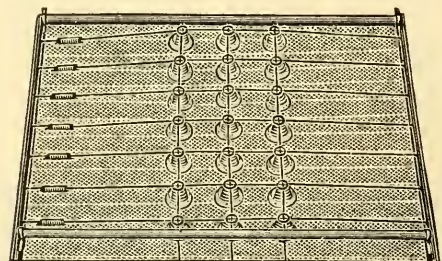

A BARGAIN LOT OF SPRINGS

The springs featured below were bought at various Sheriffs', Receivers' and Auction Sales and at the exceptionally low prices we quote the springs are listed far below actual manufacturing cost. Scrutinize this lot carefully and keep in view the fact that we absolutely guarantee satisfaction or refund your money. Never before have such high grade springs sold at such low prices as we are quoting. As the lots are limited an early selection is advised. Order now and take advantage of the extraordinary low prices before the lots are sold out. The most critical customer will have no difficulty in filling their most exacting requirements from our large stock of springs and at a positive saving of 30 to 60 per cent. on any selected.

No. 33. Never before has such a spring of this superior character sold for less than \$4.50. Entire frame is made of best quality iron having side rails of tubular construction measuring in diameter 1 5-16". The head and foot cross angle bars are securely clamped and bolted in a very substantial manner. The extra fine quality, durable weave fabric is well elevated above frame thus giving full sleeping facilities to entire surface of bed while an oil tempered spiral spring construction prevents sagging and maintains an even tension with no possibility of fabric stretching beyond normal requirements. An excellent feature is the steel corner fastenings which makes spring absolutely rigid and practically indestructible. This is a particularly desirable spring for all iron and brass beds. All sizes.

Price, any size.....\$3.65

Lot No. S. 2. At a large Receiver's Sale we bought 320 of these extra heavy tubular rail springs which positively represent extraordinary and marvelous value and cannot be duplicated anywhere at the extremely low price we quote. The cross angle bars are made of best quality material and rigidly support a hand laid fabric which in turn is further strengthened by a heavy oil tempered spiral support suspended by carbonized steel helicals and best grade steel cord. Spring has a very heavy rope edge insuring a pliable edge and exceedingly elastic surface. Frame is reinforced and Japanned in black enamel thus preventing rust from accumulating. We have at present all standard sizes in stock.

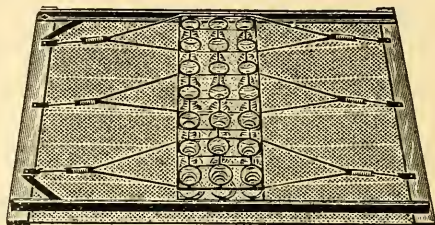

Price, any size.....\$2.75

Lot No. S. 5. 34 extra heavy tubular rail springs made of best quality malleable iron with oil tempered steel angle bars to which is attached an exceedingly elastic and durable fabric. Sleeping surface is very pliable and exceedingly comfortable. The non-stretching fabric is firmly supported by a set of oil tempered spiral springs which are firmly attached to frame and which absolutely prevents sagging. Frame is finely Japanned in black enamel. All sizes in stock at present.

Price, any size.....\$3.85

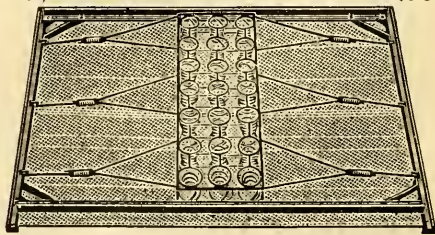

Lot No. S. 1. 247 angle iron springs, made of best quality steel and malleable tubing. Very heavy frame with reinforced corners and a set of substantial steel helicals suspending a carbon oil spiral support which absolutely prevents sagging and guarantees a perfectly even distribution of strain throughout the frame. The extremely durable fabric is made of extra quality material and if handled with proper care is practically indestructible. This fabric has an extra heavy rope edge insuring a substantial non-stretching surface. A wonderful value. We can supply this spring in all standard sizes, viz: 3'; 3'6"; 4'; 4'6".

Price, any size.....\$2.35

Lot No. S. 3. Consists of 479 high grade malleable tubular rail springs, made with highly tempered angle bars and has an extra substantial spiral support suspended by carbonized steel cords and tool hardened helicals which absolutely prevent the double pencil weave from sagging no matter how heavily it is tested. The perfect construction of the spring causes such an unusually elastic action in the fabric that the weight with which it is subjected is evenly distributed and the strain is borne by entire frame and not as is often the case in cheap springs at the weakest part, viz: connecting parts of fabrics. All joining parts of spring are heavily reinforced in a most durable manner and the spring is considered to be practically indestructible. This spring will fill the most exacting requirements of the most critical purchaser. Order this spring with the positive assurance that you are getting extraordinary value and a spring equal in comfort and durability to any \$25.00 box spring made.

Price, all sizes.....\$3.85

No. 23. An extra durable substantially built angle iron frame spring at an extremely low price. The fine quality fabric is elevated above the side rails and is heavily reinforced throughout with double weave seams and is supported in center by a genuine oil tempered spring construction assuring rest giving qualities that are unsurpassed. Carbon steel helicals relax the strain of spiral support by connecting it with steel cords thus making it impossible for spring to sag.

We offer you the cream of this immense stock at a positive saving of over 50 per cent. An opportunity of this kind is never liable to occur again. You will find it to your advantage to buy now and participate in the amazing bargains presented to you. Don't hesitate. Thousands of our customers who are anxiously awaiting this catalogue will at once recognize this great value and flood us with their orders. If you delay your order may be received too late. Never before in the history of mattress manufacture have genuine felt mattresses sold at such remarkably low prices as those we quote

1-3 your life is spent in bed. A good mattress makes a good bed. Unless you enjoy a comfortable sleep you cannot feel refreshed during the day. A great many who continually feel tired and depressed during the day and express themselves as being unable to enjoy a perfect sleep will be surprised to learn that nine times out of ten it is the fault of the mattress. You will never know what genuine comfort is until you try an elastic felt mattress. The felt mattress is the latest and most modern development of mattress making today. Those who experience any discomfort with ordinary mattresses will find this felt mattress a boon and indispensable essential to the health and comfort once it is tried. This elastic felt mattress is universally acknowledged to be the finest made in the world. If you paid \$50.00 for the finest box mattress made you could not get more comfort than offered to you in this.

NOTE THE METHOD IN WHICH THESE MATTRESSES WERE MADE.

Positively will not mat or get lumpy. They are the most sanitary, absolutely vermin proof and are non-absorbent. Never require remaking. The ideal mattress for comfort and durability, perfect from every point of view. These mattresses are not stuffed but are packed in the same manner as is a trunk. The fibre cotton layers are treated to a special process whereby they are absolutely cleansed and purified and rendered sanitary; thereafter are subjected to air, steam and dry heat treatments and then are carefully spun and beaten into loose flaky sheets. The mattress is then built, not packed, on exactly the same principal as you would construct a brick foundation, layer upon layer after which the fibre layers are drawn to their utmost tension and are heavily compressed and inserted into a handsome ticking which is then taped and firmly double stitched thus completing process and turning out a perfectly resilient, elastic and soft felt mattress. The very same mattress as here shown was advertised and sold throughout the country at two or three times the price we ask.

We urge you to order one of these excellent mattresses. It will give us an opportunity to demonstrate, at our risk, that the values herein quoted are positively beyond duplication any where in the world. No concern on earth can equal these prices. We guarantee absolute satisfaction in each transaction. No matter how exacting in taste you may be, these comfortable felt mattresses will surpass your anticipations.

High Grade Chiffoniers

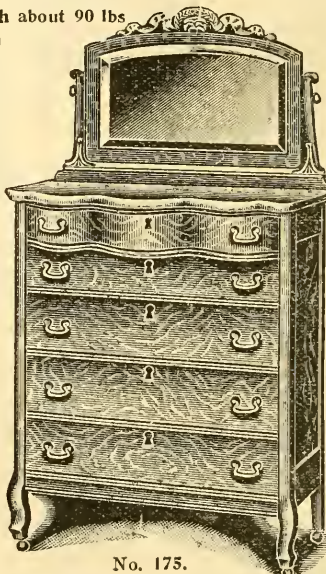

GUARANTEED BRAND NEW AND PERFECT

Money couldn't buy more handsome or up-to-date chiffoniers than those listed in this catalogue. Please take note of the fact that we do not handle chiffoniers of the same character as those handled by regular mail order concerns. The policy of this concern has always been to sell merchandise that will not only satisfy the customer but which will prove a greater bargain than can be procured elsewhere. Our buyers are prohibited from purchasing "cheap trashy goods" of the construction and finish of goods sold by many Furniture Concerns. Goods of that class are dear at any price. When you buy Furniture it is better to buy one piece of good furniture than a whole lot of "trashy goods" which never will prove satisfactory and which generally go to pieces within a very short time after arrival. We urge you to place your order for one of these chiffoniers at once. Do not delay. An opportunity of this character is not offered you every day. Remember you run no risk. We guarantee absolute satisfaction or refund your money. Send us your order today—now.

The Chiffoniers on this page weigh about 90 lbs

PURCHASED AT A LARGE BANKRUPT DEALERS SALE

Entire stock comprising a lot of 134 exceptionally fine, highest grade Sewing Machines, made for the most exclusive trade by the foremost maker of sewing machines in this country, now offered to you at less than any other concern can duplicate. These sewing machines are absolutely brand new, having been shipped direct to this dealer just two months prior to his business being placed in the hands of the Sheriff. As this dealer catered exclusively to the most fashionable and exacting trade, you can appreciate that the sewing machines he carried in stock positively represent the cream of the finest makes. We can safely say that the features found in these sewing machines are far in advance of that found in the ordinary make. A glance at these machines will at once convince you of their superiority and that they represent the acme of perfection and the highest grade example of skilled workmanship. These sewing machines are perfectly faultless in operation, and we know that the marvelously easy running gear and the ease with which the most difficult work is performed will exceed your utmost anticipations. All machines are artistically ornamented in a highly elaborate manner, and we assure you that these sewing machines are the greatest values that have ever been placed before you. We will not only claim to offer you the greatest value, but will substantiate our claim by giving a guarantee with each one of these machines, offering to duplicate any part that proves defective in 10 years, absolutely free of charge (shuttles, bobbins and needles excepted), thereby proving conclusively our confidence in the sewing machines featured. Could any proposition be more fair? With all Machines featured on the following pages, we will furnish full attachments and accessories, free of charge, consisting of

- | | |
|---|-------------------------------------|
| 1 gauge. | 1 combination screw set. |
| 1 gauge screw. | 1 hemmer (can be used as a feller). |
| 1 oil can, filled. | 1 belt and coupling. |
| 6 bobbins. | 1 shuttle. |
| 1 instruction book. | 1 quilter |
| 1 dozen needles. | |
| Extra attachments free, in velvet lined metal case. | |
| 1 tucker. | 1 hemmer set (4 widths) and binder. |
| 1 ruffler with shirring plate. | 1 braider. |
| 1 thread cutter. | |

All these attachments are heavily nickel-plated and are as carefully constructed as the mechanism of the machine itself.

Please note that we guarantee each of these Sewing Machines for 10 years. We guarantee entire satisfaction or refund your money. This is the most convincing argument we can make in favor of these marvelously low priced, high grade sewing machines.

WE BUY MORE-BANKRUPT STOCKS OF SEWING MACHINES THAN ANY OTHER CONCERN IN THE WORLD

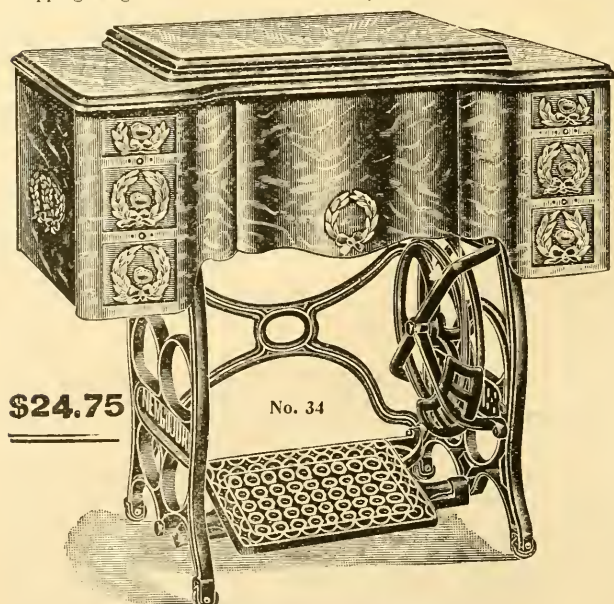

We are continually buying large bankrupt stocks of sewing machines of all the different makes, and should you be in the market for any certain make of sewing machine, write us. It may be that we have just the identical machine you are looking for. Limited space prevents our illustrating every machine we have, for were we to feature each one it would require a book in itself. We, however, can state with positive assurance that never in the history of sewing machine manufacture has it been possible to make the designs herein featured, in carload lots, at the great reduction below cost price at which they are offered. We particularly call your attention to the No. 34 Sewing Machine which is beyond the question of a doubt the most astonishing value ever offered. It can do a wider range of work and embodies more practical elegance and superior workmanship than any \$100.00 sewing machine made. Carefully read the description of this unexcelled value and closely examine the illustration,

TWO GRAND HIGH ARM DROP HEAD SEWING MACHINE BARGAINS.

It is impossible to get a Better Machine than this anywhere else no matter how high a price you pay.

From the lot purchased at Bankrupt Sale.

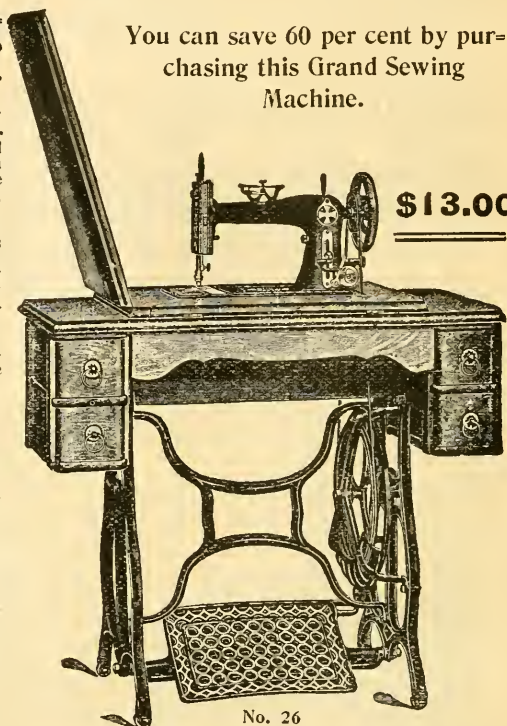

No. 34. As you will note by accompanying illustration, this is an exceptionally elaborate and handsome sewing machine, made in an extra painstaking manner. The entire case is made of the finest quality of quarter-sawed oak, finished in a rich shade of golden, hand rubbed and polished to the highest possible brilliancy. It is profusely adorned with rich hand carvings which are highly ornamental in appearance and lends that rich attractiveness to a sewing machine that is so desirable when purchasing an article with the intention of having it harmonize with the most luxurious surroundings. It has an artistic 6 drawer serpentine front, automatic lift, and is furnished with all the accessories and attachments described on page 362. Drawer cases are enclosed and absolutely dust proof and one compartment is divided for the reception of attachments that we furnish as mentioned above. The arm is of the largest size, extra strong and well proportioned thus insuring easy performance of the most bulky work. Take up is absolutely perfect and automatic in its operation. Tension is latest improved disc. Automatic bobbin winder is a desirable feature and operates accurately. Needle bar is round, accurately finished and thoroughly hardened. The round bar insures absolutely uniform wear at all points and perfect lubrication throughout. Hand wheel is equipped with a hand release device of the latest construction. Shuttle is cylindrical in shape and absolutely positive self threading. Stand is equipped with nickel plated casters. This machine does Hemming, Stitching, Binding, Tucking, Ruffling, Gathering, Hem Stitching, S-aming, etc. In fact it is adapted to every variety of sewing from the lightest muslin to the heaviest cloth. All panels finely nickel plated. Shipping weight 130 lbs. Price.\$24.75

No. 26

No. 26. A magnificent high arm drop head sewing machine quoted at an astonishing low price. Compare this value with Sewing Machines offered by others and you will be surprised to note how much more they want for a machine similar to this. You save from 40 to 60 per cent. in buying a sewing machine from us and on this sewing machine alone you are assured of a positive saving of over 55 per cent. It is an extremely handsome type, the design being perfectly symmetrical and highly ornamental in outline while the wood used in the construction is of the finest quality choice grained, flaky figured quarter-sawed oak, finished in a rich shade of golden, hand rubbed and polished to a mirror like brilliancy. It has a straight front table and extra massive pivot bearing stand. The head is made of the finest quality material and the mechanism is perfect from every point of view. The treadle operates very evenly and is so finely adjusted that it is absolutely free from noise and works with one-half the exertion required on ordinary machines.

You can accomplish a wide range of work and do it perfectly. It has an automatic bobbin winder, new feed motion operated on ball bearings, stitch regulator with scale spring tension, cylinder shuttle, self setting needle and is furnished with free attachments and accessories as described on page 362. This machine is adapted to every grade of work from the lightest linen to the heaviest cloth. We absolutely guarantee this Sewing Machine for 10 years with our solid binding guarantee as outlined, which is given on page 362. Stand is furnished with nickel plated casters. Shipping weight, 115 lbs. Price.\$13.00

OUR GREAT SPECIAL

The Greatest Sewing Machine Value Ever Offered.

No. 29. This highly artistic exceptionally fine drop head sewing machine is exactly like illustration. If you paid \$100.00 you could not get a more perfect piece of mechanism. It is made with as fine an adjustment as is found in a watch. Only the finest of oil tempered steel is used and each part is highly tempered and polished. Mechanically accurate and mechanically perfect. It represents an embodiment of every feature and achievement that goes to make a Sewing Machine beyond comparison with that of the ordinary makes and superior to any that is not in its class. Running operation is so perfect that machine almost seems to run automatically to the user. This is because of the finely adjusted ball bearings and other working parts being made of the finest quality tool steel, highly tempered and connected to a nicety thus reducing friction of stand to a minimum and assuring more perfect operation. No work is too heavy; no work is too light for this machine to perform perfectly and faultlessly. The ball-bearing stand has a tempered steel cone adjustment with ball-bearing steel pitman rod made from cold rolled steel with malleable shoulders shrunk on each end and nickel plated in a highly elaborate manner.

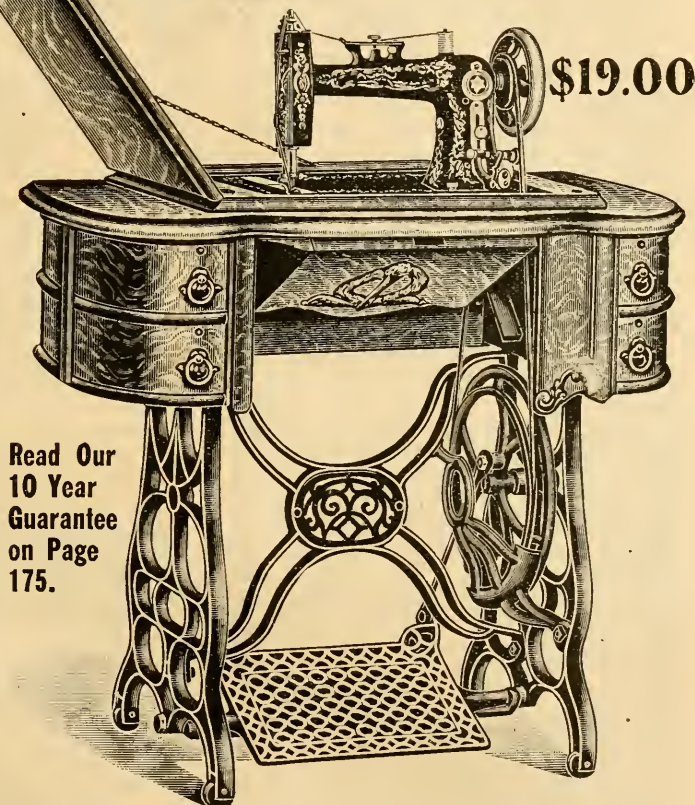

Automatic bobbin winder is one of the greatest improvements ever placed on a Sewing Machine and insures the winding of the bobbin in a uniform manner. Tension is of the latest improved type which with a positive take up insures proper and correct manipulation of thread at all times. The self threading cylinder shuttle and self threading needle are of the most improved type. This machine makes a double lock stitch and is surpassed by none other for simplicity and durability of construction. A noticeable feature is the absolute freedom from noise and the practical elegance of the mechanism. The head is an unusually pretty piece of workmanship and is handsomely finished in black enamel; artistically decorated. The case is made of a select quality of quarter-sawed oak, finished in a beautiful shade of golden; hand rubbed and polished to a piano luster. The skeleton drawers are beautifully rounded and fitted with a divided compartment for the accommodation of the attachments and accessories furnished free with this machine, a full description of which is given on page 262. The panels and swelled front table are profusely adorned with rich hand carvings which show up in a very elaborate manner, very little of which you can see in illustration. 1/2 yard tape measure is inserted in table and is a very practical and convenient arrangement. The most desirable feature and one which is an exclusive device found only in this machine is the automatic self locking attachment which the moment the drop head is lowered locks all the drawers automatically and when drop head is elevated into place as arm is opened unlocks the drawers. This is a practical improvement of immense value to every house holder.

It is a convenience and time saver, and avoids the trouble that generally occurs when drawers are locked and when the key is misplaced. When buying this machine remember we guarantee it for 10 years, as stated on page 262. This is conclusive proof that it is all that it is stated to be and a great deal more than we have room to outline. You may safely purchase this machine with the positive assurance that it is the most marvelous and extraordinary value ever offered to you. Hundreds will take advantage of this unusual bargain, so prompt action in ordering is advised, as we have but 134 machines, about one-third of which are of this make. We must adhere to our policy of "First come first served." The time to act is to-day while this bargain sale is taking place. Don't wait until it is too late; act quickly. Remember we guarantee absolute satisfaction or return your money. Shipping weight, 125 lbs.

Empire Gem Steel Range

For Wood or Coal

This Economical Fuel Consuming Steel Range is one of the greatest bargains we have ever

presented our customers. These ranges were made by the best skilled mechanics, and nothing but the finest material was used in their construction. This range is sold throughout the country at prices double the amount we are now asking. The weight of these ranges varies from 330 pounds in the smallest size to 445 pounds in the 20-inch size. We guarantee it to be the greatest steel range value ever offered.

Nickel-plated Parts: fire doors, oven doors, oven door panels, top band and all ornamental parts. The fire box measures 21 inches in length and will accommodate more fuel than any other range of its kind on the market. If you purchase this range without reservoir the difference in length of top will be 5 inches less than given in table below. No matter how much you care to pay or how fine a range you are desirous of securing, it is utterly impossible to get a more handsome economical fuel consumer or range capable of greater heating power. The lowest priced good range offered by any concern.

For the benefit of those who wish to take advantage of our bargain prices now, but do not require delivery until late in the fall, we will be glad to hold any stove or range upon a small deposit, balance to be paid when shipment is made.

This is a very interesting proposition for stove buyers to consider and is made solely to accommodate many of our customers who want to take advantage of our marvellously low prices now and avoid any possibility of being disappointed by waiting until fall and then run the risk to be unable to secure the stove they desire because the stock on hand being sold out.

Crystal Steel Range

For Wood or Coal.

LOT No. 22X. All steel ranges listed under this lot number are unquestionably the greatest bargains ever offered at the prices quoted below. The construction, finish, workmanship, is of the highest character. The company who made these ranges enjoys a world-wide reputation. Their product is considered the finest. While the prices we quote are far below the regular selling prices of these ranges do not infer that the quality is correspondingly less. The best way that we can demonstrate the high grade construction, economical consumption of fuel, great heating capacity, baking power, handsome appearance and practicability of these ranges is to let us ship one to you under our guarantee of absolute satisfaction. Remember, if these ranges are not exactly as represented we will return your money.

GENERAL DESCRIPTION: Body is of 22" gauge American clean black steel. Oven is of 18 gauge steel and is lined with asbestos on inside of front and back over oven plate and down inside of flues to oven and bottom of range. While this is much more expensive than the customary material used in the construction of ranges, it adds to the durability and extends lifetime of a range far beyond what you usually experience in most ranges. The asbestos lining retains the heat within the oven and at the same time prevents any possibility of over heating through negligence.

Elaborately ornamented and nickel plated brackets, high shelf bands, tea stands, pipe damper main top band, corner brackets, oven door, oven door handle, name plate, clean out door, wood fire door, ash door, and door knobs. Dimension of fire box, all sizes as follows: Width, 9", dep., 6 1/2", length, 18".

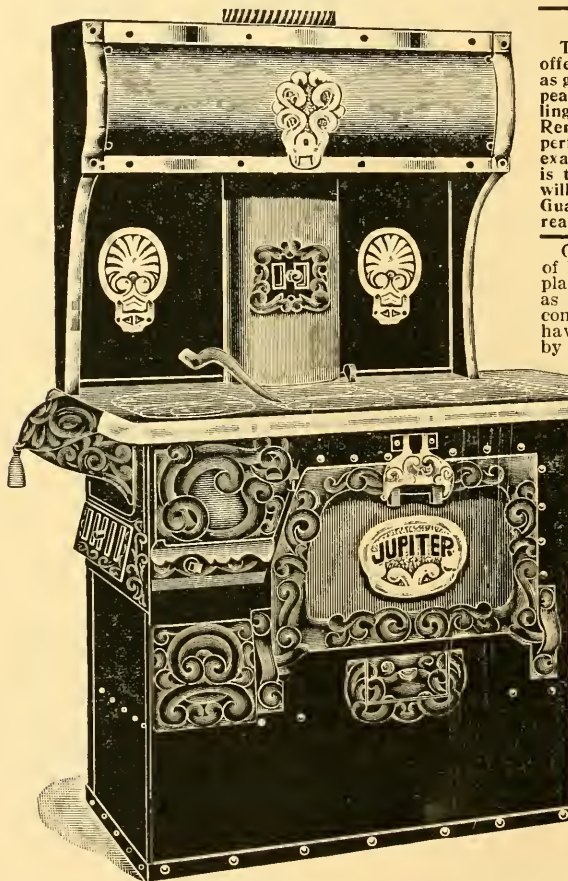

Fire box will accommodate wood 25" in length. End shelf measures 28x7". Any 7" pipe will fit collar of range. Weight of various sizes of this range with high closet and reservoir given below. If purchased without reservoir or high closet, the difference in weight is slightly over 100 pounds less. By allowing for this difference you can easily compute the approximate weight of this range in all sizes.

SPECIAL JOB LOT OF STEEL RANGES.

JUPITER STEEL RANGE FOR COAL OR WOOD

Take Choice of any in this Lot at a Positive
Saving of 60 Per Cent.

WE GUARANTEE

This range to be the greatest bargain ever offered at the price, and furthermore to be as good a baker, heater and as artistic in appearance as any range on the market selling at double our extremely low prices. Remember you can buy from us with perfect confidence. If our goods are not exactly as represented all you have to do is to return the merchandise to us and we will refund your money. Surely under a Guarantee as liberal as this there is no reason why you cannot favor us with order.

Our recent purchase of an immense stock of high grade steel ranges enables us to place this great value before you. Coming as it does at so opportune a time we feel confident that the large stock we have on hand will be rapidly diminished by the enormous demand of our customers who will be in the market for ranges for this coming winter's use.

We urge every one contemplating the purchase of a steel range to very carefully consider the merits of this exceptional value. Perhaps never again will an opportunity of this exceptional character occur. The superior quality of these ranges combined with the extremely low prices we are quoting should prove an inducement sufficient in itself to rapidly exhaust our stock within a very limited time. We advise that you place your order at once. Don't delay until the stock on hand is sold out. Order today even though you don't need the range for months to come. If you will send us a small deposit we will gladly hold this range until delivery is desired. We can furnish this range in one size only: No. 8-19. Size of oven 18x20½x12 inches. Size of top including the end shelf is 39½x28½ in. Has six, No. 8 cooking holes. Total height from floor to top of high closet 54½ in. Height from cooking top to floor 29½ inches. Size of fire box 8½ inches wide 5½ inches deep. Length for coal 18 inches, length

for wood 24 inches. 7-inch pipe will fit collar. The body is made of heavy 22 Gauge American clean black steel and the oven which is also heavily lined is packed with a high grade quality asbestos lining on inside of front and back; also over oven top and down inside of flues to oven and bottom of range. Equipped with patented duplex grate. Shipping weight of this range with reservoir and high closet 440 lbs. Weight with reservoir but without high closet 365 lbs. Weight with square back-guard (without high closet or reservoir), 295 lbs. The highly polished nickel plated ornaments with which this range is adorned causes this range to often to be mistaken for a much higher quality than its regular selling price, which is far in excess of our price. Taking these facts into consideration we can see no reason why anyone in the market for a high grade steel range could pass by a value like this. Remember you run no risk, we guarantee the range to be exactly as represented and the greatest bargain ever offered at the price. Of course the other ranges are proportionately greater values.

\$21.⁵⁰ BUYS THIS STEEL RANGE

Without Reservoir and High Shelf.

Lot No. F461.

150 Strictly First Quality Ranges representative of the finest and costliest manufacture. Positively the very best ranges that you can possibly obtain at the prices quoted below. We guarantee this range to give perfect and lasting satisfaction. It is undoubtedly the most complete range on the market. It has devices not found on other makes in addition to which it is unusual attractive in design, very massive in appearance, a splendid baker, an excellent heater and above all an economic consumer of fuel. Size of fire box, width 8½ inches, depth 8½ inches. Its length when used for coal is 18 inches, for wood 26 inches. We furnish free of charge an extra high quality

oven thermometer and special front anchor plate. The later device can be raised on hinge and held in place when handling the fire, a feature not found on even the most improved ranges. Equipped with an entirely new automatic duplex grate for wood and coal. The oven

damper is operated from the front of range, the user not being required to reach over to the smoke pipe. The mechanism is extremely simple and on the outside of range. It cannot rust, or get out of order. The reservoir covers are beautifully designed and corresponds with the general pattern of the stove. The best quality of asbestos is packed and lined on the inside of front and

back and also over top of oven and down back flues to oven bottom. Body is made of highest grade 22 gauge Wellsville polished steel. Oven is made of 18 inch gauge American Bessemer steel. It is fitted with especially arranged ash chute which prevents ashes falling on bottom of range; die made ash pan; has cast iron oven bottom and wire oven rack. Heavy cast iron base furnished free of charge with all sizes.

Regal America Steel Range

(For Hard or Soft Coal or Wood)

This Desirable Range is constructed of the very finest quality of extra heavy Wellsville polished steel. It is a most desirable range, and because of its strict economy in the use of fuel, will save its cost many times over. It has a square steel body, securely braced to prevent warping. All parts which are subjected to intense heat are protected with an asbestos lining, which in addition to protecting the sheet steel, produces a uniform temperature of heat in the oven. The special merits of this range are: Boiler door, send draft register and poker door, ventilated oven, large ash pan, large flue-cleaning door, screw draft and register in ash pan door. Has Duplex grate combination for coal or wood, large and well protected fire-box. The High shelf and high closet are made of heavy sheet steel, with pipe section and draft.

The elaborate manner in which the nickel trimmings are placed about range, and the profuse ornamentation of them makes this a most attractive range. Can be had with high shelf instead of high closet if preferred. A few in lot come with water front, while others have reservoir with high closet.

Celebrated Air Tight Heater. For Wood Only.

This Air Tight Heater is positively the most astonishing bargain ever offered. At our marvelously low price no concern on earth can duplicate the value. This high grade air tight heater must not be compared with the cheap makes with which the country is flooded. It is made of the finest materials throughout, and is very heavily braced and can be depended upon to give excellent service. The bottoms are double seamed and the tops are riveted, thus greatly adding to the finish and also strengthening the tops and preventing them from warping. All collars are swedged into place by a power machine, which makes them extra strong and impossible to displace. Front draft is provided with a screw damper, which can be opened and closed without disturbing cover. It is adapted for heating large spaces, such as stores, schools, etc. The finest quality of blued steel is used in manufacture of this high grade heater. Has nickeled urn and turnkey. **Note—No. 180 has no lining.**

HOMER CANNON HEATER

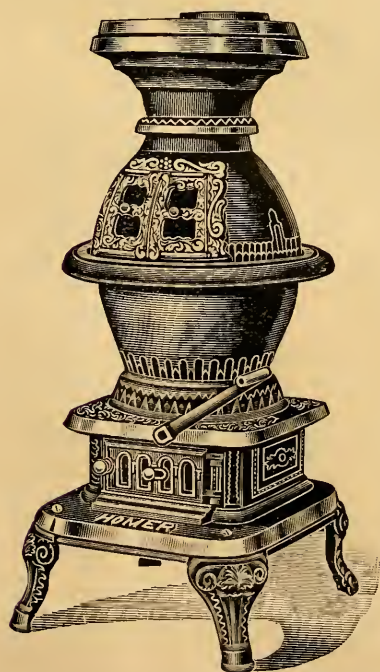

**For Hard or Soft Coal
or Wood.**

This Stove Will Burn Wood or any Kind of fuel as Well as Coal. For powerful heating it has no equal. The grate surface is large, and the cylinders are heavy and durable. The stove is provided with a Duplex Grate, and has large sliding feed doors and a removable lid on top.

Every one who purchases this stove should order a drum with it. A drum tends to increase the heating capacity, and causes the heat which generally escapes up the chimney to be held in the drum and circulated around the room. Dealers who wish to profit should not neglect to order a quantity of these as they will easily command double our prices and sell rapidly at that too.

It caused quite a stir in the commercial world when we purchased outright the enormous stock and complete equipment of one of the most mammoth wholesale stove concerns in this country. From the stock we secured thousands of stoves made up for the finest trade which we are about to offer to you at prices so ridiculously low that you cannot help acknowledging that they are almost past belief. Never before was such a gigantic purchase consummated. We are the only house wrecking concern in the world that devotes our entire energies to the purchase of general stock and merchandise of every character from Sheriffs', Receivers', Trustees', Assignees', Manufacturers' and other bankrupt sales; therefore, we are about the only concern in the world that is capable of taking over the immense stock of this large concern in its entirety.

WE ARE GLAD TO STATE THAT THIS OPPORTUNE PURCHASE WILL ENABLE THOUSANDS OF OUR CUSTOMERS TO ORDER STOVES FOR THIS WINTER'S USE AT PRICES THAT ARE LOWER THAN HAVE EVER BEFORE BEEN DREAMED OF. We guarantee these stoves to be quoted at less than half value.

The Star Hot Blast Heater here illustrated is beyond question of a doubt, the most amazing bargain ever offered in a hot blast heater. It gives a maximum radiation of heat with a minimum of fuel. We absolutely guarantee it to be one of the greatest fuel saving stoves on the market. THIS HEATER IS EQUIPPED WITH HOT BLAST ATTACHMENTS.

LOT No. 40. We call your particular attention to the many excellent features of this Star Hot Blast Heater. It is positively the most marvelous and extraordinary value ever offered. This splendid heater is noted for its great economy of fuel. It burns coal, wood and coke and other combustible materials with the greatest satisfaction. It produces a maximum amount of heat for a minimum amount of fuel. It has a new principle of hot blast circulation by which it burns its own gas.

The Star Hot Blast is a convenient, durable and effective heater; very neat in design, and is made of the finest quality of castings with a Heavy Body of Bessemer Steel. It is provided with a hot blast tube descending from the lid to the center of the stove through which the air is admitted into the fire pot, where it comes in contact with the gases and smoke caused by combustion and produces a blast of the greatest intensity, thus consuming all gas and smoke.

It is very ornamental in appearance and is beautifully trimmed in nickel. It has a large and most durable fire pot, new patent grate and large bailed ash pan. The large drop feed door is a very practical feature and will meet with the approval of all that purchase this heater. The set of grate is evenly fitted and is made of best quality material. The air tight screw registers, foot rails, name plate, top ring, keys and urn are all heavily nicked and greatly add to the beauty and ornamentation of the exceptionally handsome heater. By a system of drafts and draft regulators, the hot blast can be made to burn any grade of soft coal to the cheapest quality slack, so as to secure perfect combustion with great economy of fuel. All shutters, dampers and doors are fitted by expert workmen. Perfect control of fire is secured by hot blast damper combined with a new tight ash pit door.

LOT No. 50. From the accompanying illustration you will get a faint idea of the Regal beauty of this handsome Sun Hot Blast Heater. It is made in full size, is handsome in design, is very original in construction and is exceptionally attractive. You can use this heater in the finest furnished parlor and it will harmonize perfectly with the surroundings. It comprises all the practical features of a convenient, durable, effective and economical heater and hot blast stove. The heavy hollow ring encircles the top of the firepot through which the air is admitted by means of a screw draft register in front of the stove into the firepot where it comes in contact with the gas and smoke caused by the combustion and therefore produces a blast of the greatest intensity which consumes all the gas and smoke. This heater will therefore generate greater heat with a smaller amount of fuel than any other stove on the market. Because of the principle of their construction they will burn the cheapest grades of fuel, such as slack, cheap soft coal, etc.

It is very ornamental in appearance and is fitted with a very heavy base. It has a heavy sheet steel under base bottom and heavy corrugated firepot and a large, very elaborately ornamented firepot ring which adds to the beauty and attractiveness of the design. The shaker-draw-center-grate and cut-off grate for wood are very practical features found in the heater. Heater comes with a large bailed ash pan and all the attachments essential to the operation of this stove. The hook on foot rails is in three interchangeable sections. The steel top ring, swing top, name plate, screw registers, knobs and handles and the elaborate exceptionally fine top ornament are all heavily nicked in the most careful manner. This is a heater that will give a life time service and can be regulated so that the fire will be kept in it for days at a time without feeding any fuel outside of the initial feed. It will hold fire for forty-eight hours without any trouble, whatever.

AIR BLAST SMOKE CONSUMER

For Hard or Soft Coal. It saves its cost many times over in its economic consumption of fuel.

From Forced Sale. Just Received; one carload celebrated Air Blast Smoke Consuming Hot Blast Slack Burners. Most Astonishing Heater Bargain Ever Offered.

DESCRIPTION. The air is admitted through an upper draft, and is carried down to the upper gas ring where it passes over and around the gas ring and is admitted through small openings which forces the hot blast to the center of fire away from all castings.

Detention of air around gas ring before being admitted to the fire keeps the castings comparatively cool, and makes them correspondingly long-lived. It will heat large sized rooms and in fact many customers heat an entire house with one. Because of its peculiarly constructed burners it consumes all gases and smoke and will burn almost any kind of fuel; the cheapest giving as equally good service as the finer grades.

The Top is provided with an extra large feed door and check-draft in pipe cooler. The bottom is a one-piece solid cast iron. Body is made of No. 18 heavy gauge boiler iron, highly polished and securely sealed with best grade Asbestos. This construction renders it absolutely airtight. It has a large sheet steel ash pan and cone center or draw-center grate.

Nickel Trimmings consist of urn, swing top, top ring, name plate, draft plate, foot rails, poker, keys and knobs. Dealers will find it advantageous to order a number of these as they will easily command double the price we ask, and prove an exceptional seller at that, too. We will make a small reduction on these stoves in lots of six or a dozen.

Comparison of prices below will convince you that we can sell you stoves at far less than you could buy them in carload lots direct from the original manufacturer.

VICTOR SOLAR DOUBLE HEATING

BASE BURNER

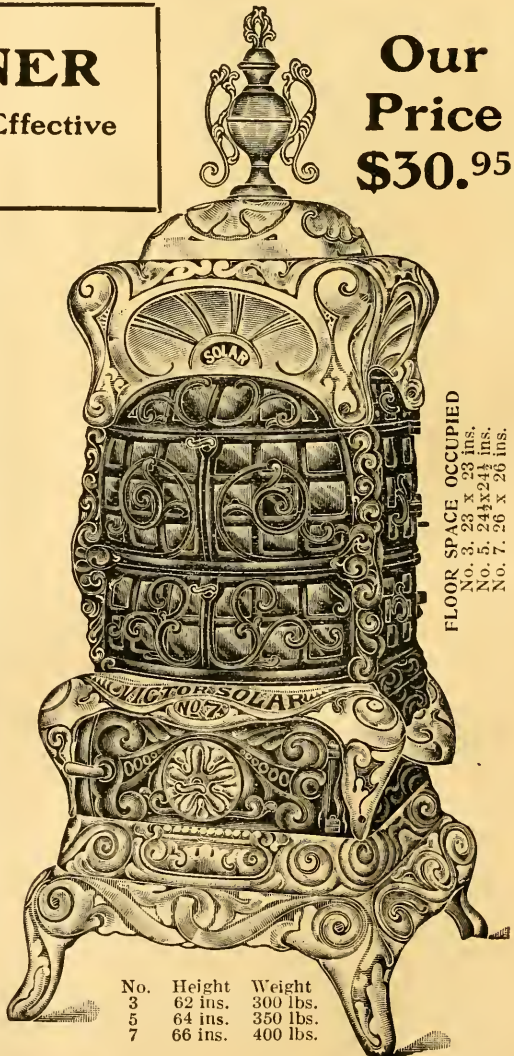

**Handsomest and Most Effective
Heater Made.**

The Most Beautiful Double Heating Base Heater and Base Burner ever offered our customers. Its imperial beauty and attractiveness will appeal to the most fastidious. It stands foremost in impressive appearance, durability and economy in fuel, powerful heating and perfect construction. Every practical device to be found in the costliest and finest heaters made will be found embodied in this high grade heater in the most artistic manner. The enormous expanse of Mica gives a free view of the fire and permits the wood to cast its glow with radiancy. The hot air flue passes up through the center which is more effective in circulating and distributing the heat in the room than flues placed in the corners. The cool air enters the flue at the lower back. It has a large fire-pot which draws out through the front. The Duplex Grate is equipped with shaking ring, while the ash pit is heavily braced and is of much better construction than found in ordinary heaters placed upon the market. It has a large ash pan and a magazine capable of immense capacity. Same is fitted with an automatic magazine cover. The beautiful swing front and side doors and reflector are artistically constructed and richly ornamented. The following parts are of the highest nickel finish: Dome, side foot rails, name panel, screw draft register, door handle and hinge pins. No matter how hard you are to please this is an article that will equal your highest expectations in every respect. It will last a lifetime and will save its cost many times over in its economic consumption of fuel.

Genuine White Frost Refrigerators, \$17.50

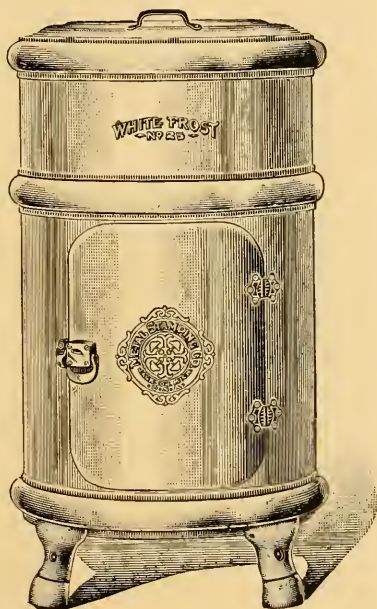

Brand New; Wonderful Ice Savers; Sanitary and Spacious.
Only a Few Left, Send Us Your Order at Once.

FROM MANUFACTURERS' SALE!

Unquestionably the greatest refrigerator value ever offered. Guaranteed perfect. Will pay for its cost many times over in its economic consumption of ice.

See dimensions of various sizes below.

Money Refunded if not exactly as described. The Greatest Refrigerator Value ever Offered.

Made entirely of heavy galvanized sheet steel with nickel trimmings. It is a metallic refrigerator without a single stick of wood even as large as a tooth pick in its construction. Positively will not warp, shrink, swell or decay. Being cylindrical in form, has no nasty corners to clean out. Has adjustable revolving shelves. Guaranteed to maintain a low temperature and absolutely dry atmosphere. Absolutely the most practical of its kind made.

Owing to scientific circulation, as well as thorough insulation, they are great savers of ice, therefore the most economical to buy.

NOTE: These refrigerators are provided with 1 1/4 in chair space between walls; are packed with genuine Maltha and asbestos, the combination of which, while more expensive than the ordinary material used for like purpose, is much more efficient and the most practical to be found.

The fact that retail dealers are purchasing these from us at our extraordinary low prices is proof conclusive of the lowness of our price and the quality of these articles. To clearly demonstrate our ability to undersell all on these articles, we urge you to price this same article at any retail dealer. This is the most convincing argument we can put forth as to the wonderful value we offer.

240 ELEGANT KITCHEN CUPBOARDS

AS ILLUSTRATED BELOW—SECURED AT A RECENT RECEIVER'S SALE. OFFERED AT RIDICULOUSLY LOW FIGURE

LOT No. 656-14. A massive wood panel Kitchen Cupboard, exactly as shown in illustration. It is made of selected quality of highly figured poplar wood, which is one of the most desirable woods that can be used in the manufacture of an article of this kind. It is finished in a rich shade of golden and is a highly desirable piece of furniture from every point of view. We particularly call your attention to the spacious dimensions of this cupboard, which insures an immense storing capacity, and makes an ideal article for a kitchen, sufficiently large enough to accommodate a generous assortment of articles required in the kitchen. It measures 6 feet 8 inches in height and 39 inches in width. It has full end panels, which are rigidly braced. The entire frame is constructed in the most durable manner and in such a way as to be practically indestructible as far as hard usage is concerned. The entire front is artistically shaped and is surmounted on top with an elaborately carved top panel, which shows up very richly. No detail has been omitted to make this article absolutely perfect from every point of view. Underneath the cupboard section is situated two divided drawers, very convenient for the accommodation of silverware, etc. Underneath the drawers is situated a large compartment fitted with two paneled swinging doors. Both the top and bottom compartments are fitted with the best quality locks. This article will prove a beautiful ornament to any kitchen and will not only add to the attractiveness of it but will, because of the convenient arrangement of the spacious interior, also save a great deal of unnecessary labor. We particularly advise the purchase of a cupboard with glass doors, but if you do not wish to display any dishes this will fill your requirements as well as the other. Shipped K.D. Price, Weight about 100 lbs.

A WONDERFUL VALUE

LOT No. 622-14. The elaborate manner in which this Kitchen Cupboard is constructed can hardly be determined from the accompanying illustration. To fully appreciate the beautiful finish and the superb workmanship in it, you must see the article itself. It is made with full end panels which are securely braced to the interior construction. The entire frame is rigidly mortised and joined in a thoroughly substantial manner and is built to give a lifetime service. The large cupboard has two shelves and is fitted with two double strength glass swinging doors which lock. Two drawers, very convenient for the accommodation of silverware, etc., are securely fitted beneath the upper cupboard. Under these drawers is a large compartment fitted with two paneled swinging doors which also lock. This Kitchen Cupboard measures in height, 6 feet 8 inches and is extra wide. The glass doors measure 28 x 12 inches each. It is made of the best quality selected, highly figured poplar wood and is finished in a rich shade of gold. Shipped K. D. Price, Weight about 100 lbs.

A NOTABLE KITCHEN CABINET BARGAIN

From the Stock of a Bankrupt Kitchen Cabinet Manufacturer. Indispensable to the Convenience of Every Home.

\$13.85

The
Greatest
Kitchen
Cabinet
Bargain
Ever
Offered

Particularly note the exceptionally massive construction of this extraordinary value. It is seldom that a Kitchen Cabinet as here illustrated is sold at such a stupendous reduction below manufacturing cost. Our price is only made possible by an immense purchase of a bankrupt manufacturer's stock at a recent Receiver's Sale. We feel that this is an unprecedented opportunity for our customers who contemplate the purchase of a Kitchen Cabinet one that is something out of the ordinary and one that you should not neglect to seriously consider. When you can get such a remarkably fine Kitchen Cabinet as is here shown, at a price you must acknowledge, after a comparison with any offered on the market to be the most amazing bargain ever displayed, you should not hesitate a moment in placing your order before the limited quantity in stock are sold out. We cover each transaction with our binding guarantee of satisfaction, so you run absolutely no risk whatever. Order this Kitchen Cabinet with the positive assurance that it is the most astounding Kitchen Cabinet value ever heretofore presented to you.

Lot No. 7-15. We call your especial attention to the drawer and door construction of this unexcelled Kitchen Cabinet which is practically the most convenient labor-saving device that has ever been offered to you. The workmanship is so absolutely perfect that there is no possibility of either doors or drawers sticking in a damp atmosphere, such as is of frequent occurrence with a great many cheap grades of Kitchen Cabinets with which the country is flooded. The drawers work very loosely in the sides yet when closed are positively dust proof. There is no opportunity for any accumulation of dirt in any of the crevices which is a point you should not overlook. No detail in the construction of this Kitchen Cabinet was too small to be carefully considered. We regret that the illustration cannot show up the Kitchen Cabinet to its full beauty. From the engraving you

can merely get an idea as to the general outline of the article itself. To fully appreciate the superb workmanship, beautiful grain of the wood and the extra fine finish you must see this Kitchen Cabinet itself. It is made of the very finest quality of selected stock finely figured solid golden oak, thoroughly seasoned and kiln dried, and finished in a superior manner. It is a Kitchen Cabinet of massive proportions, measuring 85" in height. Thus as you can appreciate an unusually tall Kitchen Cabinet. Kindly take note that the base of this Kitchen Cabinet is the most practically arranged that has ever been placed in an article of this make. It is complete with all the necessary drawers and labor saving conveniences that are so desirable about a kitchen. The top measures 56" in height, and is 46½" in width, while the depth is 1½". Notice the large open space above the table, which is 14" in height and which gives absolute freedom in the use of the table. Brackets are fitted to each corner which are very convenient for the placing upon of smaller articles, etc., that you wish out of the way while using the top. The cupboard sections are fitted with double strength glass swinging doors, which are fitted with the best quality locks. A spacious compartment between the cupboard arrangement is fitted with a panel door, beneath which are three spacious drawers, very convenient receptacles for spices, etc. One of the large bins shown in the base is divided, so that it may be used for sugar and flour, while the other is without partitions, a very practical arrangement for the accommodation of vegetables, etc. The drawer to the right in the Kitchen Cabinet as shown in illustration is partitioned for the separation of knives, forks, etc. The kneading board can be taken out and cleansed whenever desired. A beautiful shaped panel surmounts the top, which greatly adds to the attractiveness of the design. The trimmings on the cabinet are of the very finest quality solid cast brass, neatly ornamented. Shipped K. D. If you wish to take advantage of this opportunity do not delay too long in ordering. Values equal to this usually meet with heavy demand, and from all indications at the present time this stock will be disposed of very rapidly. Place your orders now, and profit by a manufacturer's loss. By ordering a Kitchen Cabinet now you are assured of a positive saving of over 60 per cent. Price Complete as illustrated. \$13.85

\$12,000 Bankrupt Manufacturer's Stock of High Grade Kitchen Cabinets Offered at 30 per cent Below Wholesale Cost.

Below We Feature the Most Astonishing Kitchen Cabinet Bargain Ever Offered.

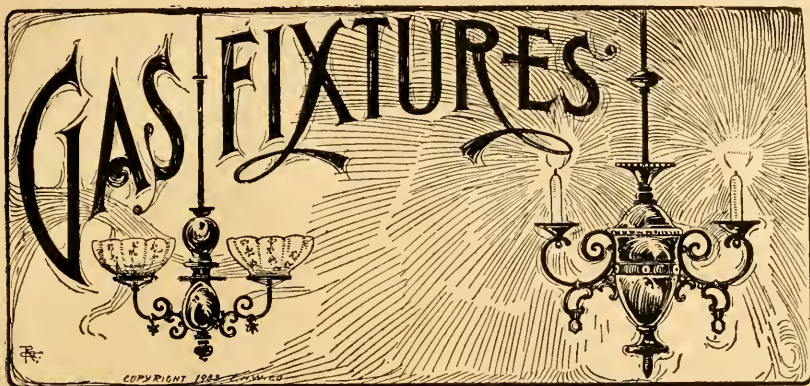

Lot No. 61-16. A Kitchen Cabinet that is positively the finest and most conveniently arranged ever manufactured. It is made of thoroughly seasoned and kiln dried white oak, finished in a rich shade of gold. The entire top and base is rigidly mortised and joined in the most substantial manner, and is put together in such a way so as to guarantee an indefinite construction capable of giving a lifetime service. The base is made with a plain white wood top which is very desirable, because of the ease with which it can be cleansed after using same. This Kitchen Cabinet measures 6 ft. 9" in height, 48" in width and 28" in depth. Kindly pay particular attention to the convenient arrangement of the drawers, cupboard, and receptacles in the base, which are capable of immense storing capacity. Kindly note that this Kitchen Cabinet is not put together in a flimsy manner. Every door is paneled and rigidly mortised so as to be practically indestructible as far as hard usage is concerned. The covered section is fitted with two doors, having the heaviest double strength glass, fitted with the best quality castings. Each of these doors have a spring lock and catch. This Kitchen Cabinet provides a spacious accommodation for all food products in daily use in the kitchen, and will save the housewife many tiresome and unnecessary steps. You surely cannot afford to be without a Kitchen Cabinet when you can purchase such an elaborate design as here shown at the remarkably low price we ask. All drawers, flour bins and sugar bins are carefully fitted and positively will not warp or stick. The sides of the top are fully paneled, and the construction of the doors, frames and shelves in the cupboard section is absolutely perfect. The center cabinet, situated in the cupboard between the two glass doors, has a full paneled door and is very convenient as a receptacle for smaller articles necessary about a kitchen.

We find it impossible to feature our entire purchase in this catalogue. It would necessitate a delay of several weeks. Our new catalogue will contain the complete stock. Write for a copy. It's free.

\$7.60

Above this cupboard are three spacious drawers, very convenient for the accommodation of spices, etc. The base contains a large double drawer cupboard, which has large shelf space. The bread board fits directly over the drawer section of the base, and can be extended to full length or taken entirely out and cleaned and washed whenever wished. The flour bin is very spacious and will hold a large amount of anything that you wish to place in it. This Kitchen Cabinet must be seen to be appreciated. To fully describe the merits of this extraordinary value it would require pages. The illustration here shown will give you a faint idea as to the elaborate manner in which it is constructed. All who contemplate the purchase of a Kitchen Cabinet should not overlook this value. Our fortunate purchase of a large bankrupt stock, as mentioned above, enables us to offer you this Kitchen Cabinet at a price unprecedented in all the history of high grade kitchen cabinet manufacture. You will find a kitchen cabinet a most artistic ornament to any kitchen, an article which greatly enhances the attractiveness of any home in which it is placed. It will save you fully 50 per cent. of ordinary worry and labor unnecessarily spent in the kitchen by not having the articles always convenient when wanted. With a Kitchen Cabinet it is entirely different. You have a place for everything and can have everything in its place. Thus you will be surprised to note how much time you will save by adding one of these highly desirable handsome pieces of kitchen furniture to your home. It is finished in such a manner as to perfectly harmonize with the most luxurious surroundings. A few of the lot we purchased are without tops, and we are making a special price on these that you will find it to your interest to consider in case you do not wish to buy the entire cabinet just at present. Regardless of cost, you cannot get a more convenient or substantially built Kitchen Cabinet, even though you pay \$100. This is the very finest and most practical arrangement ever provided or placed in a Kitchen Cabinet. Price, complete as illustrated. **\$14.95**

WASHING MACHINES FROM RECEIVERS' SALE.

These Machines are the Greatest Labor, Time and Clothes Saver Ever
Invented. No Steam, Damp Walls or Wet Floors.
Somewhat Shopworn, But in Good Operative Condition.

LOT No. 39.

This wonderful invention makes washday a pleasure, washing a whole tub full of clothes in less time than a single garment can be washed on a washboard in the old way and with almost no work at all. It runs so easy that a little child, eight or nine years old, can run it as easily as a grown person, in fact it almost runs itself. Best of all, it washes the clothes to snowy whiteness without rubbing or wearing. It does not tear off buttons, and does not fray the edges. Washes heavy rugs and blankets just as easy as hand-

kerchiefs and napkins. Does not let the foul steam escape and does not slop the floor. It is an entirely new invention and operates on a new principle, washing clothes, not by dragging them back and forth through the water, as other washing machines do, but by forcing the boiling suds through and through every mesh and fibre of the clothes in a perfect cataract.

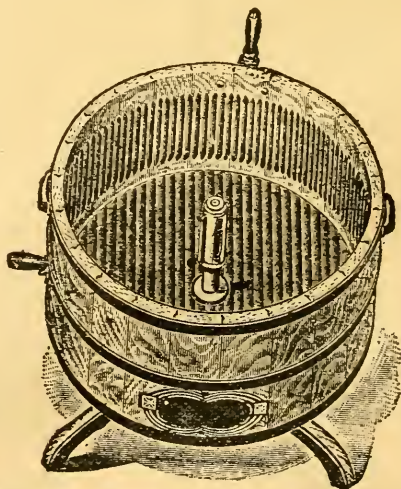

You can sit in an easy chair and swing it just as easy as standing. The heavy steel motor spring underneath the tub does almost all the work. You grasp the operating handle and swing it in either direction. The motor spring stops it and swings it back the other way with a quick reverse movement. The tub travels one way about one-third of a revolution and the motor spring swings it back again. Back and forth the tub swings with just a little help from you at each swing. You can swing it fast or swing it slow, just as you like it. All the while the great cleansing currents of boiling water are forced through and through every fibre and thread of the clothes inside the tub by centrifugal force and suction and washes them to a snowy whiteness.

THE TUB is generously large in size, measuring 23½ by 12 inches and is built with the large end down, so you have the most room where you need it, at the bottom where the water and clothes are. It is built throughout of selected red Louisiana cypress, which grows in the southern swamps, and will resist the action of water acid, and chemicals better than any other wood known to man. The tub is corrugated on both the sides and on the bottom inside, very much like a washboard. These corrugations help to clean the clothes that come in contact with them by gently rubbing them. This rubbing is not the hard, violent kind that they usually get on the washboard, as the clothes are swimming in the boiling water and are only gently stirred by the motion of the agitator and tub. The boiling currents forced through the clothes do practically all the cleaning. The heavy iron brace is fastened securely to the bottom of the tub on the outside which prevents any tendency of the bottom of the tub to warp. Into these braces are screwed the sockets in which the agitator runs and as the top is above the water line a perfect water tight joint is secured. The machine rests upon three

heavy hardwood legs securely bolted to heavy iron sockets and will stand on any floor no matter how uneven. It is finished throughout in the natural color of the wood with one coat of filler and two coats of varnish. All screws, nails and iron parts inside the tub are heavily galvanized, making rust spots on the clothes impossible.

THE STAVES are cut from 1-8 inch stock and finished full ½ inch thick, making a much stronger tub than in other washing machines. The tub is bound with three steel hoops 1½ inches broad and of ample strength and owing to its shape, they can never fall off. Notice in this illustration how the staves are tongued and grooved together at every joint. Then, too, every joint is set in water proof cement, the bottom is also set in waterproof cement and at the point where the center post passes up through the bottom of the tub it is screwed down solid upon a heavy water proof gasket, making a tub of the kind that doesn't leak.

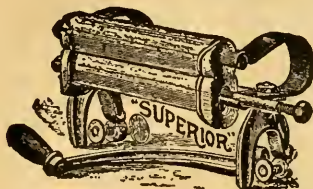

THE COVER does not need to be heavy, because it is not intended to support five to twenty-five pounds of cast iron gear wheels as in other washers. It simply keeps the steam in the tub and helps to hold heat in the water. It is made of light material and cross-braced underneath, so that it has ample strength and will not warp. It is so light that a little child can handle it without effort. Removing the cover and the rubber you have the tub open the full width of the top so that you can attach a clothes wringer to any convenient place on its rim and after setting the brake underneath, which holds the tub stationary, wring out the clothes.

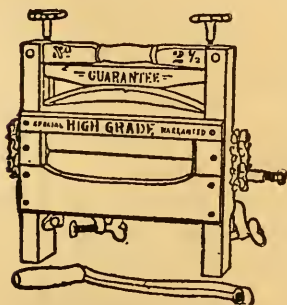

THE AGITATOR OR RUBBER sets down upon the center post which passes up through the bottom of the tub and adjusts itself automatically for any quantity of cloth from a few pieces to a tub full. It is built of a clear two-ply lumber with hardwood cleats radiating out from the center on the underside and is provided with perforations to permit the water to pass through it freely. A rustless galvanized cleat, fastened to the agitator by screws, prevents warping and forms the bearing for the center post. It is also provided with two galvanized steel lifting rings for raising it out of the machine. The agitator does not drag the clothes, but gently stirs and turns them, so that every part of them is subjected to the cleansing currents of boiling water which passes through and through them, not once or twice, but hundreds of times, washing them cleaner and better than you could do it by hand and washing a tub full in less time than it would take to wash a single piece on the washboard.

COMBINATION STEP LADDER AND WASH TUB STAND.

Cut No. 1.

We bought at a sale two car loads of these improved wash tub stands. They are indispensable in every household.

They are made of hard wood, strongly built and will last a lifetime. Cut No. 1 shows the wash tub stand ready for use. To use the step ladder all that is necessary to do is set it up as an ordinary step ladder, and by pulling the foot out or spreading it and this held in its proper spread by the safety chain.

To use as a tub rack or stand put the hand under the second step from the top, raise the slide. Put in the slide out of the crutch casting and drop the steps down until it is held by the automatic step catch, when it is in a position to put the tubs on, one on each side, and the centre piece is made for the wringer holder.

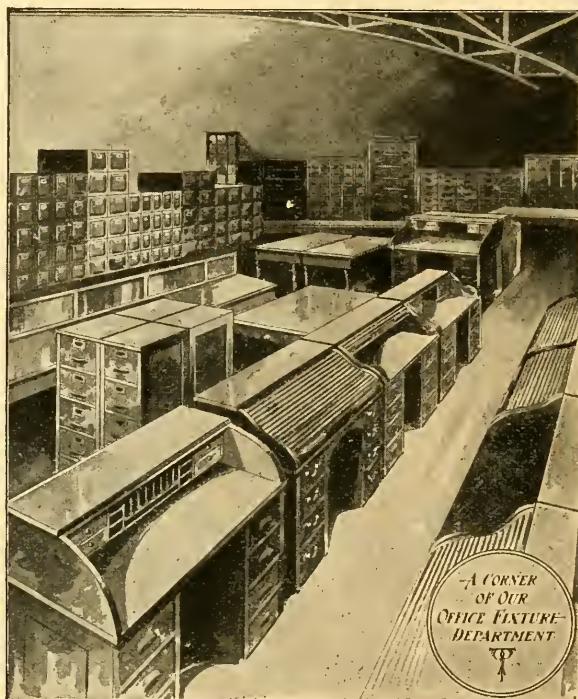

To close up pull out the spring catch and fold up

It can also be used as a display stand in retail stores for baskets, boxes, etc. As a step ladder it is 45 inches high. When used as a wash tub stand it is 24 in. wide by 48 in. high.

MR. BUSINESSMAN:—

Here's a plain statement of facts. The Chicago House Wrecking Co. is constantly buying high grade Office Desks and Furniture at various Manufacturers' as well as at Sheriffs' and Receivers' Sales.

This means that we can supply you with everything you need in your office at a very great saving. There is no limit to the amount you can save. We especially urge that at your convenience you visit our main display rooms at 35th and Iron Sts. in Chicago and gaze upon as large a display of high grade Office Desks as can be seen anywhere. The very best factories of America contribute to our stocks.

Sometimes it is from Underwriters' Sales. Quite an amount of the Office Furniture we have on hand represents rebuilt material that is absolutely new and that was originally slightly damaged by fire or water. Three such stocks recently came into our possession. The major portion is strictly clean, brand new merchandise. We can furnish your office with everything needed to do business with except the business.

This catalogue was complete at the time we went to press, but as we are constantly adding to our stock we unquestionably have received much additional material. In the event you cannot make selection of your needs from this book, send us a memorandum of just what you require and we will be glad to make you our very lowest estimate. We guarantee you absolute satisfaction. When you buy from us it is a certainty you will get what you are bargaining for. In the event you find it to the contrary we will most certainly protect you as outlined in our broad and binding guarantee.

All goods are packed and shipped with the utmost care. Long experience has taught us the necessity of this and the goods will come to you correct and exactly as described.

As our line includes besides Office Furniture general supplies such as Machinery, Hardware, Plumbing and in fact every required line, there ought to be but little difficulty for you to make up quite a large order, and if you haven't one of our General Catalogs in your possession showing our regular line of merchandise we would be pleased indeed to send you a copy of same. It is cheerfully mailed without charge on application.

We also issue several special catalogs and pamphlets, which we mail according to your needs. All prices are strictly net cash and goods are quoted subject to prior sale.

CASH REGISTERS.

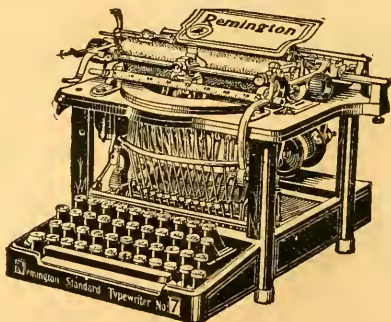

We have a large number of Brand New Cash Registers on hand which we wish to close out at once. In order to insure a speedy disposal of these machines we're quoting them at far below regular selling prices. If interested, write

for descriptive circular and special prices.

GAS FIXTURES.

We have just issued a bargain circular of Gas Fixtures illustrating and describing hundreds of wonderful bargains. Every house builder should write for a free copy. The lowness of the prices and the high grade standard of the goods will certainly surprise you. Give us a list of what you require and let us figure with you. Ask for list McC-7.

TYPEWRITERS.

In dismantling Expositions, Buildings, etc., we frequently come into possession of high grade typewriters embracing the most standard makes and latest models.

Instead of disposing of these typewriters to dealers in lots we are giving our customers the privilege of purchasing any of the machines we have in stock at the same price we would quote a dealer in large lots. We do not intend to make a large profit on these articles but rather sell them through our catalog as an accommodation to many of our customers who desire to possess one. These machines are "Rebuilt" and must not be classified with second-hand machines. They are as perfect as when they were first constructed. By putting through the process of "Rebuilding" every defective part of the machine is carefully overhauled and new part supplied to take the part of the worn or damaged mechanism.

Tell us what machine you want and we will be glad to submit prices to you.

OUR CATALOGS AND PUBLICATIONS.

The Catalog that is presented you herewith contains only a record of our conquest in the furniture and kindred lines. It doesn't in any way touch upon our vast business and what it means to you. If you will carefully read what we say below, you will be getting an insight into a merchandising proposition that will mean a real money saving to you whatever your needs.

OUR GENERAL CATALOG.

Under this head we publish a book of some 450 pages containing a general record of our institution. It touches lightly on the subject of Plumbing, Heating, Lumber, Sash and Doors, Building Supplies and Machinery, and in fact traverses the entire line of goods offered for sale by us. It is a record such as every wise buyer must have in his or her possession in order to understand the commercial story of the **Chicago House Wrecking Co.** It contains our net quotations. Nothing deceptive about our offers. No other discounts. We treat you all alike. You come under one general heading to us of the public and it's the public we cater to.

You will find this book a handy companion at all times. It will teach you the spirit of economy and in its most fitful form. It makes no difference whether you are a merchant or laborer, banker or banker, or just an ordinary housewife or woman. You need that book and it will be sent to you cheerfully, provided you ask for it in good faith. It costs us considerable to mail it, but we are more than pleased to send it to anyone who really is interested in it.

OUR BUILDING NEWS.

Here is a pamphlet of 64 pages or more that contains the pith of building information. It is a method we adopt to furnish from time to time information along building lines. It gives you the latest quotations on Lumber, also on Sash and Doors. Tells you about Roofing and everything needed in the construction of an ordinary building.

It is something that any contractor or prospective builder cannot afford to be without. It makes you wise to many points. We mail it regularly free of charge upon application.

OUR BOOK OF PLANS.

Of all our publications nothing gives us more pride than this same "**Book of Plans.**" It is the evolution in the building line that has been the most wonderfully successful of all our past efforts. This Book of Plans contains over fifty designs of the latest and most approved kind of houses, barns and general buildings. It's just the thing for the modest man or woman who longed for a home of their own.

Not only do we give you the designs, but we propose to furnish every article needed for the construction of these buildings and we tell you outright what the cost will be. We can supply Plumbing and Heating and in addition we can furnish complete a set of blue prints and specifications.

This is a handsome publication and is mailed without charge to builders, contractors or home seekers.

HARDWARE NEWS.

This publication is issued by us from time to time and is devoted to articles of Hardware interest. It is intended exclusively for the Hardware Merchants or for the General Store and is not intended for consumers, as it only calls attention to quantities of articles in those lines. If you are a merchant and will send us your business card, we will cheerfully send you this pamphlet and place you regularly on our mailing list.

COLD WEATHER COMFORT.

This book is all its name would imply. It's the means of living in comfort even though your home be on a farm. It's the evolution of the heating idea brought right up to this very minute. It's the means of supplying yourself at a low cost a modern hot water or steam plant. Any man can install it with the aid of our comprehensive instructions.

It also gives you copies of letters received from hundreds of satisfied purchasers in the past. If you will send us a sketch showing the general construction of your building, we will estimate the cost of a modern heating plant.

Besides covering the question of Heating this book goes deeply into the question of the Water Works Systems for the farm. We can furnish you a plant to supply you with water, just the same as though you lived in the city and at prices ranging from \$48.00 up.

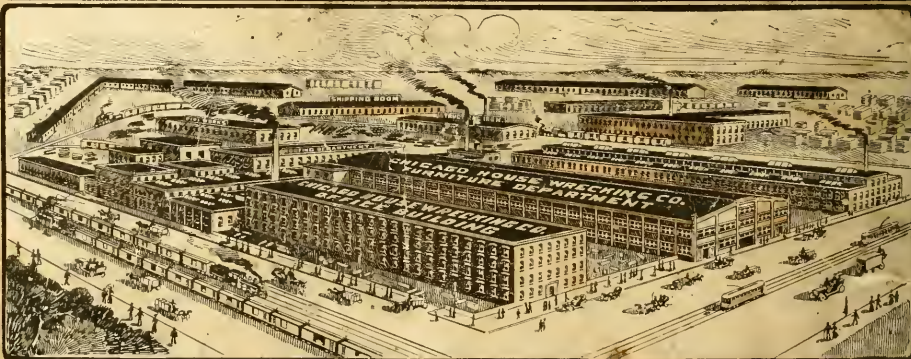

This book also contains many salient facts bearing on sanitation. It tells you the correct method for the installation of your Heating and Plumbing.

MANY OTHER PUBLICATIONS.

We also issue from time to time pamphlets such as "**Machinery News,**" "**Structural Iron News,**" "**Furniture News**" and pamphlets devoted to specific lines. You are safe at any time in writing us your wants. Chances are we have your needs in stock and we will sell you your requirements at genuine "**wrecking prices.**"
